 DEMO DAY

THE GRAND PREMIERE OF
YOUR PROJECT

SHOWCASE YOUR PROJECT WITH PRIDE AND FUN!

DEMO DAY

WELCOME TO DEMO DAY!

YOUR HOST'S WARM WELCOME

Hello, future presenters! I'm your host for today's exciting showcase. Whether you're a little nervous or super excited, remember — every great presenter started exactly where you are now. Take a deep breath and get ready to wow everyone!

LET THE SHOW BEGIN!

TODAY IS YOUR MOMENT TO SHINE!

Get ready to step into the spotlight! This is the grand premiere where you become the star. Your hard work, creativity, and ideas are about to take center stage. Let's make this Demo Day unforgettable!

UTSAV OF SAFALTA — CELEBRATE YOUR SUCCESS!

DEMO DAY

WHAT IS AN ELEVATOR PITCH?

SMALL AND SWEET SPEECH

An elevator pitch is a super short speech — just 60 seconds! It's your chance to explain your project simply and excitingly, like telling a friend about your favorite game.

Indian Context Example: Imagine you're at your School Assembly and you have just 60 seconds to tell everyone about your "Homework Helper" app. That's your elevator pitch!

KEY TIP: BE FAST, EXCITING, AND EASY TO UNDERSTAND!

THE 3 S'S FRAMEWORK FOR YOUR PRESENTATION

START: The Hook

Grab their attention right away! Use a surprising fact, an interesting question, or a short story to make everyone curious about your project.

SHOW: The Demo

The Pradarshan moment! Show your project in action. Let everyone see how it actually works — seeing is believing!

SOLVE: The Impact

Explain why it matters! Tell everyone how your project helps solve a problem or makes life better for people.

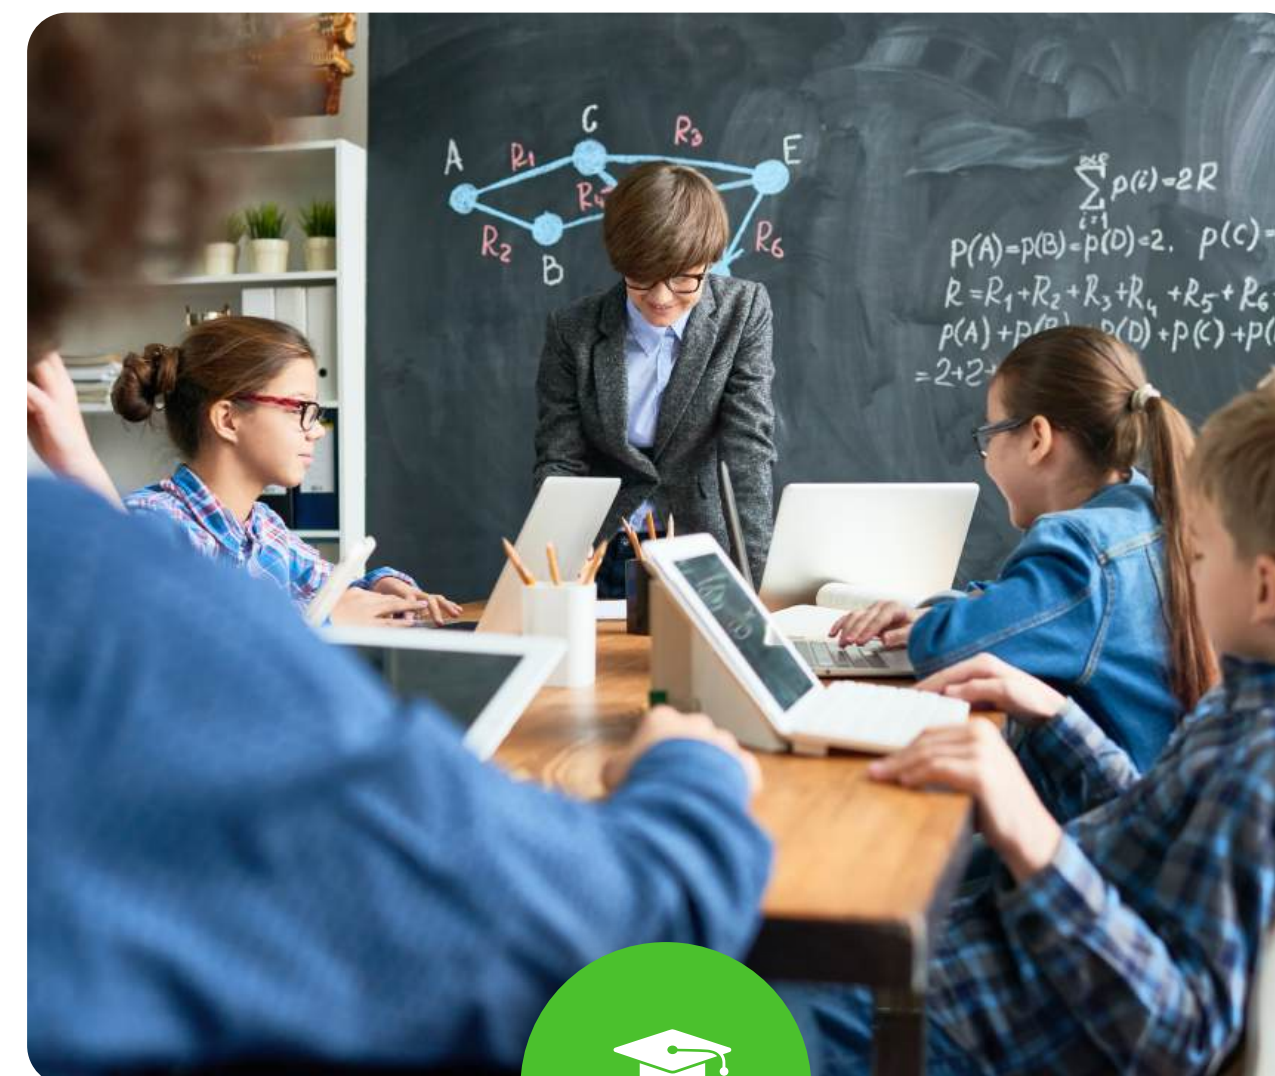

DEMO DAY

THE HOOK –

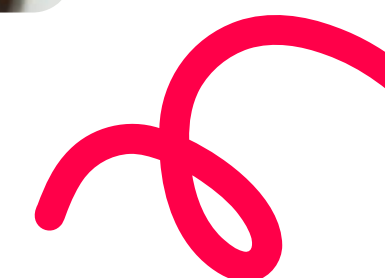

GRAB THEIR ATTENTION!

A great presentation starts with a powerful hook! Use a surprising question, an amazing fact, or a short story to grab everyone's attention in the first few seconds. Make your audience curious and excited to hear more!

60

SECONDS IS ALL YOU NEED TO CAPTURE
ATTENTION WITH A GREAT HOOK!

THE LIVE DEMO THE 'PRADARSHAN'

ACTIONS SPEAK LOUDER THAN WORDS!

Why show instead of just tell?

- People remember what they SEE much better
- Your audience gets excited when things actually work
- It proves your project is real and useful
- You look confident and prepared!

PRACTICE YOUR DEMO 3 TIMES BEFORE THE BIG DAY!

SHOW, DON'T JUST TELL!

Remember the Vigyan Mela? When someone just talks about a volcano, it's okay. But when they make a baking soda volcano actually ERUPT — everyone goes "Waaah!" That's the power of showing your work in action!

MAKE YOUR PROJECT COME ALIVE WITH A LIVE DEMONSTRATION!

DEALING WITH BUGS

THE 'SMART WORKAROUND' MINDSET

If something goes wrong during your demo, stay calm! Explain what happened and share what you learned. Think of it like a magician — if a trick fails, they make a joke and try again. Same with code hiccups!

"Smart workaround is the art of creative problem-solving!" Remember, every great inventor faced bugs and mistakes. The secret is to keep smiling, think quickly, and turn problems into learning moments.

Problem
Solving

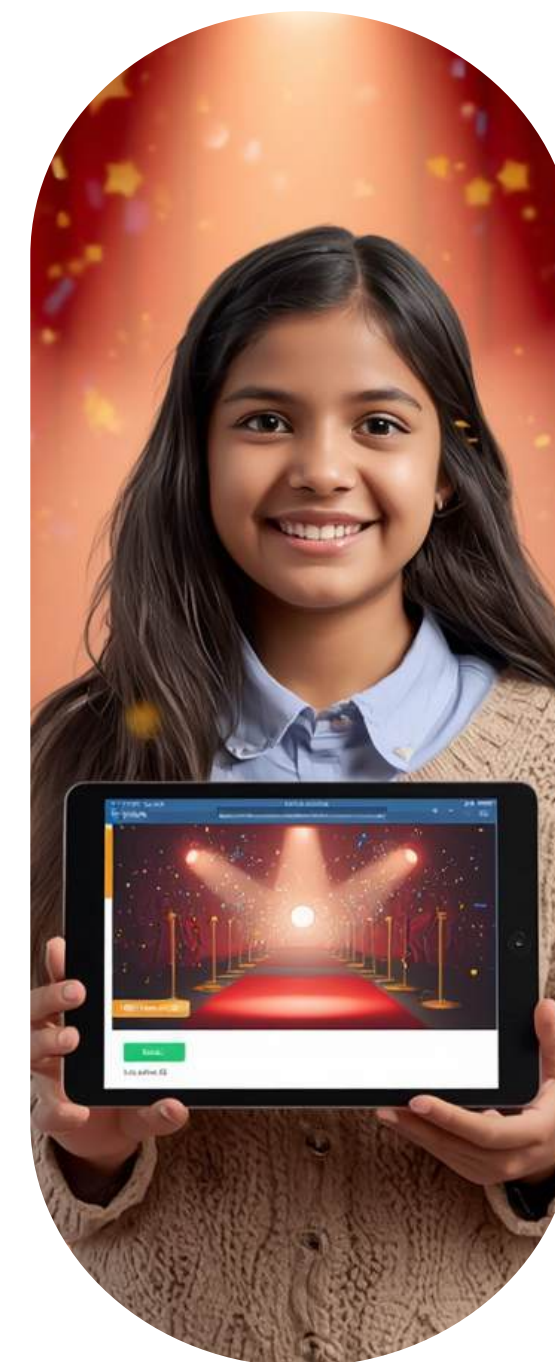

YOUR TURN: THE SHOWCASE

INSTRUCTIONS

GET READY FOR YOUR PROJECT SPOTLIGHT!

It's time for your moment in the spotlight! Follow these simple steps to make your presentation shine. Remember, you've worked hard on your project — now show everyone what you've created with confidence and pride!

- **1 MINUTE TO ANSWER AUDIENCE QUESTIONS CONFIDENTLY**
- **SHOW AT LEAST ONE COOL FEATURE IN YOUR DEMO**

SPOTLIGHT ON STUDENT DEMOS

CONFIDENT SPEAKERS

CREATIVE PRESENTERS

FUTURE INNOVATORS

DEMO DAY

—→

This is your moment to be the star!
Every presentation you give builds
your confidence and skills. Today,
we celebrate your hard work and
creativity!

—→

Watch your classmates shine as they
share their amazing projects. Cheer
them on, ask great questions, and
remember — every presenter is a winner
today!

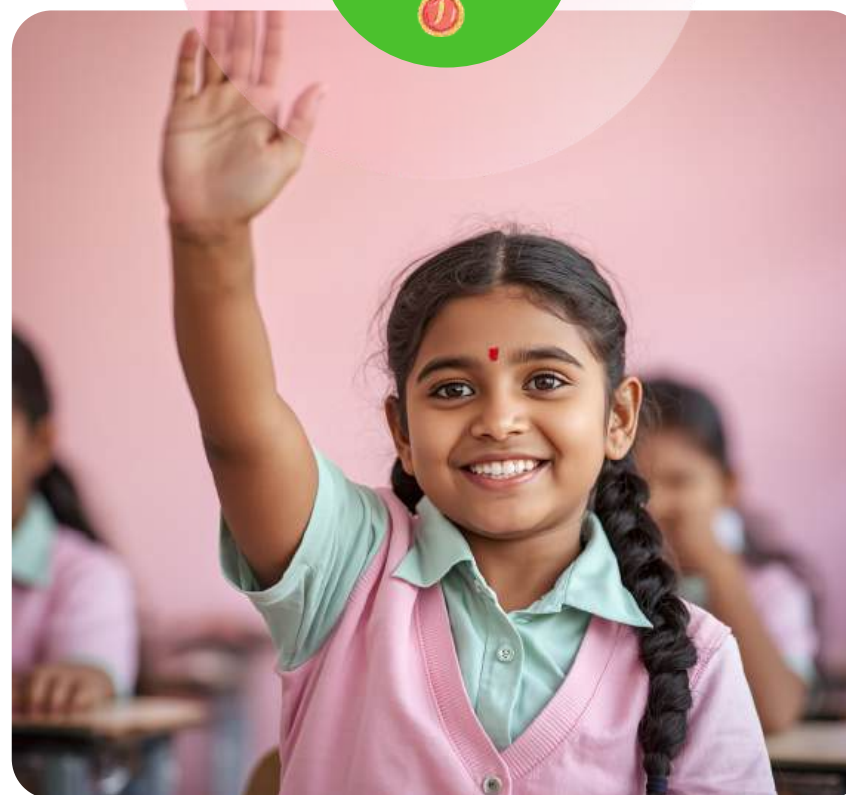

MASTERING Q&A

ANSWER LIKE A PRO!

4 TIPS

Listen carefully before answering any question. Keep your answers clear and simple — no need for long explanations! It's perfectly okay to say "I'll find out" if you're unsure. Most importantly, smile and stay confident throughout!

BE CONFIDENT, BE CURIOUS, BE YOU!

DEMO DAY

REFLECTING ON YOUR LEARNING JOURNEY

From First Idea to Final Build

Think about where you started and how far you've come. What new skills did you learn? What challenges did you overcome? Every step taught you something valuable!

Your Proudest Moment

What made you feel most proud during this project? Was it solving a tough problem? Helping a teammate? Seeing your idea come to life? Celebrate your achievements!

Skills for Next Time

How will you use what you learned in future projects? Think about the coding, teamwork, and presentation skills you've gained. You're ready for even bigger challenges!

12 + CELEBRATION TIME!

CONGRATULATIONS! YOU ARE NOW
DEMO DAY CHAMPIONS!
