

CODE A DANCE WITH SCRATCH JR

Coding with Indian Dance Moves

LET'S DANCE!

Who has danced at a school
Annual Day or wedding?

DANCE = CODE!

A dance routine is like a computer script.

You are the choreographer AND the programmer!

▶ Step 1 → Step 2 → Step 3

MEET SCRATCH JR INTERFACE

Stage
Where your dancer
performs!

Characters
Pick your dancer
sprite!

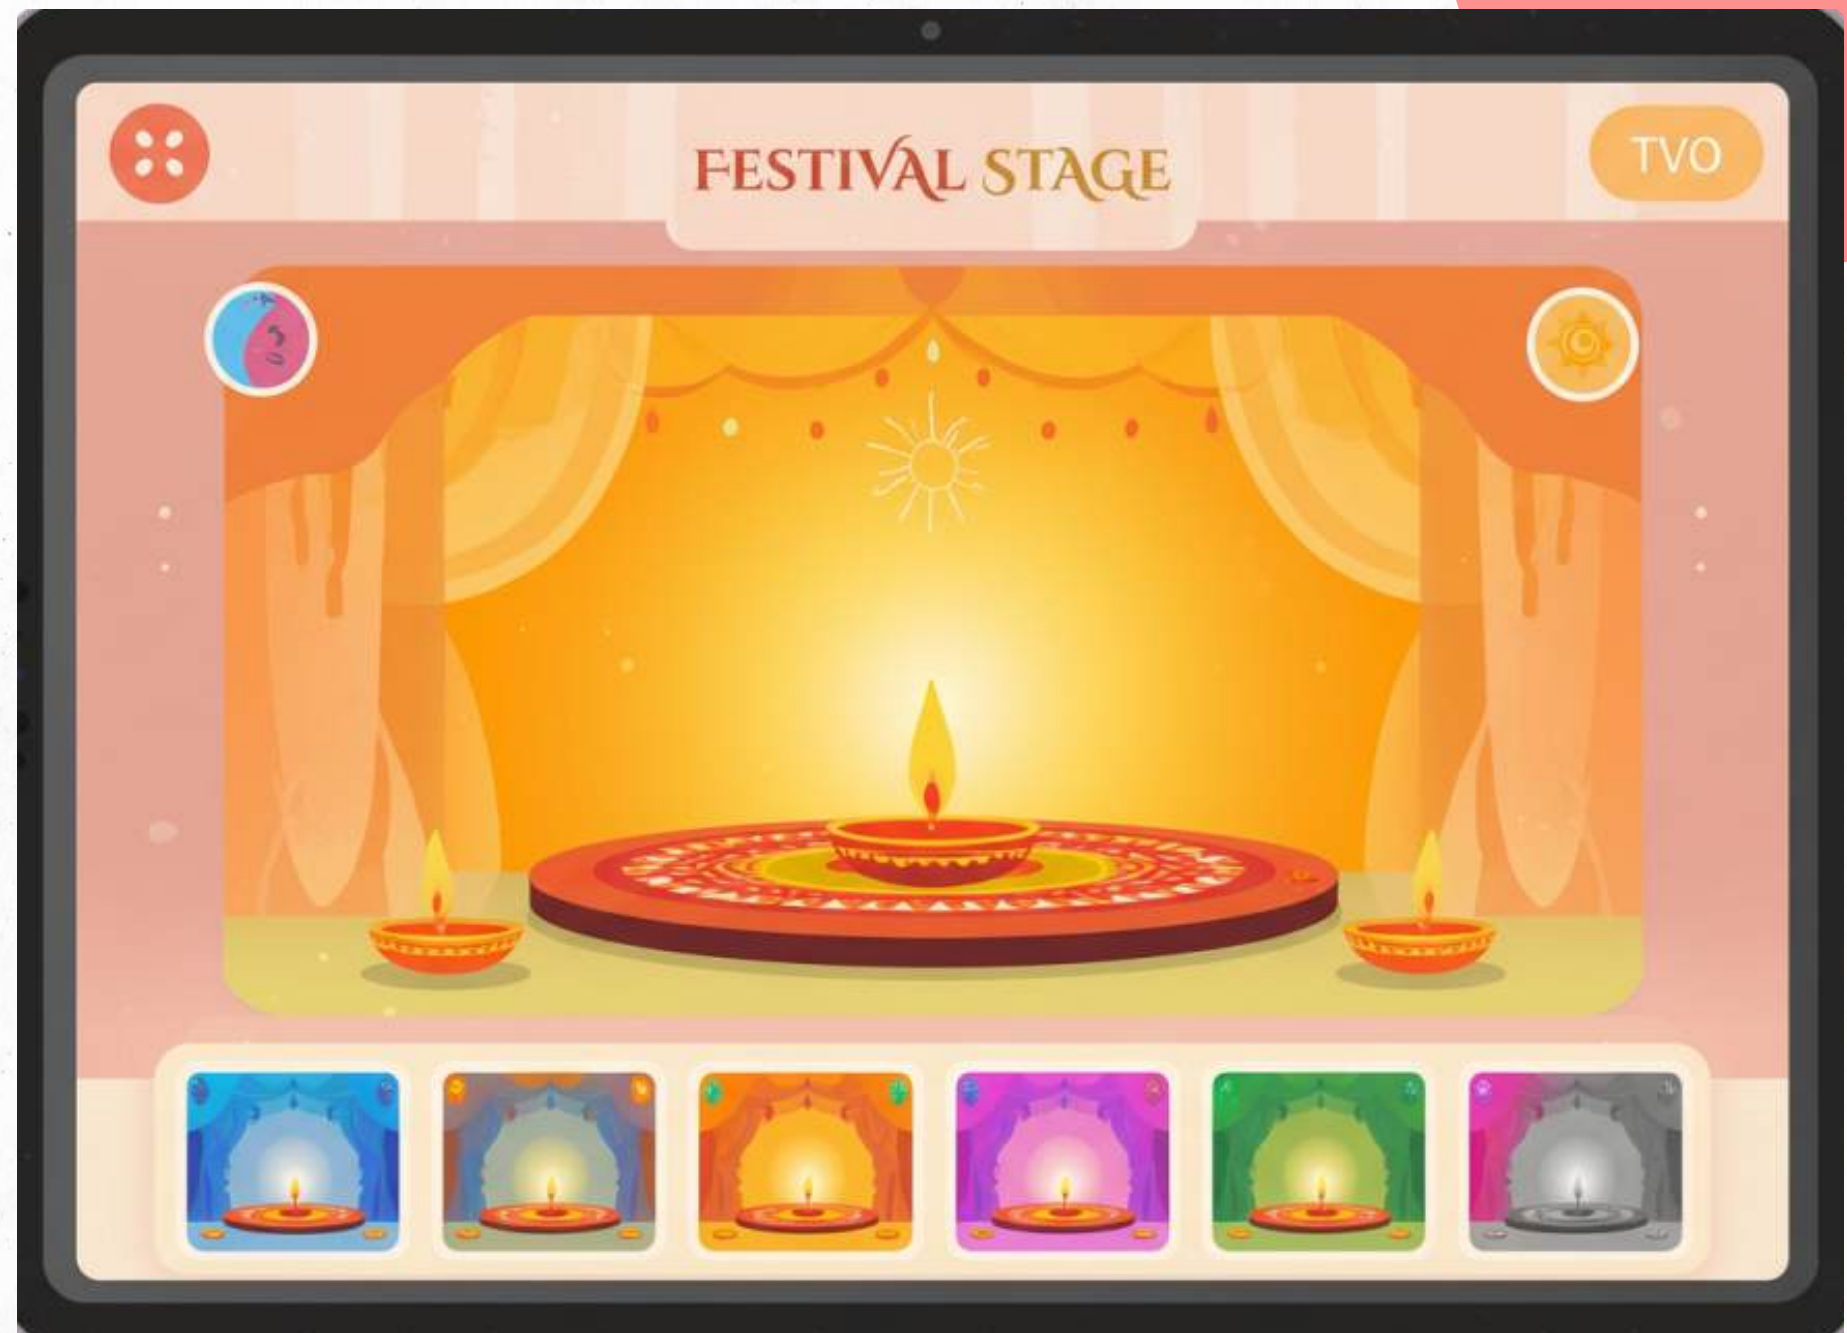

Blocks
Snap them like puzzle
pieces!

Sequence
Blocks run left to
right!

CHOOSE YOUR FESTIVAL STAGE

Pick the Festival Stage background!

Tap the stage and choose a Diwali-themed background to set the scene!

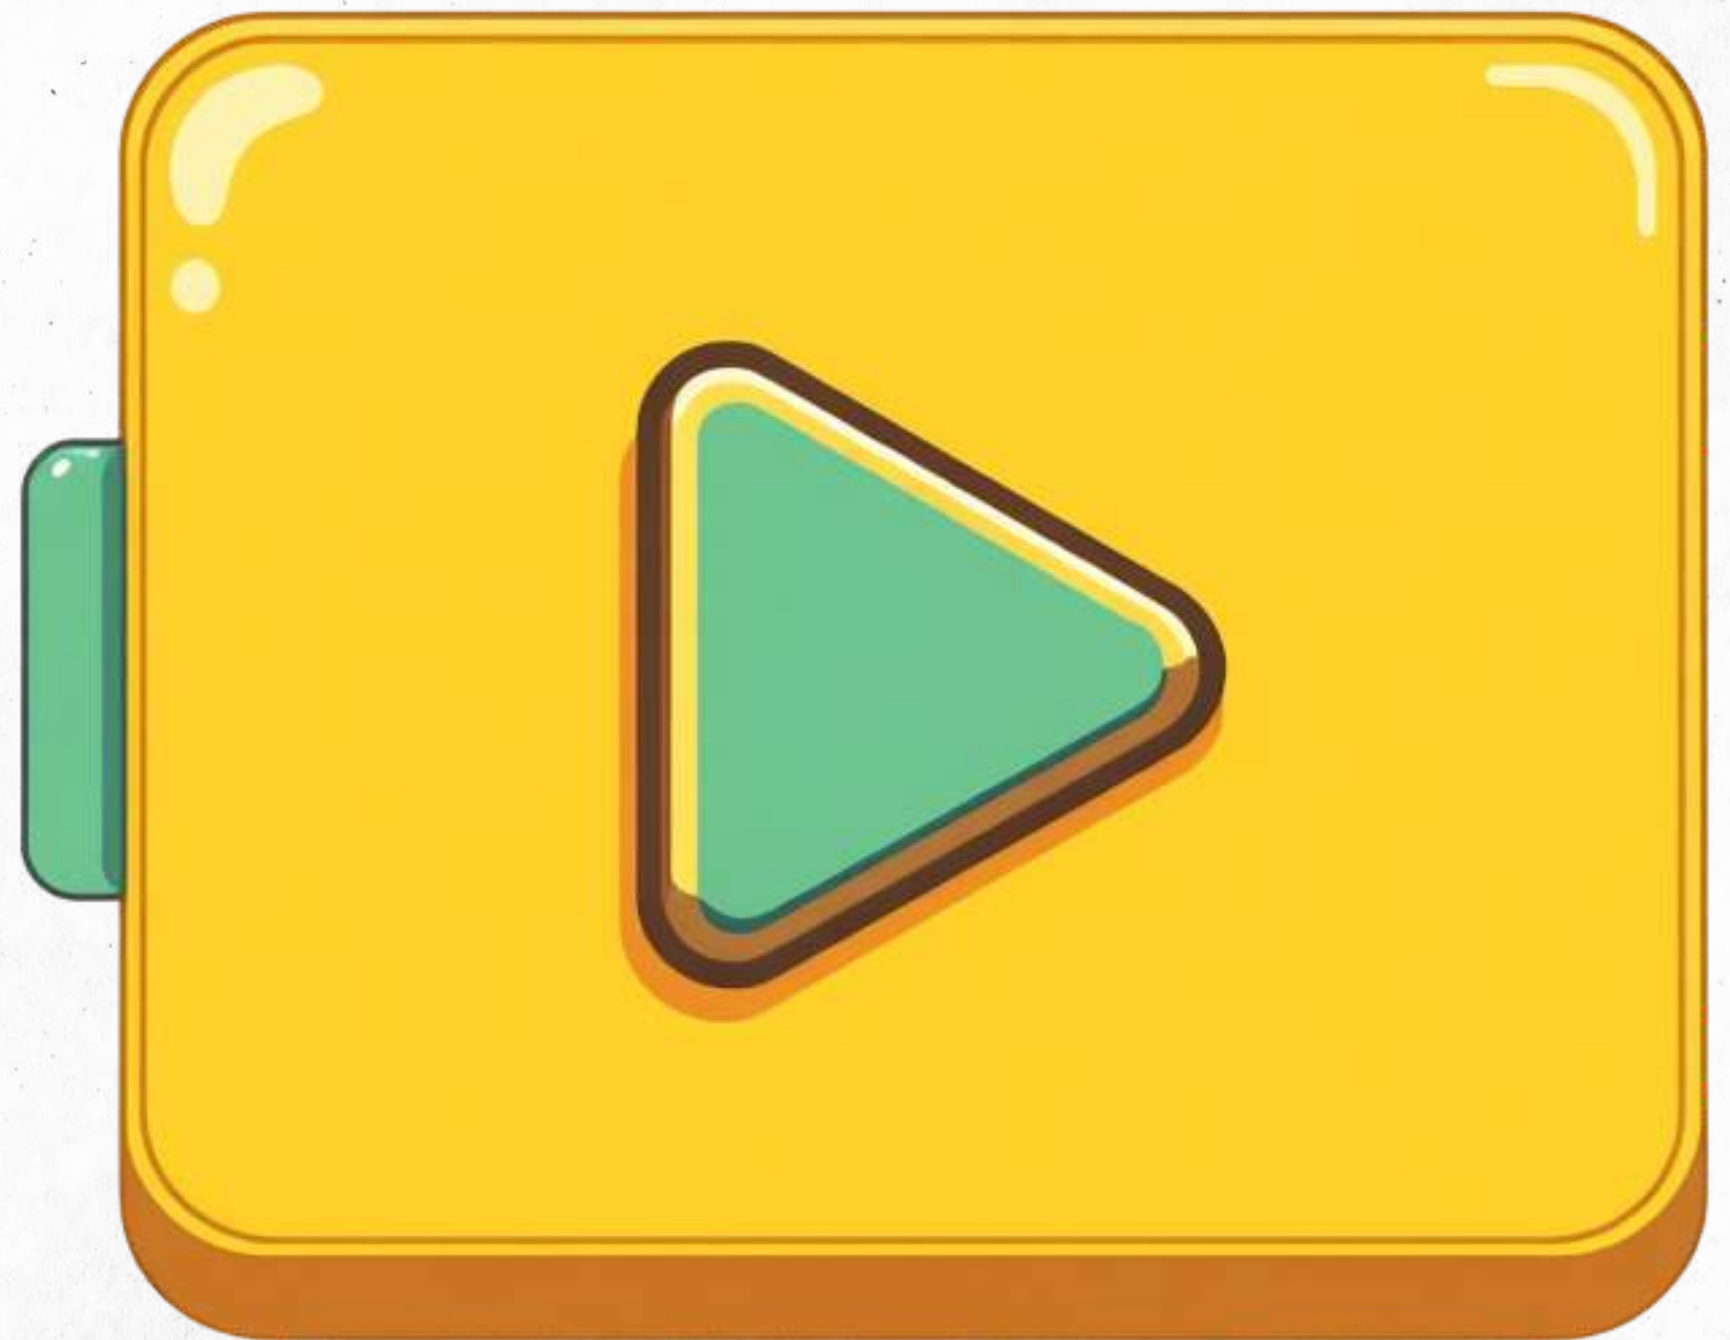

ADD YOUR DANCER!

Add your dancer to the stage!
Kabir in kurta or Ananya in ghagra — you choose!

START BUTTON!

This block starts your dance!
Snap the yellow start block
first in your sequence.
Press the green flag and
watch your dancer come alive!

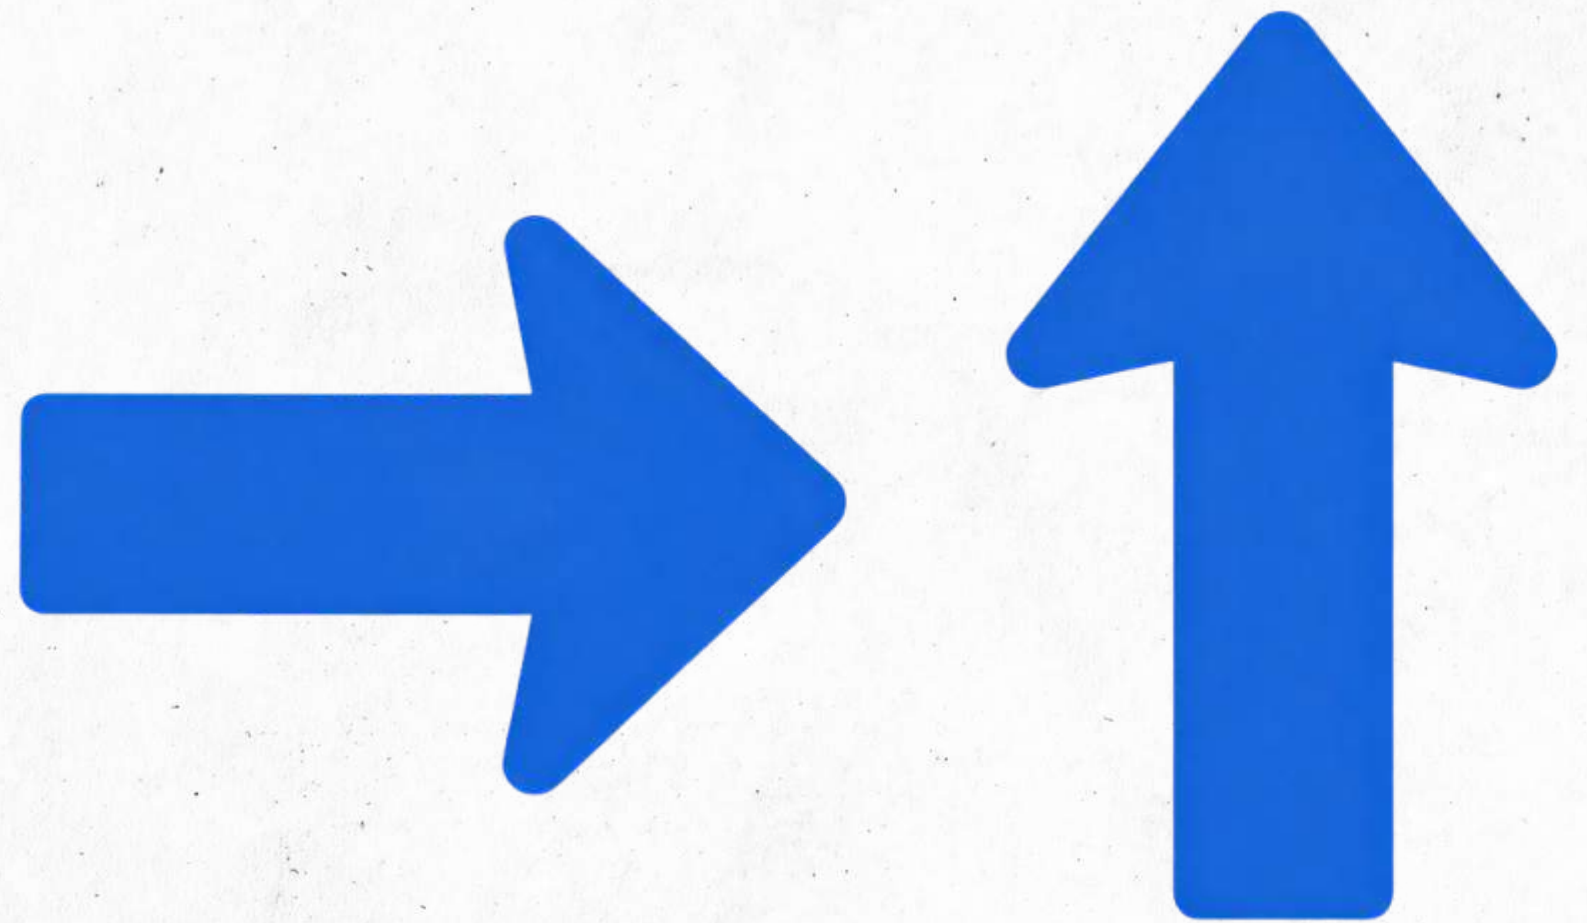

MOVE RIGHT AND JUMP!

Make your dancer move 3 steps right, then jump!

→ Move Right block: change 1 to 3

↑ Jump block: snap it after!

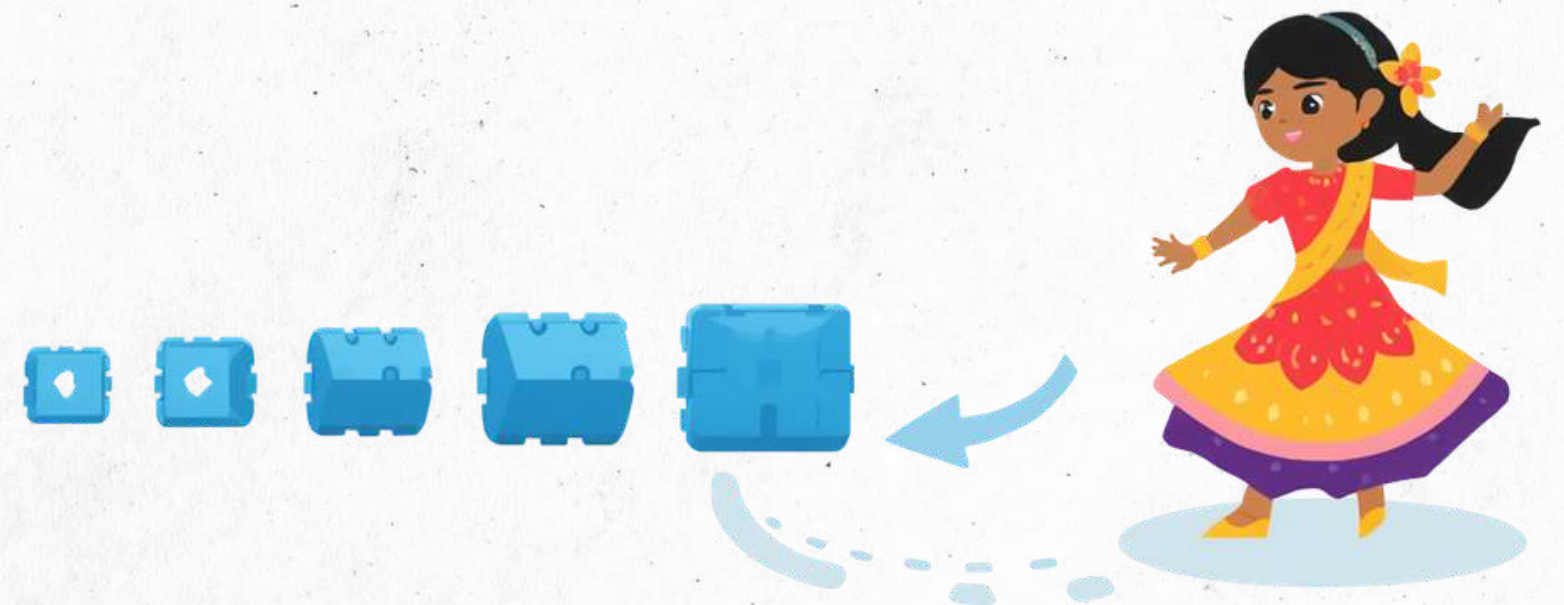

Blocks go left to right — just like a dance!

MOVE LEFT BACK HOME

Now move 3 steps left to return.

Snap the Move Left block after your Jump block — left to right!

REPEAT THE DANCE!

Wrap your moves in a Repeat block!
Like Garba or Bhangra, your
dancer will loop the same steps
again and again.
Sequence + Repeat = a full dance
routine!

TIME TO CUSTOMIZE!

1

Add a second
dancer!

2

Change jump
height!

3

Make your dancer
turn around!

CODING CONCEPTS WITH INDIAN DANCE

Algorithms &
Sequencing: Step-by-
step dance
instructions

Loops & Repetition:
Repeating Garba &
Bhangra patterns

Parameters: Small
or big dance steps

Events: Green flag
starts the dance!

INDIAN DANCE & CULTURE

Bhangra from Punjab, Garba from Gujarat, and Bollywood dances light up Diwali festivals, school Annual Days, and Navratri celebrations. Dance brings us together!

RECAP & SHARE!

1

Use Start
Button to
begin!

2

Snap Motion
blocks left-
to-right.

3

Customize your
dancer's moves!

THANK YOU! KEEP CODING & DANCING!

Keep creating, keep moving, keep coding!
