

CLOCK CHALLENGE

TIME RACES

Missing the Bus!

Arjun missed the school bus!

Meet the Clock

This is the clock face.
Look at the numbers 1 to 12
going around in a circle. Each
number has its own special
place on the clock!

Hands on the Clock

Chotu is the Short Hand (red). He shows the hour!

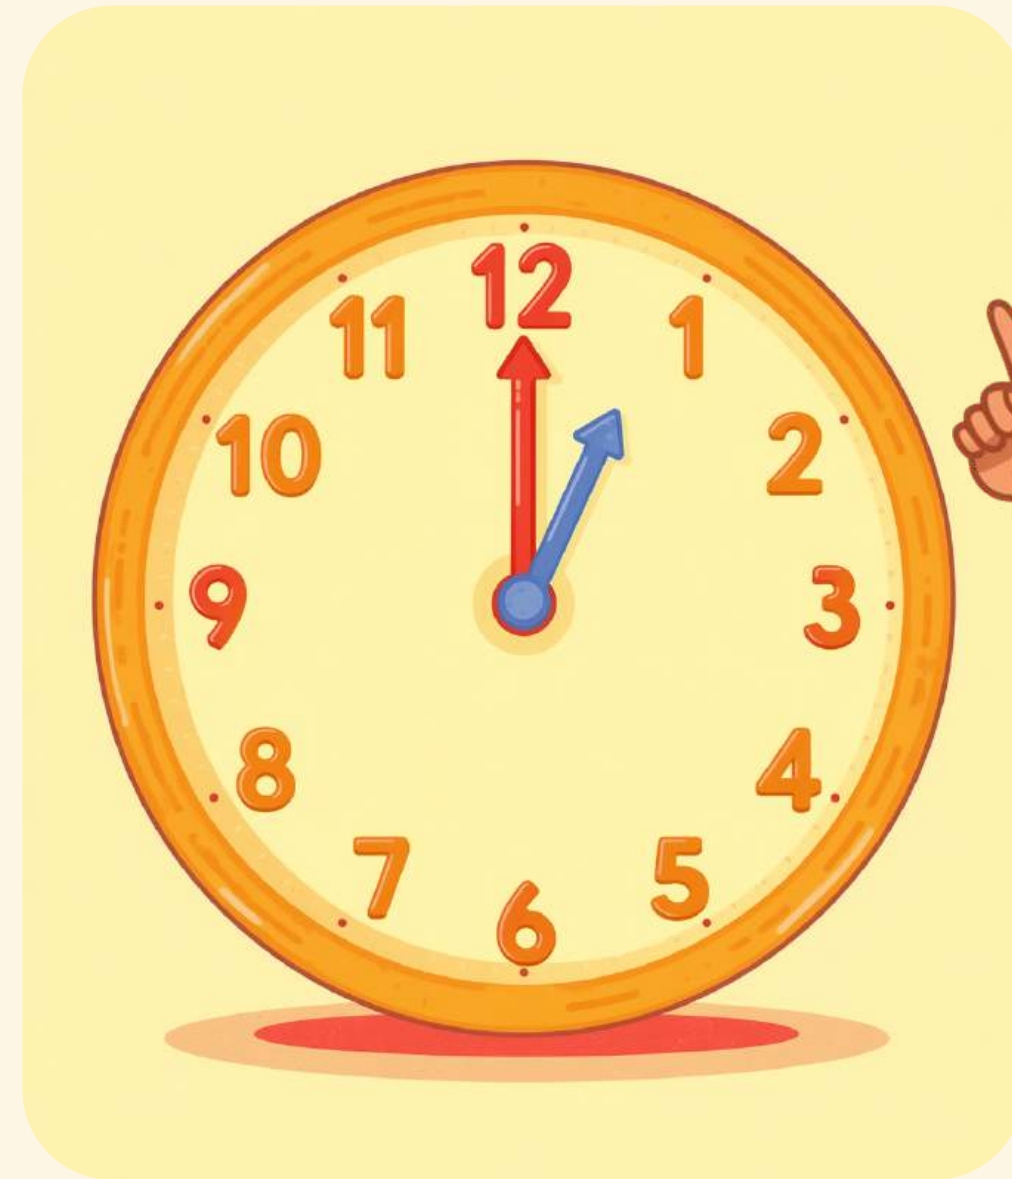

Lambu is the Long Hand (blue). He shows the minutes!

What is O'Clock?

When we say "3 o'clock," we mean "3 on the clock!" Think of it like this: when the big hand points to the 12, and the little hand points to a number, that number is the o'clock. So if the little hand points to the 3, it's 3 o'clock — easy as that!

Teacher Shows Times

7 o'clock – School bus time!
Look at the clock! Chotu (the red short hand) points to 7.
Lambu (the blue long hand) points to 12.
This is when the school bus comes to pick you up!

Teacher Shows Times

12 o'clock – Time for lunch!
Look at the clock! When Chotu (the red short hand) points to 12 and Lambu (the blue long hand) also points to 12, it's 12 o'clock.

This is when we eat our delicious tiffin!

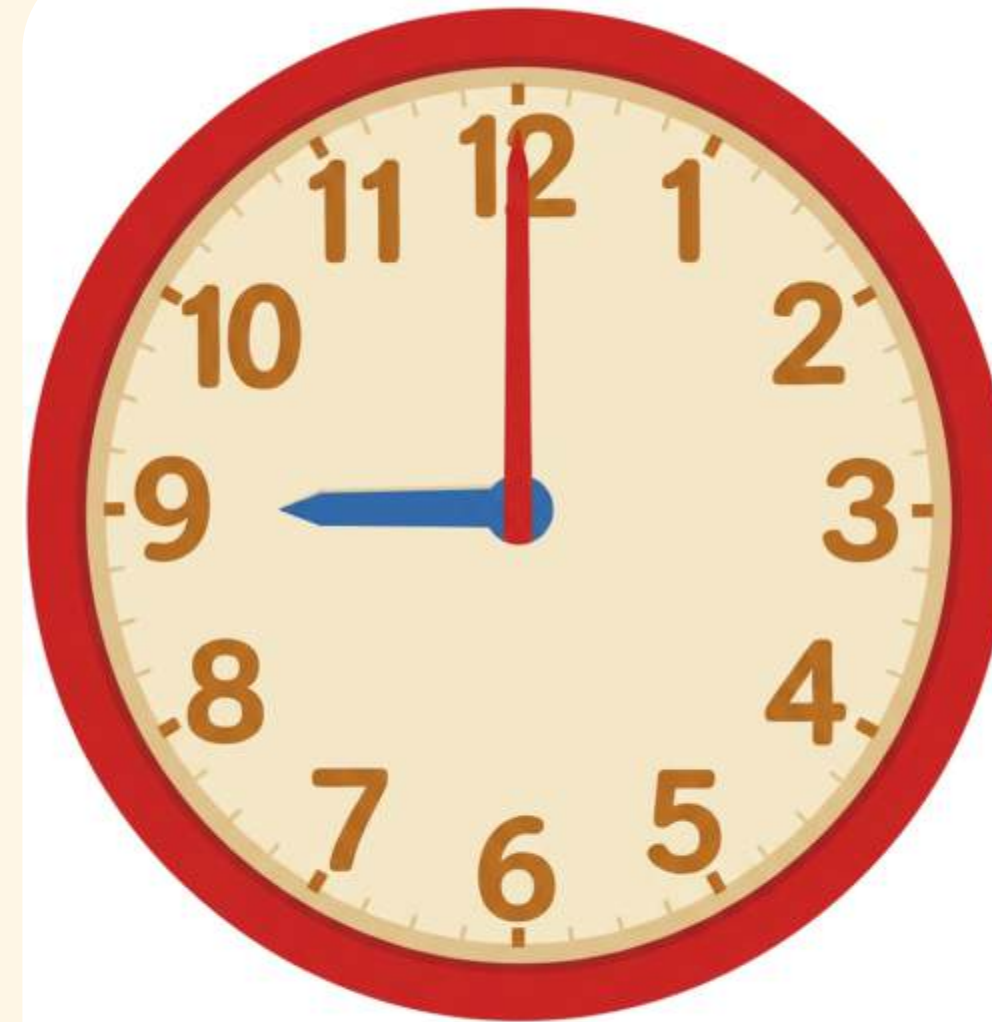

Teacher Shows Times

1 o'clock – After lunch!
Look at the clock! Chotu (the red short hand) is pointing to 1. Lambu (the blue long hand) is pointing straight up at 12. When Lambu points to 12, we say "o'clock"!

Teacher Shows Times

9 o'clock – Time to sleep!
When Chotu (the red short hand) points to 9 and Lambu (the blue long hand) points to 12, it's 9 o'clock!
This is when good children go to bed after a fun day of learning and playing.

Clock Challenge Race
