

**IF-THEN THINKING
GAME: THE MAGIC
RULES OF MOWGLI**

**LET'S PLAY
"FOLLOW THE
LEADER"!**

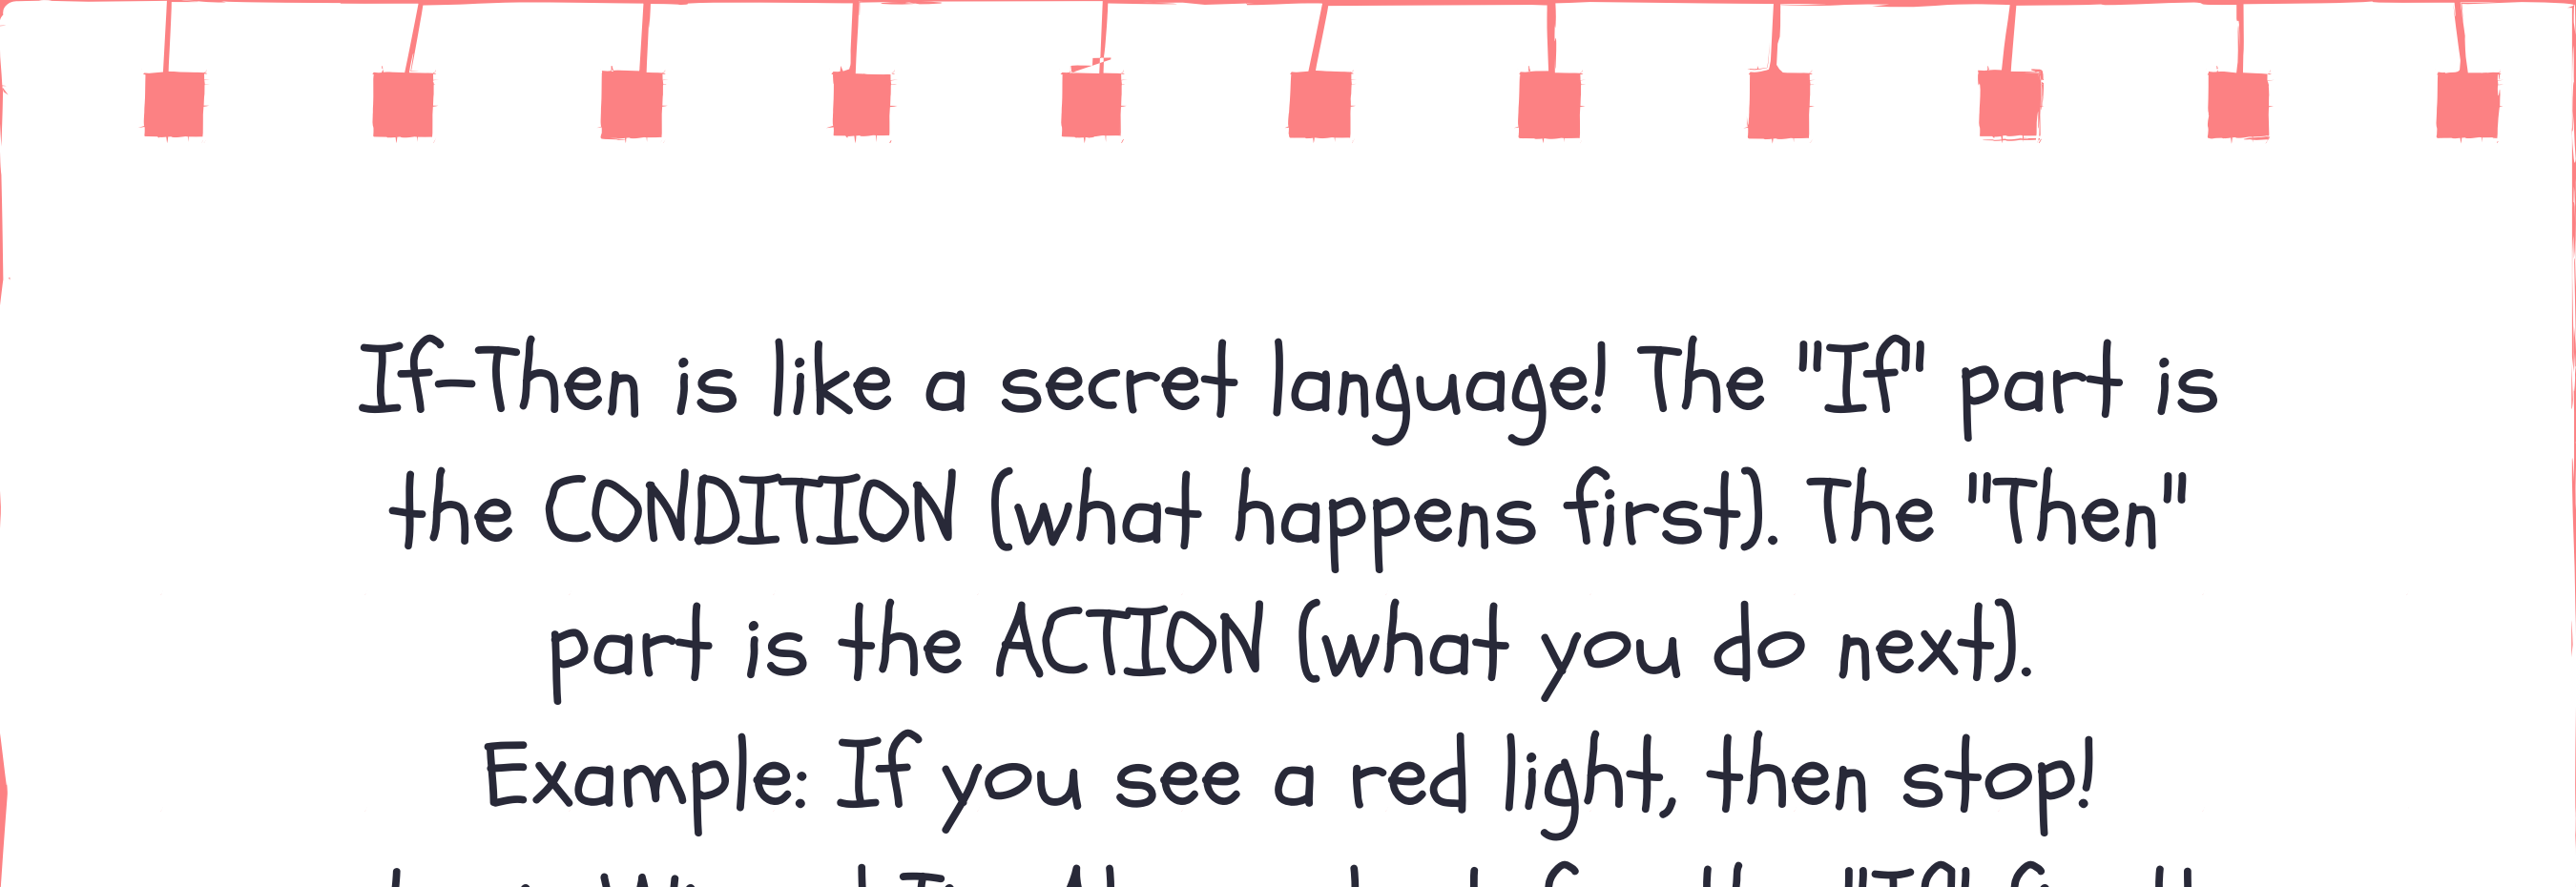

Get ready for a fun game with
Magic Rules! When I give you
an If-Then command, you
follow along!

If I say "clap your hands,"
then you clap your hands!
Listen carefully and move fast!

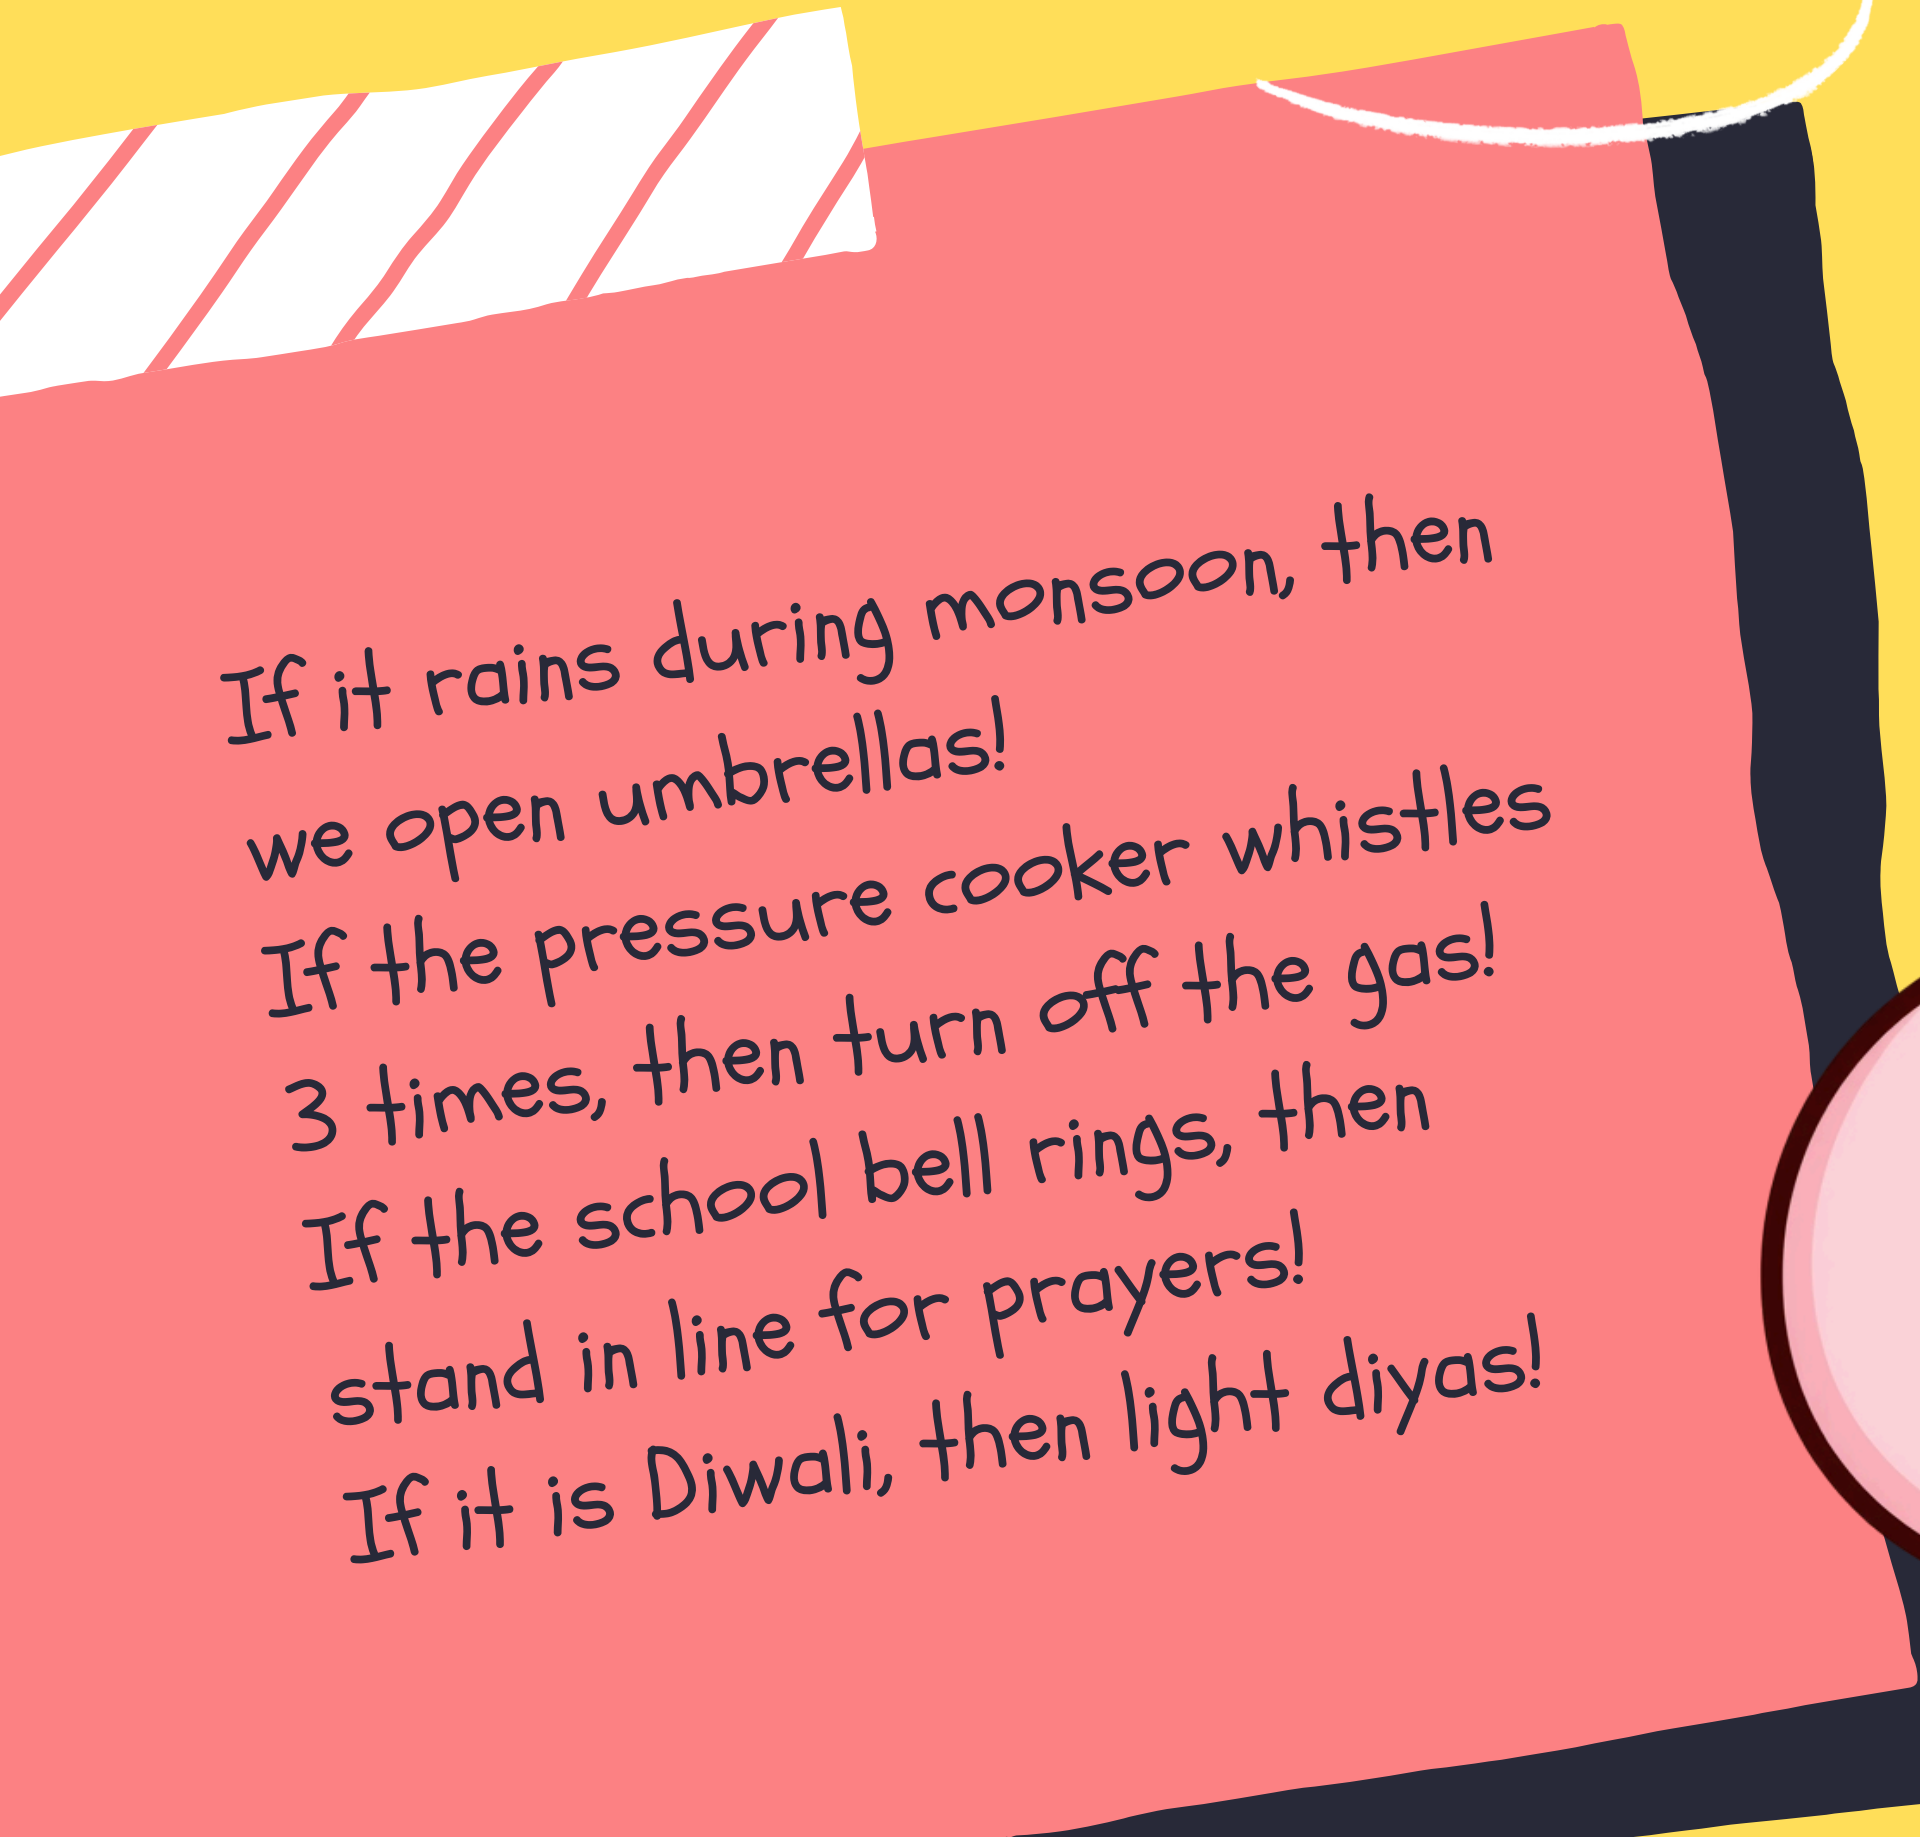

WHAT IS IF-THEN?

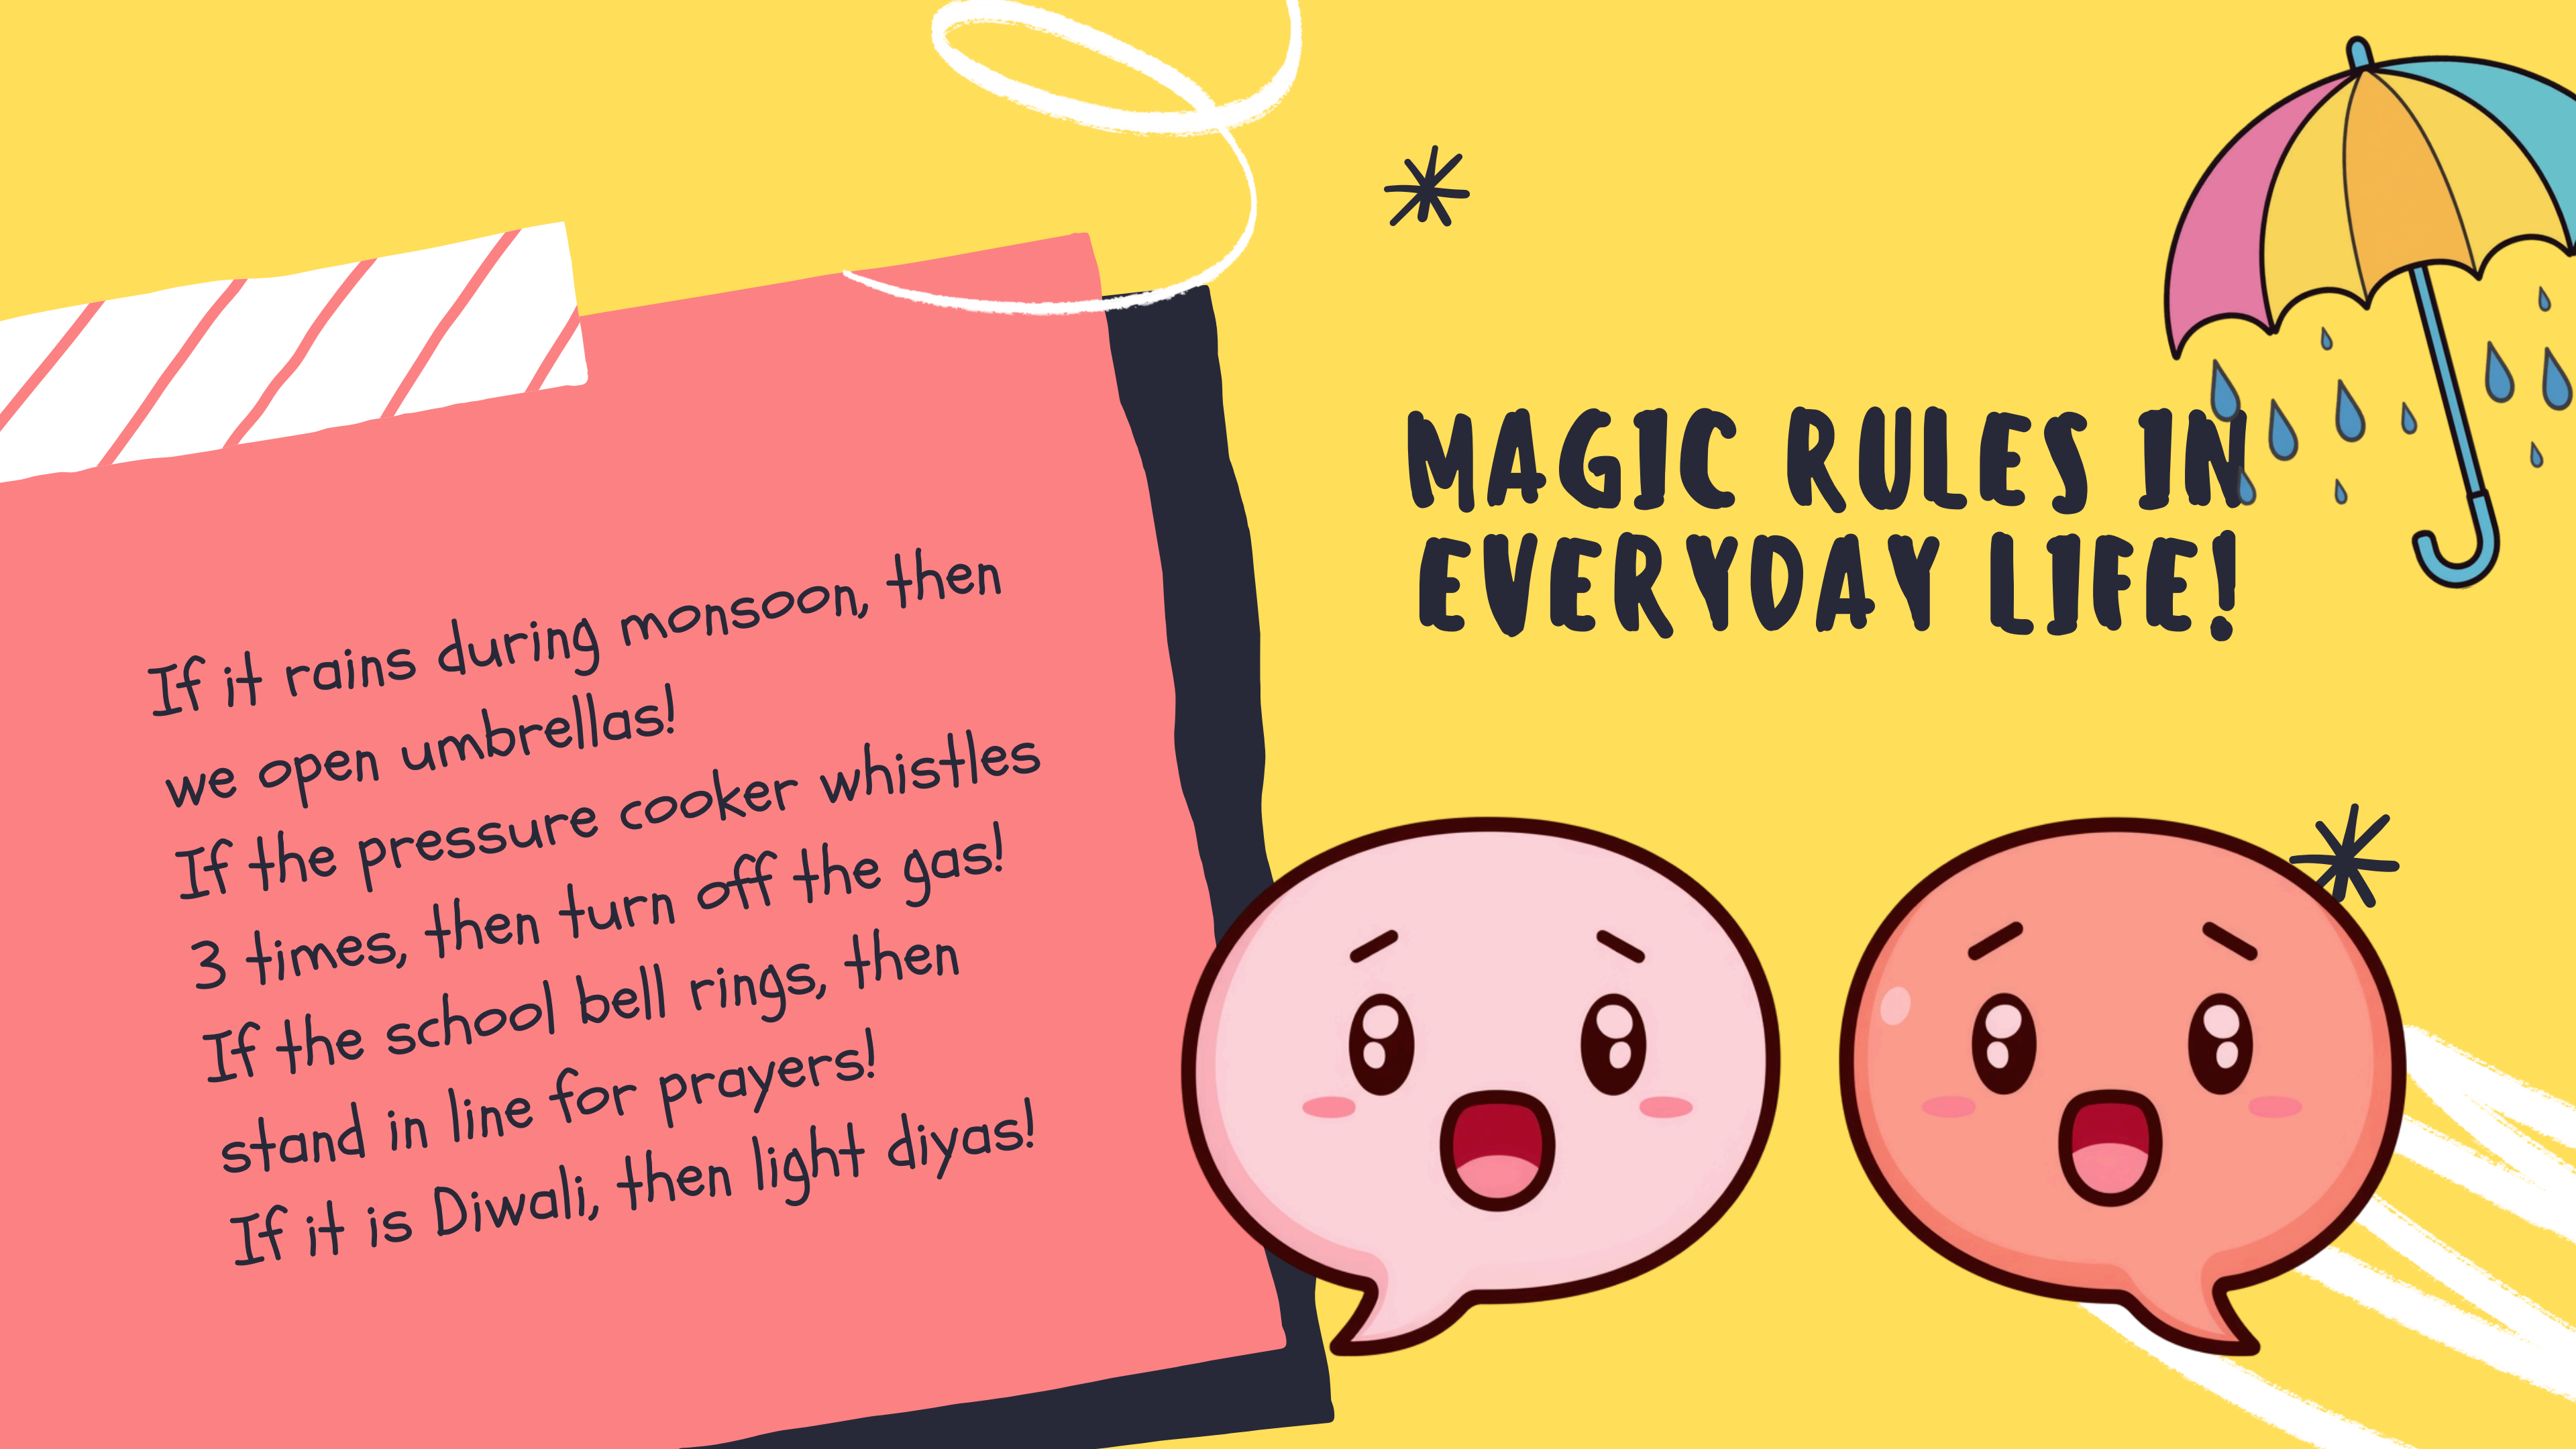

If-Then is like a secret language! The "If" part is the **CONDITION** (what happens first). The "Then" part is the **ACTION** (what you do next).

Example: If you see a red light, then stop!

Logic Wizard Tip: Always look for the "If" first!

If it rains during monsoon, then
we open umbrellas!
If the pressure cooker whistles
3 times, then turn off the gas!
If the school bell rings, then
stand in line for prayers!
If it is Diwali, then light diyas!

MAGIC RULES IN EVERYDAY LIFE!

Welcome to the jungle
adventure! Follow these If-Then
commands to play along with
Mowgli. Listen carefully and
move your body when you hear
the magic rules!

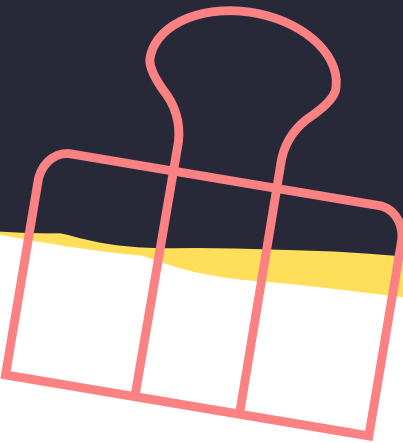

MOWGLI'S JUNGLE RULES — LET'S PLAY!

JUNGLE GAME COMMANDS

- 
- If you see a tiger, then freeze!
 - If you hear a monkey, then jump up!
 - If you spot a snake, then curl up!
 - Can you follow 3 commands in a row?

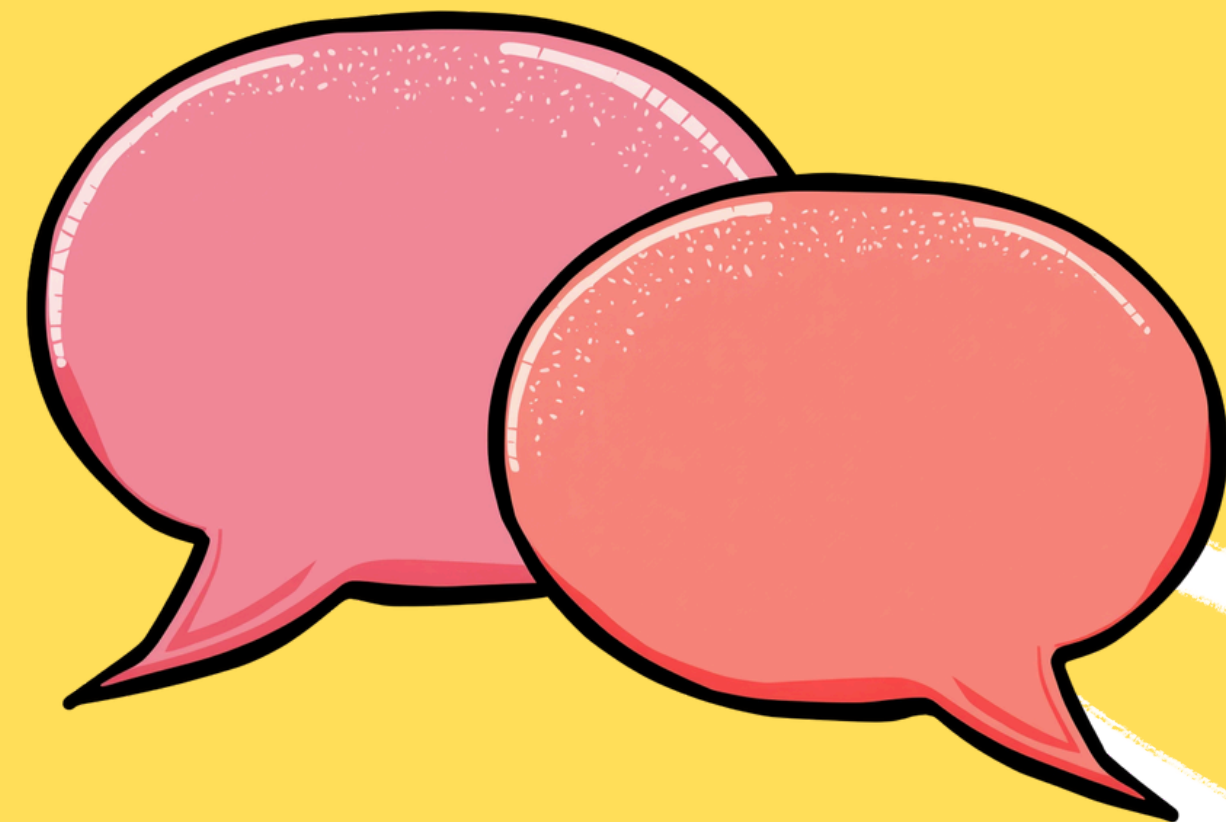

TIME TO CREATE YOUR OWN MAGIC RULES!

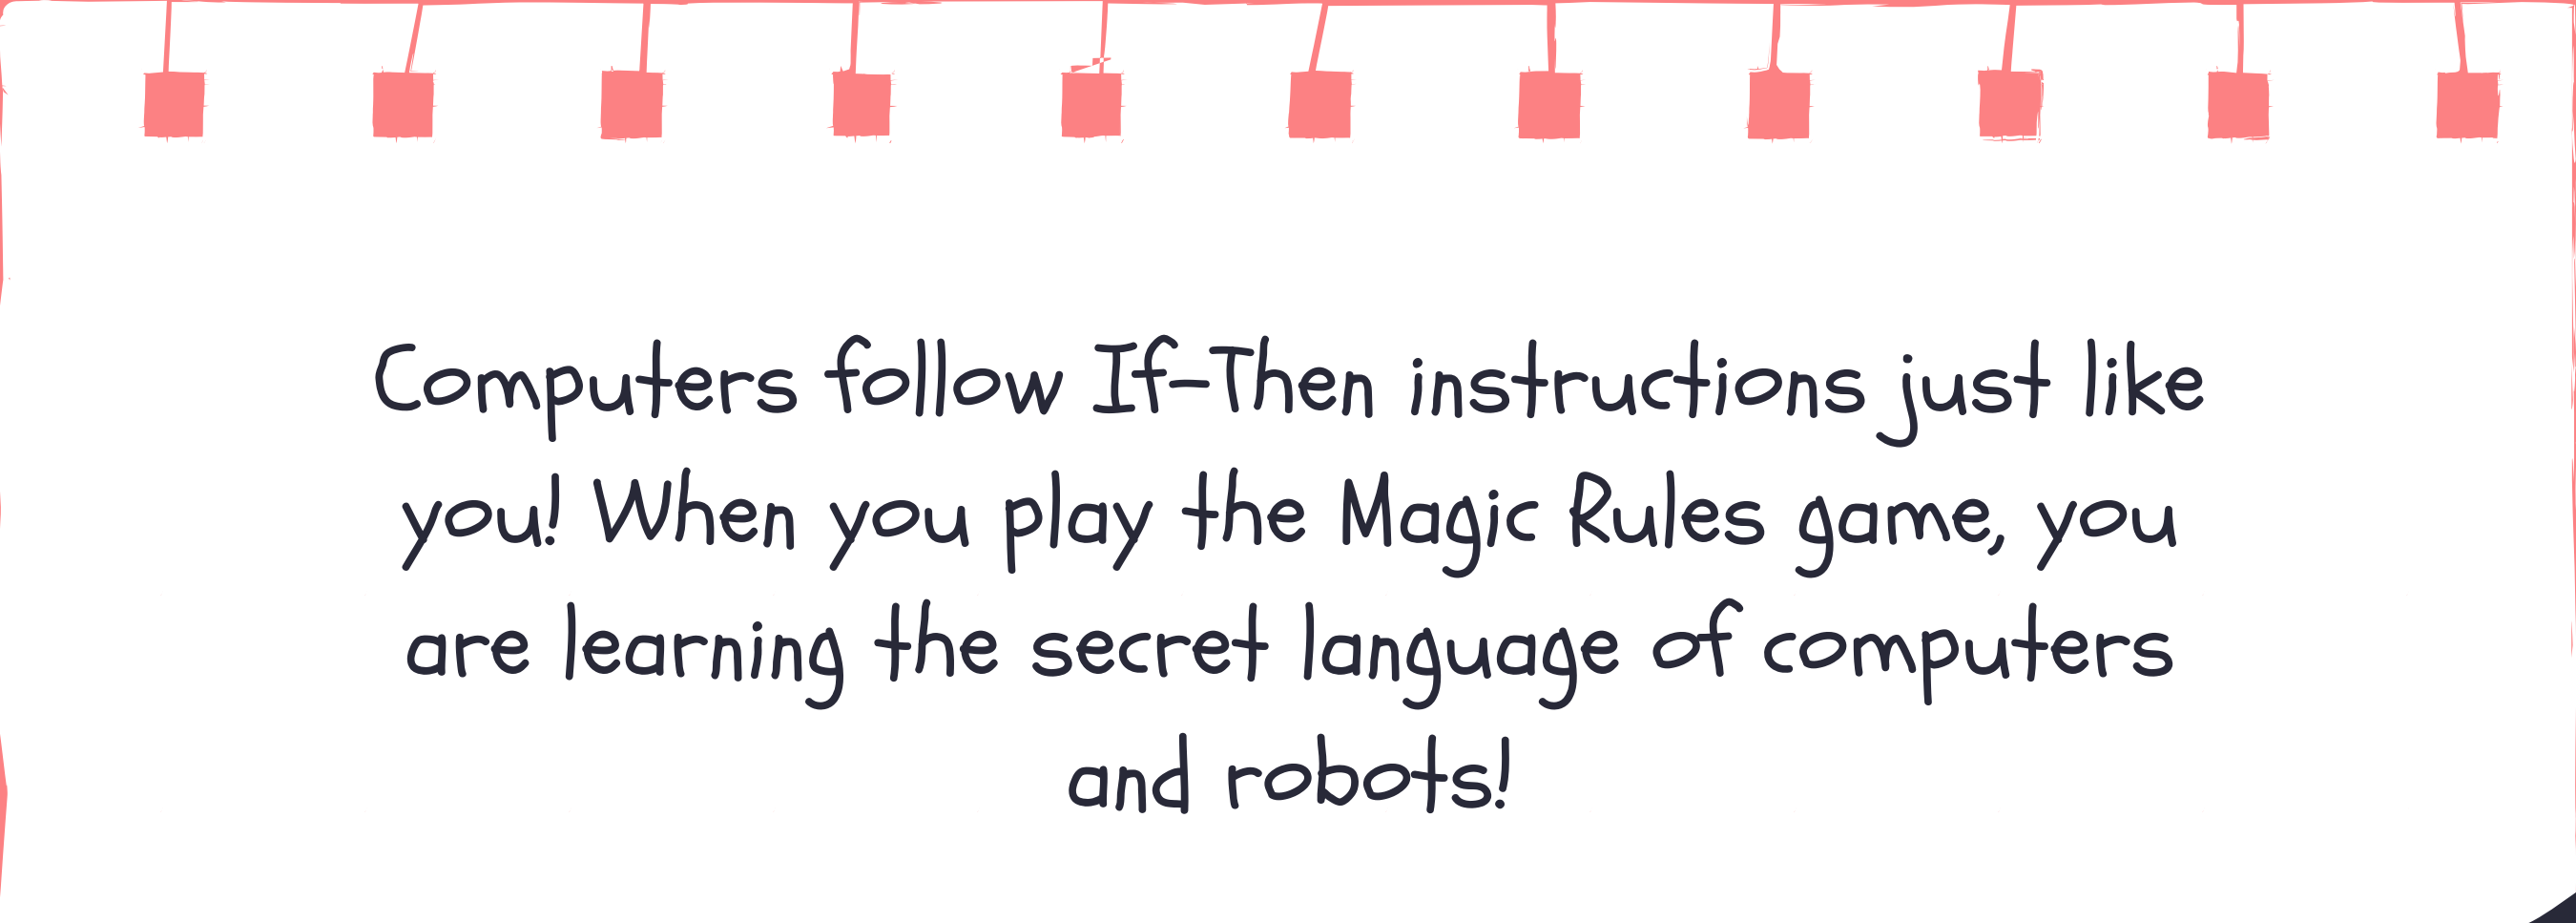

- 
- 
- In pairs, invent your own If-Then rule!
 - "If I clap, then you spin!" – Arjun
 - "If I wave, then you hop!" – Sana
 - "If I stomp, then you freeze!" – Ishan

- If I am hungry, then I eat food!
- If it is sunny, then I wear sunglasses!
- If the doorbell rings, then I open the door!
- If it is bedtime, then I brush my teeth!

EXAMPLES OF YOUR MAGIC RULES!

HOW DO ROBOTS THINK?

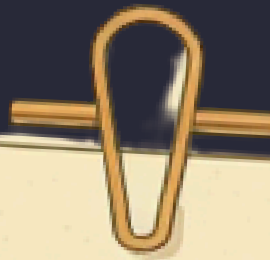

Computers follow If-Then instructions just like you! When you play the Magic Rules game, you are learning the secret language of computers and robots!
