

FOUNDATION SESSION

PLANRS ACADEMY

Welcome to the Olympiad Adventure!

Can YOU solve what a Class 5 student couldn't?
Meet Arya the Explorer - your guide through
puzzles and discoveries!

Catchphrase: "Every question is a new
adventure!"

Olympiads are fun competitions where you
solve puzzles and win prizes!

Maths Block - Number Patterns Story

Arya decorates Diwali diyas in a pattern:
2, 4, 6, 8...

- Kolam dots in groups of 5: 5, 10, 15, 20
- Temple steps numbered: 5, 10, 15, 20, 25

"Skip counting helps us find patterns fast!"

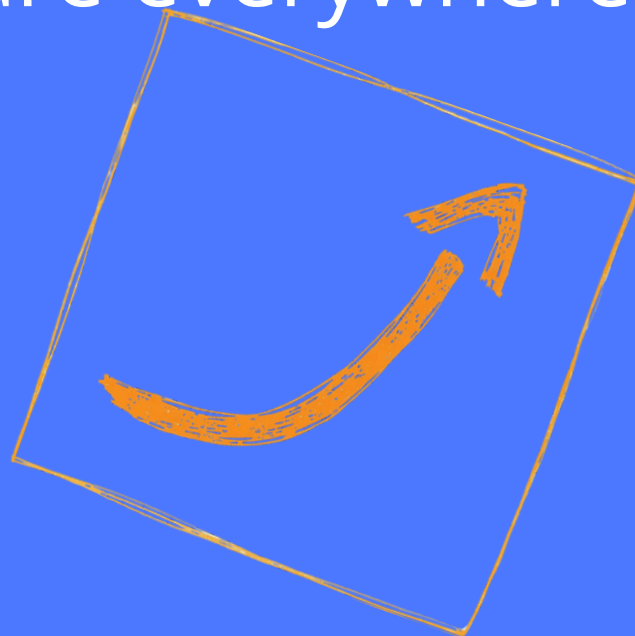

Shapes Around Us!

Look around and spot these shapes!

- Circle: roti, rupee coin
- Triangle: traffic sign board
- Rectangle: window
- Square: handkerchief

Shapes are everywhere in our daily life!

Maths Olympiad Practice

Q1: Complete the pattern: 5, 10, 15, 20, ____?

A) 22 B) 25 C) 30 D) 24

Q2: Which object is shaped like a cricket pitch boundary?

A) Square B) Triangle C) Circle D) Rectangle

Q3: Who has more marbles?

Arjun has 34 marbles. Priya has 41 marbles.

A) Arjun B) Priya C) Both same D) Cannot tell

Brain Break - Living or Non-Living?

Stand up if LIVING, sit down if NON-LIVING!

🐮 Cow • 🪨 Stone • 🦋 Butterfly
🪑 Wooden Bench • 🌳 Neem Tree

Let's move and learn together!

Living & Non-Living Things

Arya visits the Indian market and discovers:

🌿 Living Things: cow, neem tree, butterfly
→ They grow, breathe, eat, and have babies!

🪨 Non-Living Things: bullock cart, stone idol
→ They don't grow or breathe.

Can you spot what's living around you?

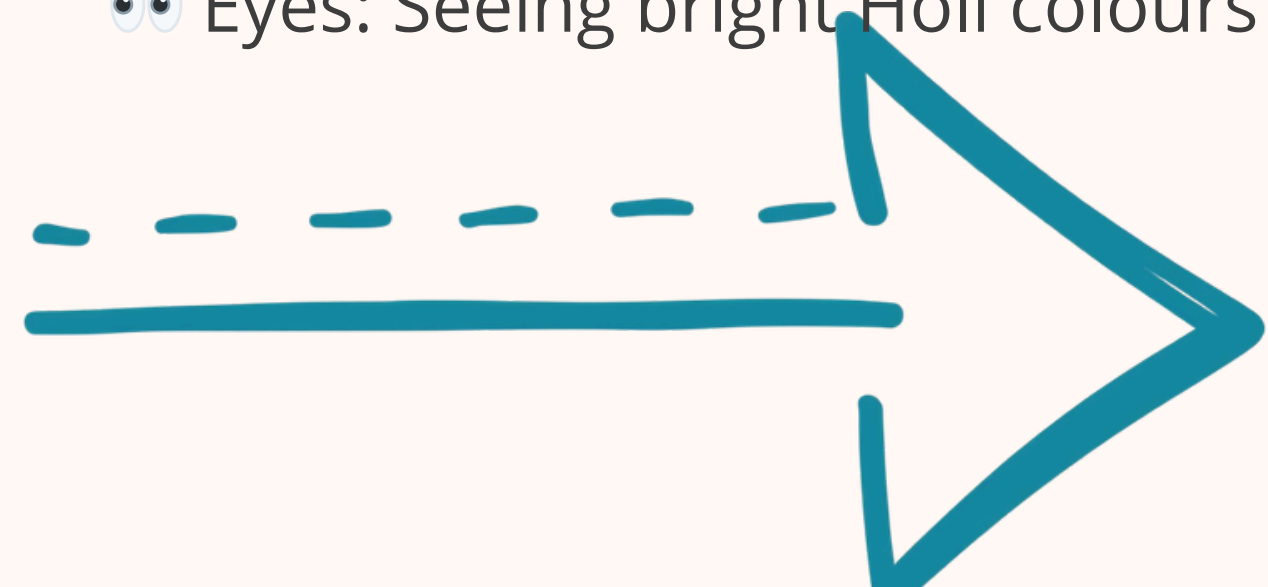

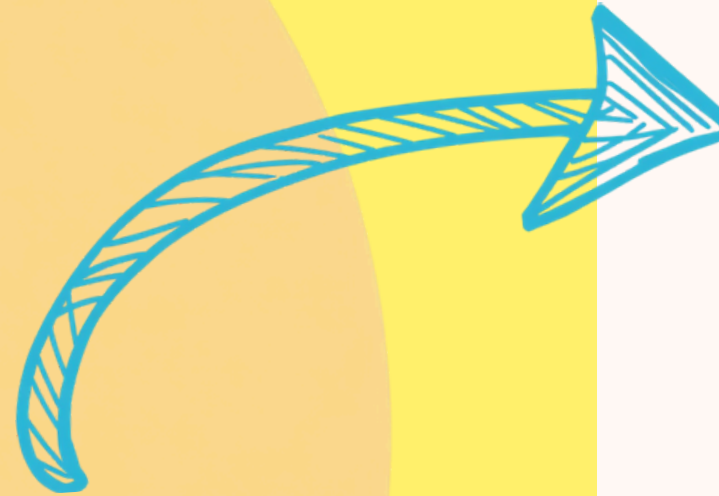

Five Senses Tour

Explore an Indian morning with your senses!

- 👃 Nose: Smelling hot chai brewing
- 👂 Ears: Hearing temple bells ringing
- 👅 Tongue: Tasting guava with salt
- 👐 Skin: Feeling a soft woollen shawl
- 👁️ Eyes: Seeing bright Holi colours

Science Block - Indian Seasons

- ☀ Summer: Mango season, hot afternoons, school holidays
- ☁ Monsoon: Rain, umbrellas, frogs jumping in puddles
- ❄ Winter: Sweaters, fog, Lohri celebration
- 🍂 Autumn: Harvest time, festivals

Science Olympiad Practice Questions

Q1: How many living things?

Dog, Pot, Mango tree, Cup,
Butterfly

(Answer: 3)

Q2: Meena smells biryani cooking.

Which sense organ is she using?

(Answer: Nose)

Q3: Which season has frogs

jumping and puddles everywhere?

(Answer: Monsoon)

Olympiad Champion Moment Challenge

12 birds sit on a tree. 5 more come. Then 3 fly away. How many birds are there now? Think fast! You have 30 seconds!

Answer: 14 birds ($12+5=17$, $17-3=14$)

Recap - What We Learned Today

12
34 Number patterns follow rules - skip counting by 2s, 5s, and 10s helps us find patterns fast!

◆ Shapes are everywhere in daily life - circles in rotis, triangles in signs, rectangles in windows!

🌱 Living things grow and breathe - we explore the world through our 5 amazing senses!

Looking Ahead & Share the Fun!

Next time: More exciting puzzles and discoveries await you!
Share your new skills with a friend or family member today!
Note for Parents: A downloadable practice worksheet is available to reinforce today's learning.

Thank You!

Thank you for joining the Olympiad adventure!
You did amazing today! Keep asking questions,
keep practicing, and remember - every
question is a new adventure! See you next
time for more exciting puzzles!
