## WHAT IS A SHADOW?

Let's learn about shadows and where we can see them!

### ● A Dark Shape

A shadow is a dark shape. We see it on the ground or on a wall.

### 💡 Something Is in the Way

A shadow happens when something blocks the light.

### 🌳 In the Park

We see shadows outside when we play in the sun!

### 🪔 On Diwali

Diyas make pretty shadows too. Shadows are all around us!

## WHAT IS A PUPPET?

Let's learn about puppets and how they help us tell stories!

### 🎭 A Fun Figure

A puppet is a toy we use to tell a story. It can be a person, an animal, or anything you like!

### 👐 Made From Many Things

We can make puppets from paper, cloth, clay, or even our own hands!

### 🎨 Your Turn!

Draw a shadow you have seen. It could be your shadow, a tree's shadow, or your pet's shadow.

# LIGHT IS IMPORTANT

Where does light come from?

## ☀ Where Light Comes From

Light helps us see! It can come from the sun, a torch, a lamp, or a phone. We need light to make shadows!

## ➡ Light Makes Shadows

When light shines on something, a shadow appears. A brighter light makes a darker shadow!

# THE SCREEN

Where shadows appear

## 🖼 A Flat, White Place

A screen is a flat, white place where we see shadows. It can be a wall, a bedsheet, or a piece of white paper!

## 🎬 Just Like a Movie

Light shines on our puppets and makes shadows on the screen. It's just like watching a movie!

## 🔗 Fill in the Blanks

A shadow needs three things: **l**\_\_\_\_\_ (light), a **p**\_\_\_\_\_ (puppet), and a **s**\_\_\_\_\_ (screen).

# INDIAN SHADOW PUPPETS

India has amazing shadow puppet stories!

## Old Stories

Shadow puppets tell old stories from India, like the Ramayana!

## Pretty Colors

The puppets have pretty colors and patterns.

## Leather or Paper

Skilled artists make puppets from leather or paper.

## A Family Tradition

Families have made these puppets for a very long time!

## Tolu Bommalata — Andhra Pradesh

These puppets are big and made from leather. They tell stories from the Ramayana. Artists hold sticks to make the puppets move and dance!

## Togalu Gombeyaata — Karnataka

These puppets are made from leather. Some are big and some are small! They tell funny stories that make everyone laugh.

Why? \_\_\_\_\_

TRY IT!

# TRY HAND SHADOWS!

Let's make fun shadow shapes with our hands!

## **Make a Shape**

Use your hands to make a duck, dog, or bunny shadow.

## **Change the Size**

Move your hands closer or farther away. Watch the shadow change size!

## **Use a Light**

Use a torch or lamp to make your shadow.

## **Come Alive**

Wiggle your fingers to make your shadow move!

## **Your Turn!**

Try making a hand shadow with a grown-up. Draw the shape you made.

*draw your hand shadow here*

## **Talk About It**

Did your shadow get bigger or smaller when you moved closer to the light? \_\_\_\_\_

# MAKE YOUR OWN PUPPET

Follow these easy steps to create your shadow puppet!

- 1 **Get black paper and safe scissors.** Ask a grown-up to help you cut!
- 2 **Cut out a fun shape,** like an animal or a person.
- 3 **Tape your shape to a stick.** Hold it tight!
- 4 **Use a wall or white paper as your screen.** Shine a light and watch your shadow!

## My Puppet Checklist

- ☐ I cut out my puppet.
- ☐ I taped it to a stick.
- ☐ I found a screen.
- ☐ I shone a light and saw my shadow!

# TELL A STORY WITH YOUR PUPPET

Use your puppet to share a magical shadow story!

- 1 Start your story like this: "*One day, my animal went to the forest...*"
- 2 Say two or three sentences about what happens next.
- 3 Show your puppet's shadow on the screen while you talk!
- 4 Have fun! Use silly voices for your characters.

## Write Your Story
