

My Portfolio Website — Final Showcase & Polish

What Is a Website?

A website is a digital home — a place on the internet that is all about YOU!

Every website has key parts:

Header — your name at the top

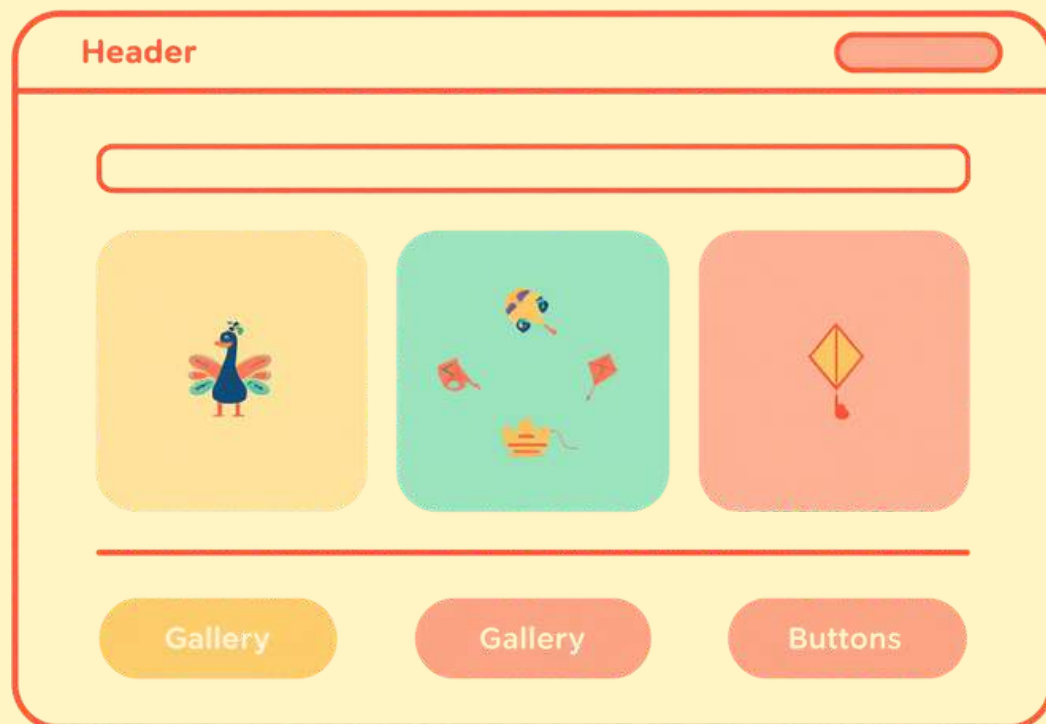

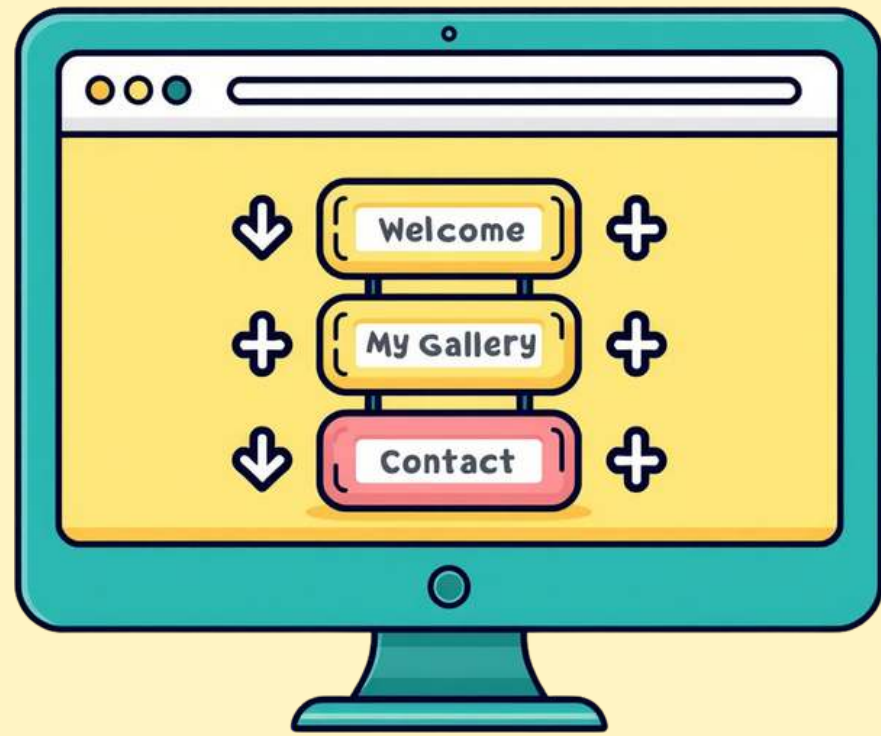

Gallery — your favourite pictures

Buttons — to move between pages

Just like a peacock shows its beautiful colours, your website shows who you are! 🦚 🎈

Let's Build the Frame!

Open your Planrs Web Editor and add these blocks in order:

↓ Welcome Banner → ↓ My Gallery → ↓ Contact Badge

Drag each block and drop it into place. Stack them top to bottom!

Superstars, you can do it!

Stop & Check: Where Do These Go?

Which block goes on top? Which one comes next?

■ Header ■ Gallery ■ Contact

Raise your hand and tell us the order!

Superstar builders, you know this!

Personalize Your Website!

 "My Name" → Kabir

 "My Favorite Food" → Idli Sambar
