

Financial Modelling 10-Year Wealth Simulator

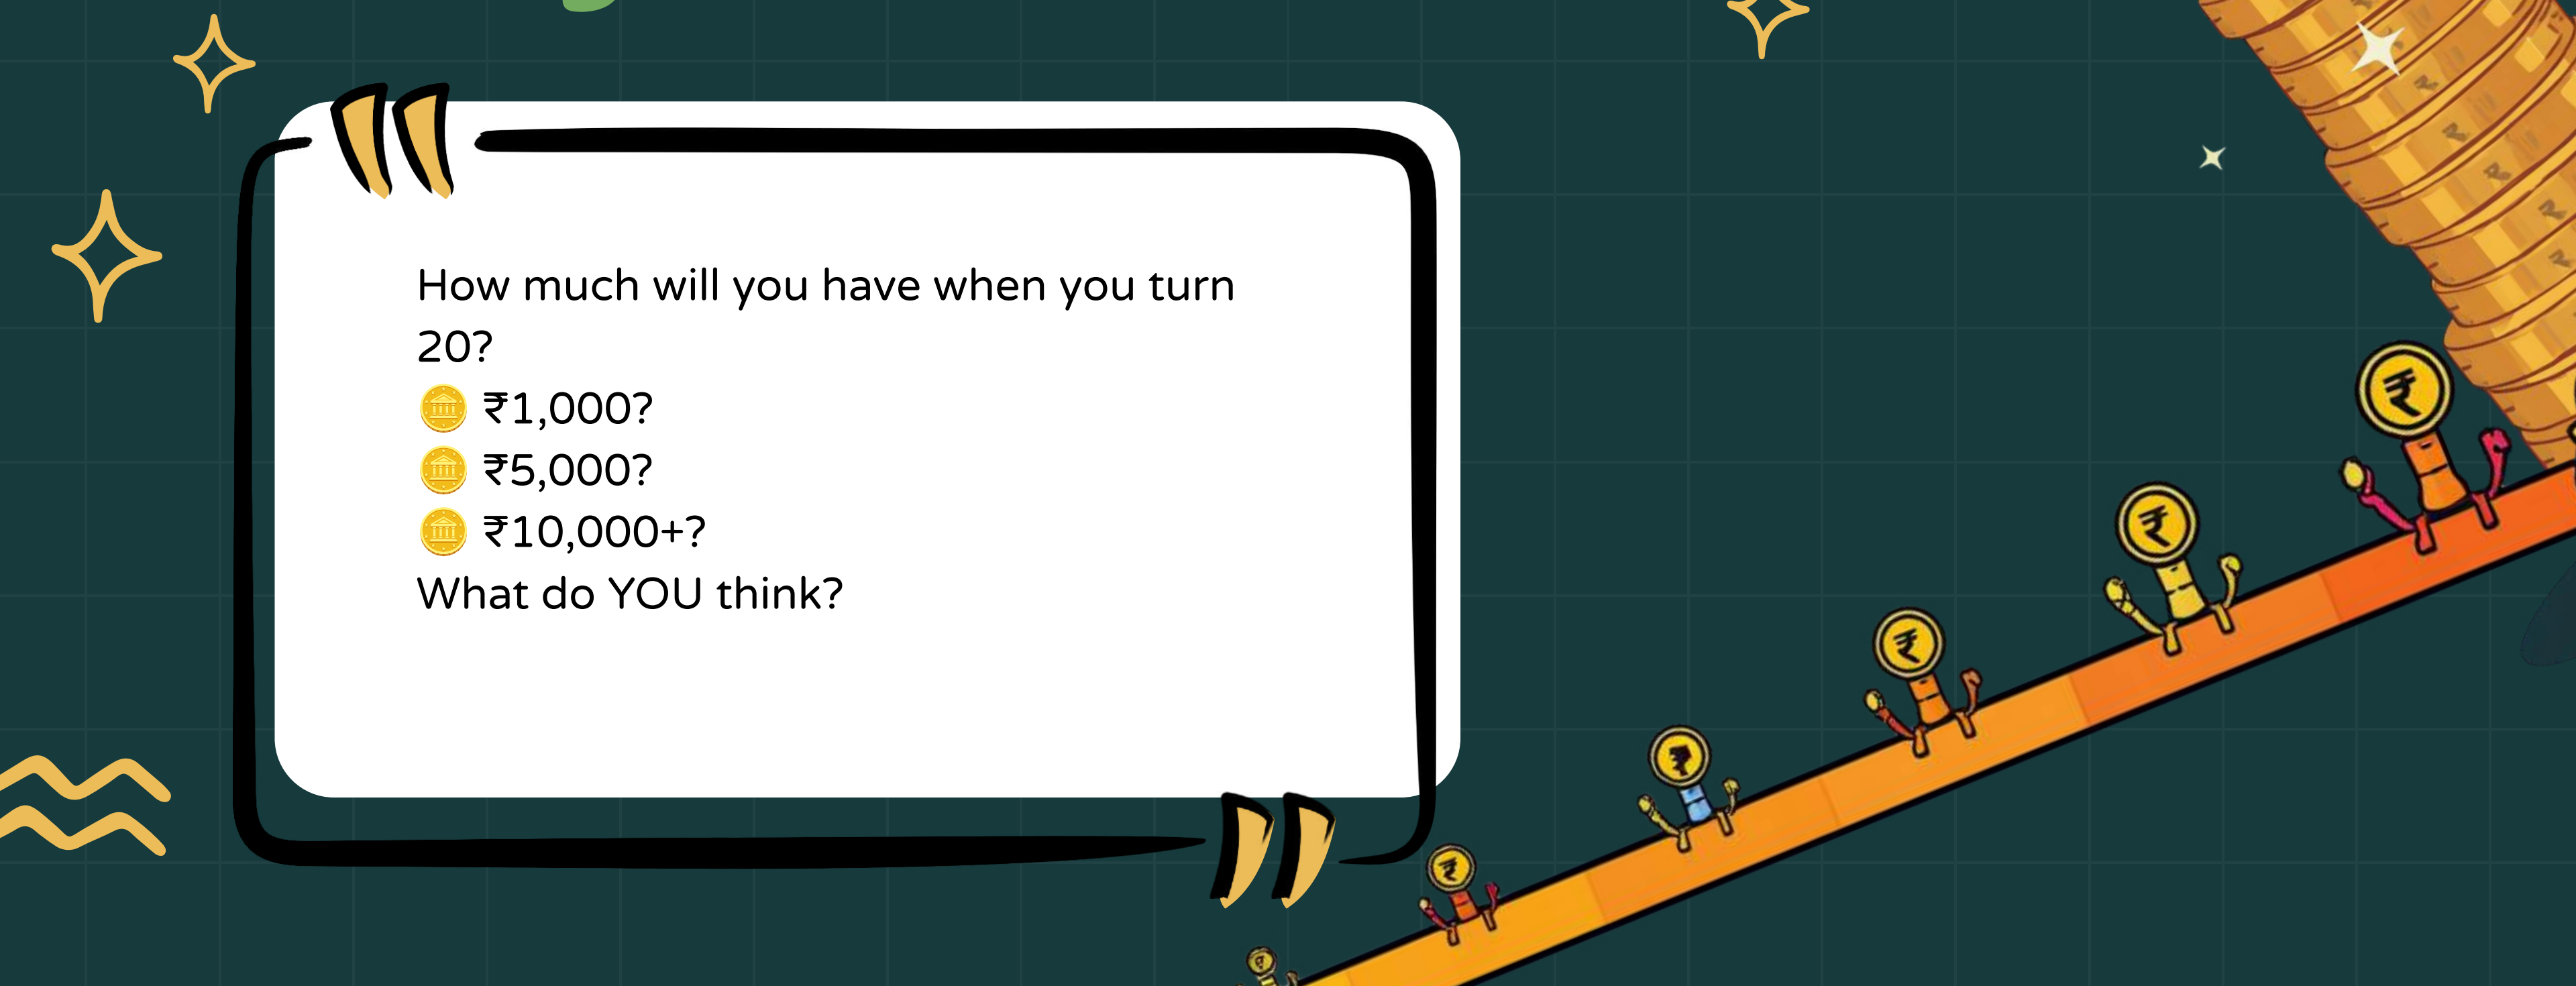

If You Save ₹100 Every Month...

How much will you have when you turn 20?

- ₹1,000?
- ₹5,000?
- ₹10,000+?

What do YOU think?

Your Three Money Buckets!

- Income: ₹200 monthly allowance + ₹500 Diwali gift — money that comes IN!
- Expenses: ₹30 samosa + ₹150 gaming skin — money that goes OUT!
- Savings: Piggy bank + growing plants — money you KEEP & grow!

Chota Packet, Bada Dhamaal! 🎉

Save ₹1,000 every year at 10% interest and watch it grow!

✨ Year 1: ₹1,100 | Year 2: ₹2,310 | Year 10: ₹17,500!

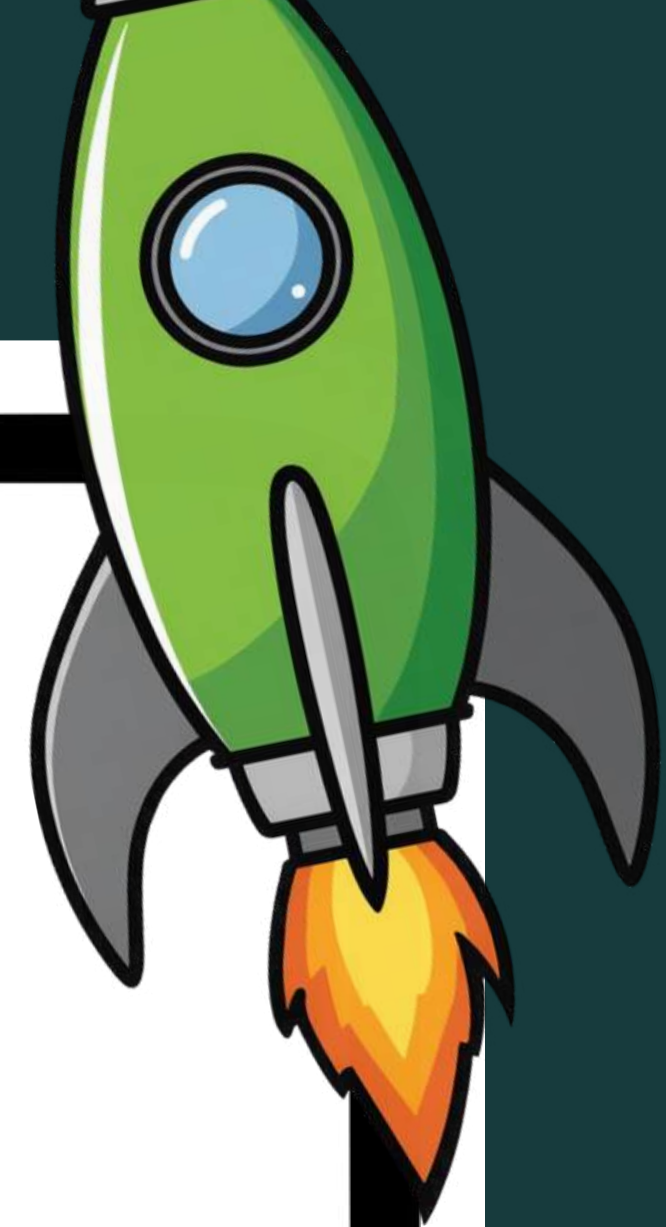

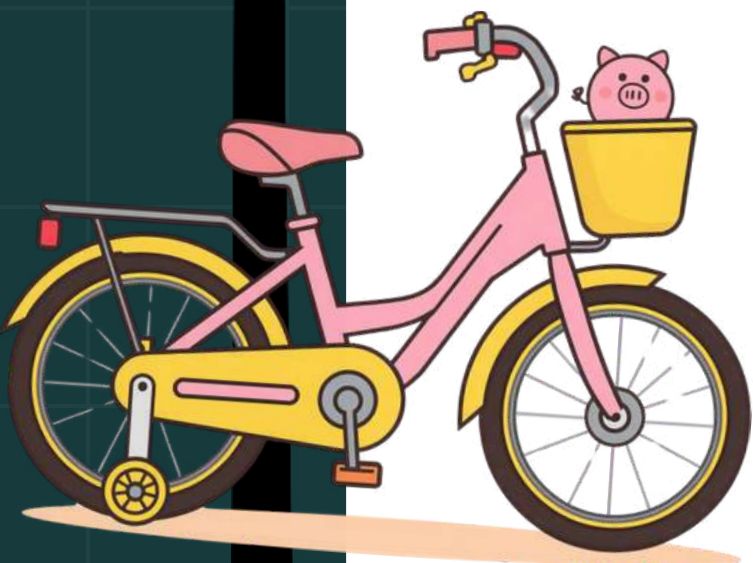

Small savings today = BIG money tomorrow. That's the magic of compounding!

Savings or Investment? What's the Difference?

🚲 Savings = Bicycle with training wheels — Safe, easy, low returns. Your money stays safe but grows slowly!

🚀 Investment = Rocket with helmet — Riskier, needs patience, but higher returns. Your money can grow BIG over time!

Meet Aarav – Our Wealth Simulator Star!

Aarav gets ₹500 pocket money every month! 🎒

★ Option A: Spend ₹450, save ₹50 in piggy bank

🚀 Option B: Spend ₹300, invest ₹200 in SIP at 10%

What do YOU think happens in 10 years?

Option A

Option B

Set Your Monthly Investment & Growth Rate!

Try it yourself! Pick a monthly investment (₹50 to ₹500) and an expected return (5% to 15%). The longer you invest, the bigger your money grows — watch the line shoot up after Year 5! Move the sliders and see your future wealth! 🚀

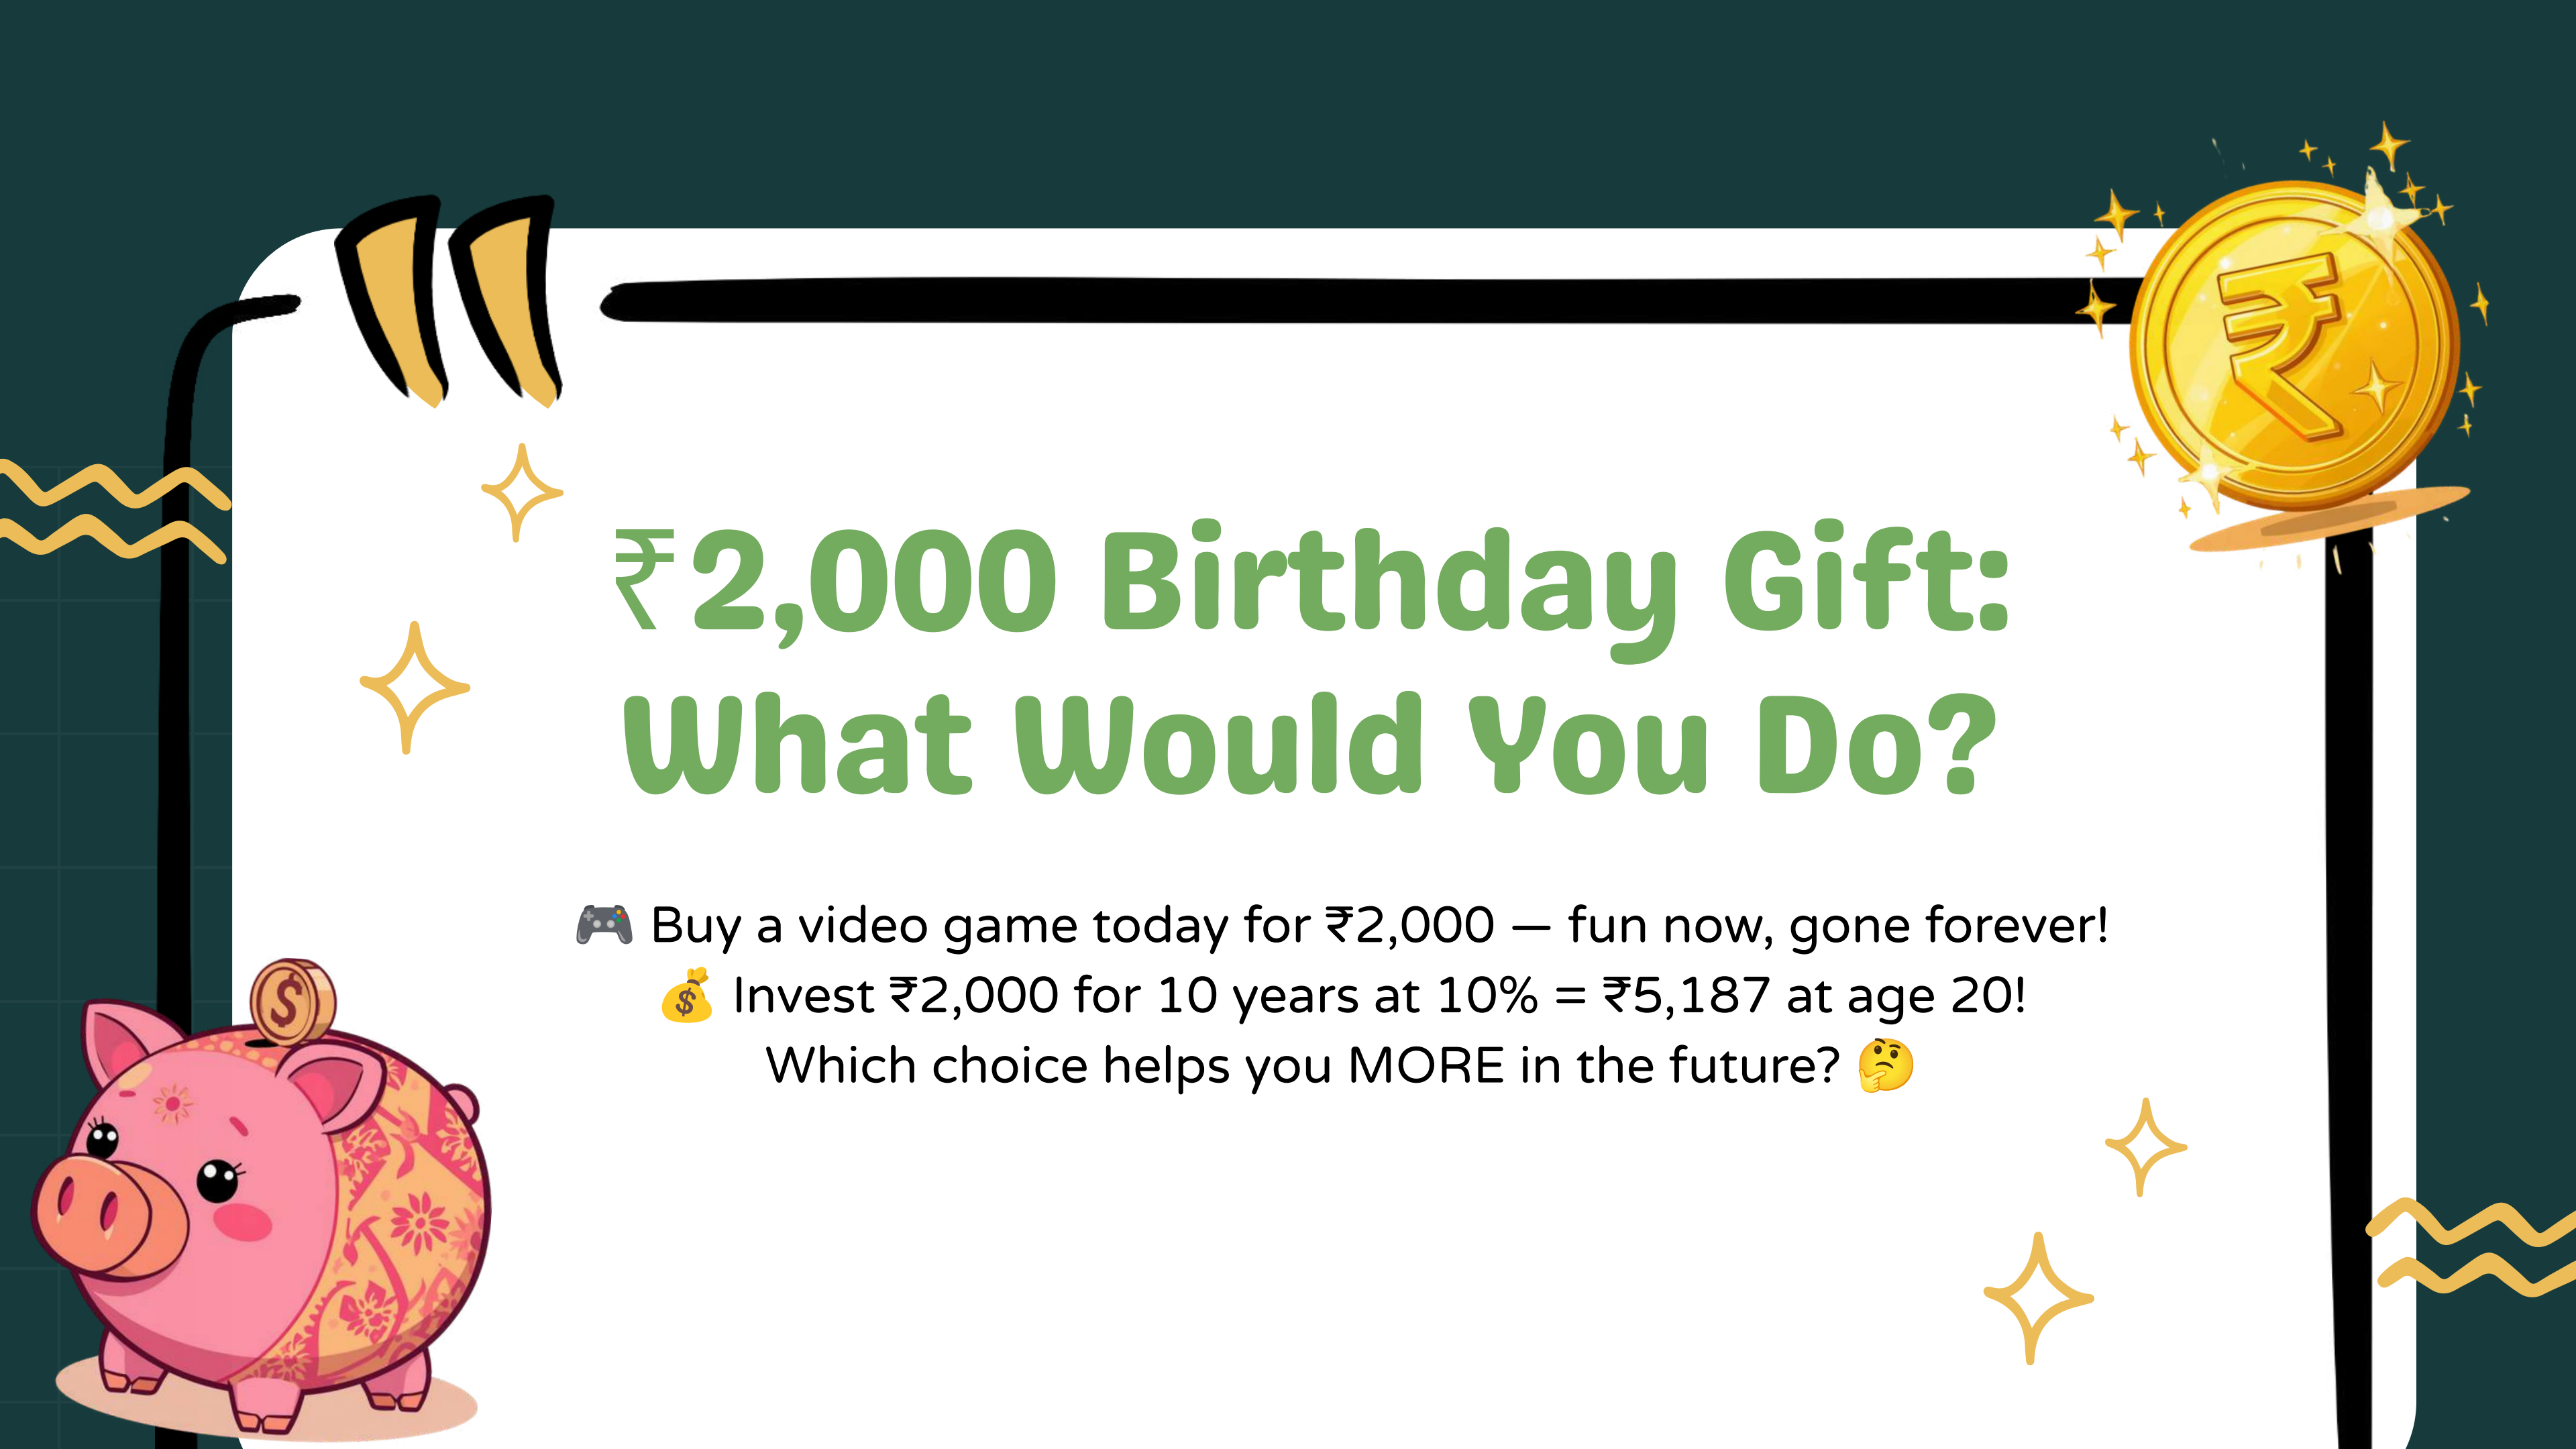

How Money Grows Over Time

Option A (Piggy Bank only): ₹600 at Age 20
Option B (SIP ₹200/month at 10%): ₹5,200 at Age 20
The difference? ₹4,600 more — just by investing smartly!

₹2,000 Birthday Gift: What Would You Do?

🎮 Buy a video game today for ₹2,000 — fun now, gone forever!

💰 Invest ₹2,000 for 10 years at 10% = ₹5,187 at age 20!

Which choice helps you MORE in the future? 🤔

Inflation: The Invisible Cookie Monster! 🍪

Prices go up over time! A ₹5 cutting chai & biscuit now costs ₹10. This is called INFLATION — it's like a cookie monster quietly eating the value of your money! 🏠 So money TODAY buys MORE than the same money TOMORROW. That's why saving AND investing matters!
