

AI & Digital — Safe vs Unsafe Websites

Planrs Academy | Grade 2

Meet Digi Didi & Arjun

Say hello to Digi Didi and Arjun! They are exploring the magical "Internet Jungle" on their special school tablet. Will you help them find the safe websites? Let's go on this adventure together!

The internet is like a big bazaar – just like
Dilli Haat or your local sabzi mandi! There
are many good shops with helpful things, but
also some tricky ones. Just like you hold
Mummy or Papa's hand in a crowded market
to stay safe, we need to be careful online
too!

The Internet is Like a Big Bazaar

Green Flag Websites (Safe)

★ Padlock

SAfe website

- ☒ Protected
- ☒ Small and clean pages.
- ☒ No, as no scary pop-ups.

https://

Ncer12Free.xyz ★
★ Ncer122Free.x3 ★

**YOUR COMPUTER HAS A VIRUS
CLICK NOW**

Warning Sign 3

**LO PADLOCK website is
Not Ahee
Armife**

Unsafe Website Examples

Watch out for these tricky websites:

Fake CBSE result pages that look real but steal your info

"You won a Jio phone – enter your number!" scams

Suspicious "Free NCERT book PDF" sites

More dangerous websites to avoid:

Pop-ups saying you won prizes or gifts

Websites asking for your Aadhaar number or OTP

Remember: If it looks too good to be true, tell a trusted adult!

The Trusted Adult Rule

Who can you tell?

- Mummy or Papa
- Dada or Dadi
- Teacher
- Elder Bhaiya/Didi

If a website makes you scared, confused, or asks for personal information – STOP! Tell a trusted adult immediately. They will help keep you safe online!

1. Full Name
2. Your complete name is personal – only share with trusted adults.
3. Home Address (Ghar ka Pata)
4. Never share where you live online!

Personal Information is Private

1. Phone Number
2. Your mobile or landline number is private – never type it on websites!

1. School Name & Class
2. Don't tell strangers where you study or which class you're in.

Activity: Sort the Websites!

Drag the website cards to the right door!

SAFE DOOR (Green Castle): Websites with padlock , https://, known logos like NCERT or DIKSHA, and no pop-ups

UNSAFE DOOR (Dark Cave): Websites with flashing ads, prize pop-ups, strange addresses, or asking for personal info

Safety Checklist:

- ✓ Look for the padlock
- ✓ Check for https://
- ✓ Spot known logos
- ✓ No scary pop-ups!

Pledge 1: I will always look for the padlock
before using a website.

Web Safety Wizard
Pledge

Pledge 2: I will never share my personal information
online without asking a trusted adult first.

Pledge 3: I will tell a trusted adult if something feels
wrong or scary on a website.

I. Look for the
padlock before
entering any
website!

Remember the 3 Key Rules

I. Tell a trusted
adult if
something feels
wrong or scary!

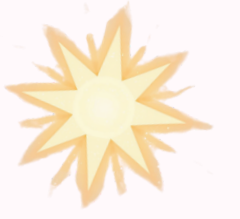

I. Never share personal
information like your
name, address, or
phone number!

These 3 rules will keep
you safe on the internet
every day!
