

An illustration of a young boy and a young girl standing in a lush green field with various colorful flowers. In the background, there are trees with long, drooping green leaves. A large, light-brown wooden sign with a thick border is positioned between the two children. The sign has the text 'SAFE VS UNSAFE WEBSITES' and 'LEARN HOW TO SURF THE INTERNET SAFELY!' written on it in bold, black, sans-serif capital letters. The boy, on the left, has dark hair and is wearing an orange t-shirt and blue shorts, holding a grey tablet. The girl, on the right, has dark hair in pigtails and is wearing a pink dress, holding a grey laptop. Both children are smiling.

SAFE VS UNSAFE WEBSITES

LEARN HOW TO SURF THE INTERNET SAFELY!

What is the Internet?

The internet is like a giant library full of websites! It connects computers all around the world so you can learn, play, and explore amazing things.

What is a Website?

Websites are places on the internet where you can watch videos, play games, and learn new things! They are like magic doors that open to fun activities.

A decorative banner at the top of the slide features a wooden sign with rounded ends. The sign is brown with a wood grain texture and contains the title text. Above the sign, there are illustrations of green leaves and yellow daisies. The background is a light blue sky with a soft white cloud.

What Are Safe Websites?

Safe websites keep you and your information safe.

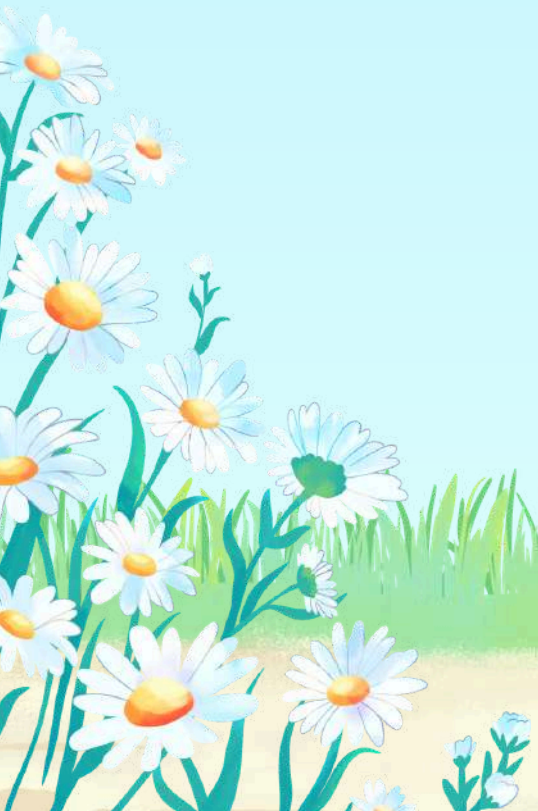

- They don't ask for your personal details.
 - They show friendly and clear pictures.
 - They have grown-up helpers making sure they are okay.
- 
- The bottom of the slide is decorated with a row of green grass. On either side of the grass, there are clusters of white daisies with yellow centers and green stems.

A decorative banner at the top of the slide features a wooden sign with the title. The sign is flanked by two clusters of yellow daisies with green leaves. The background is a light blue sky with a soft white cloud.

What Are Unsafe Websites?

Unsafe websites can trick you or try to take your information.

- They ask for your name or address.
- They have strange pictures or messages.
- They make you feel scared or confused.

Spot the Difference!

- ✓ Safe Website
- ✓ No personal info asked
- ✓ Bright, friendly colors
- ✓ Happy, clear pictures
- ✓ Made for kids

- Unsafe Website
- Asks for your name
- Strange pop-ups
- Scary pictures
- Makes you confused

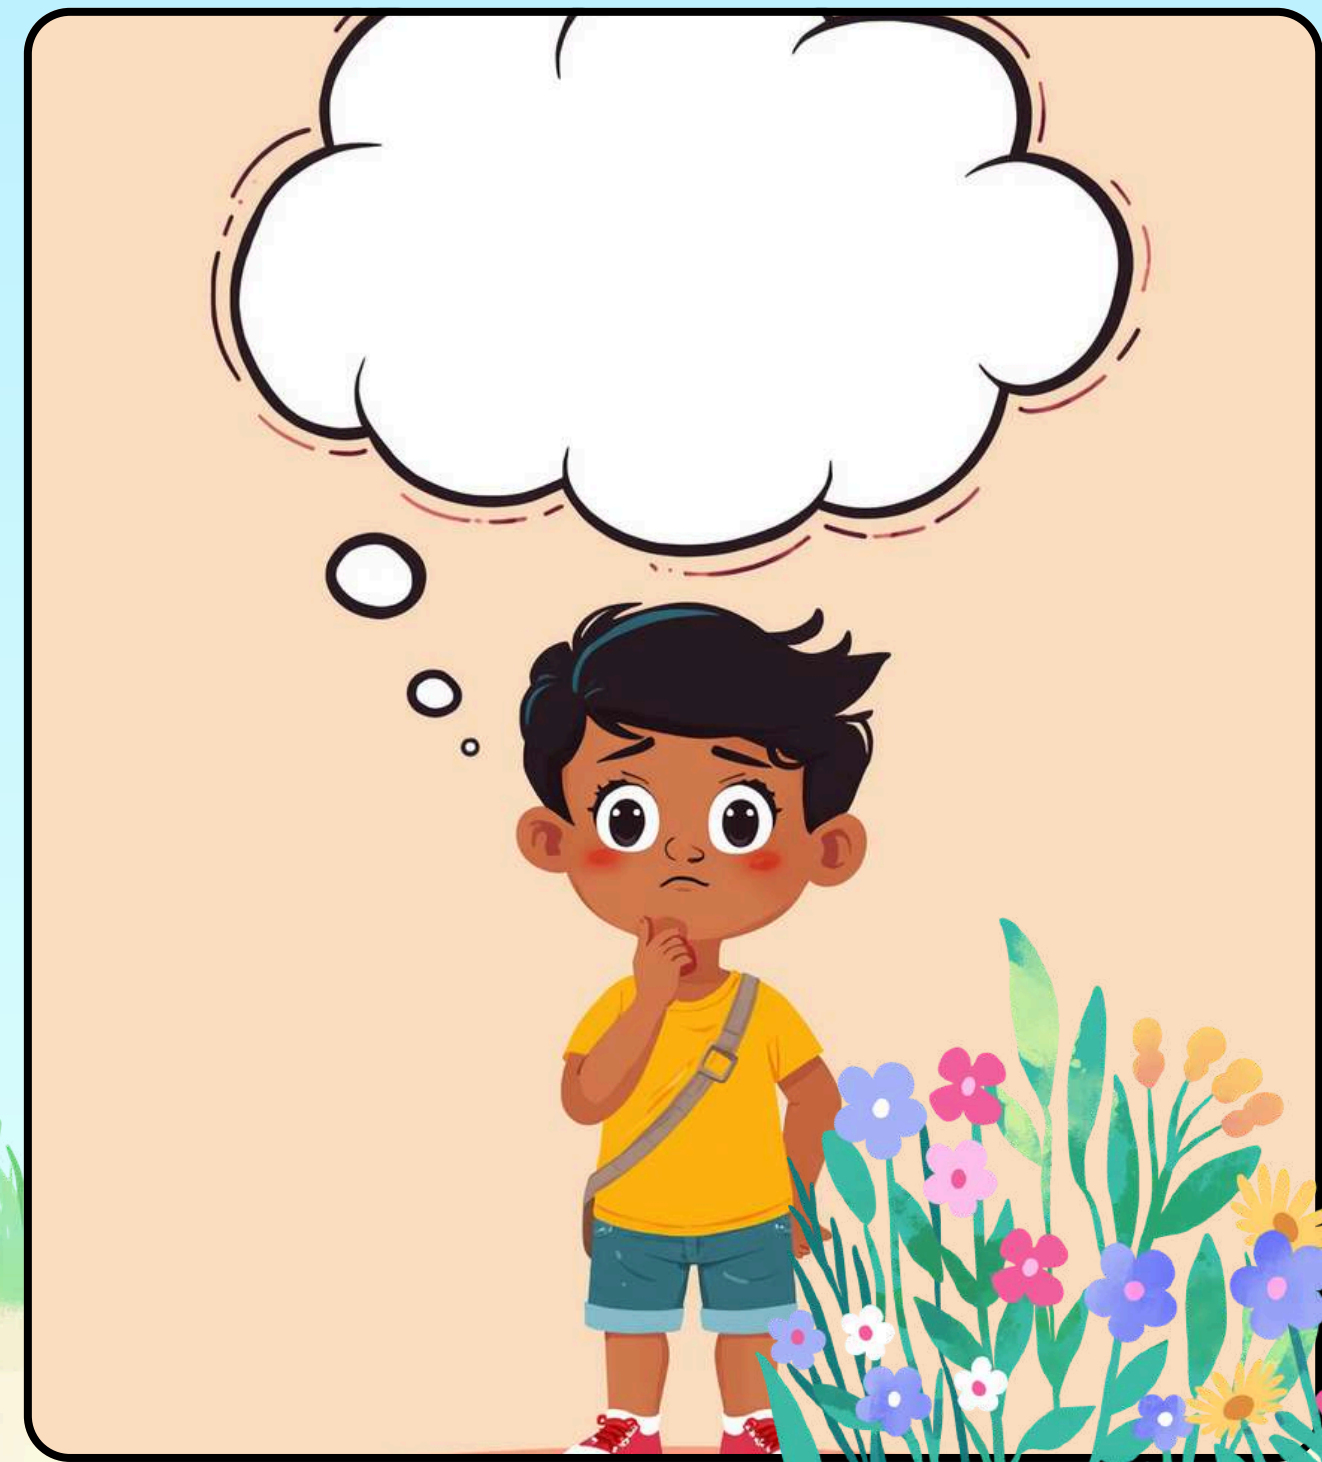

Let's Play a Game!

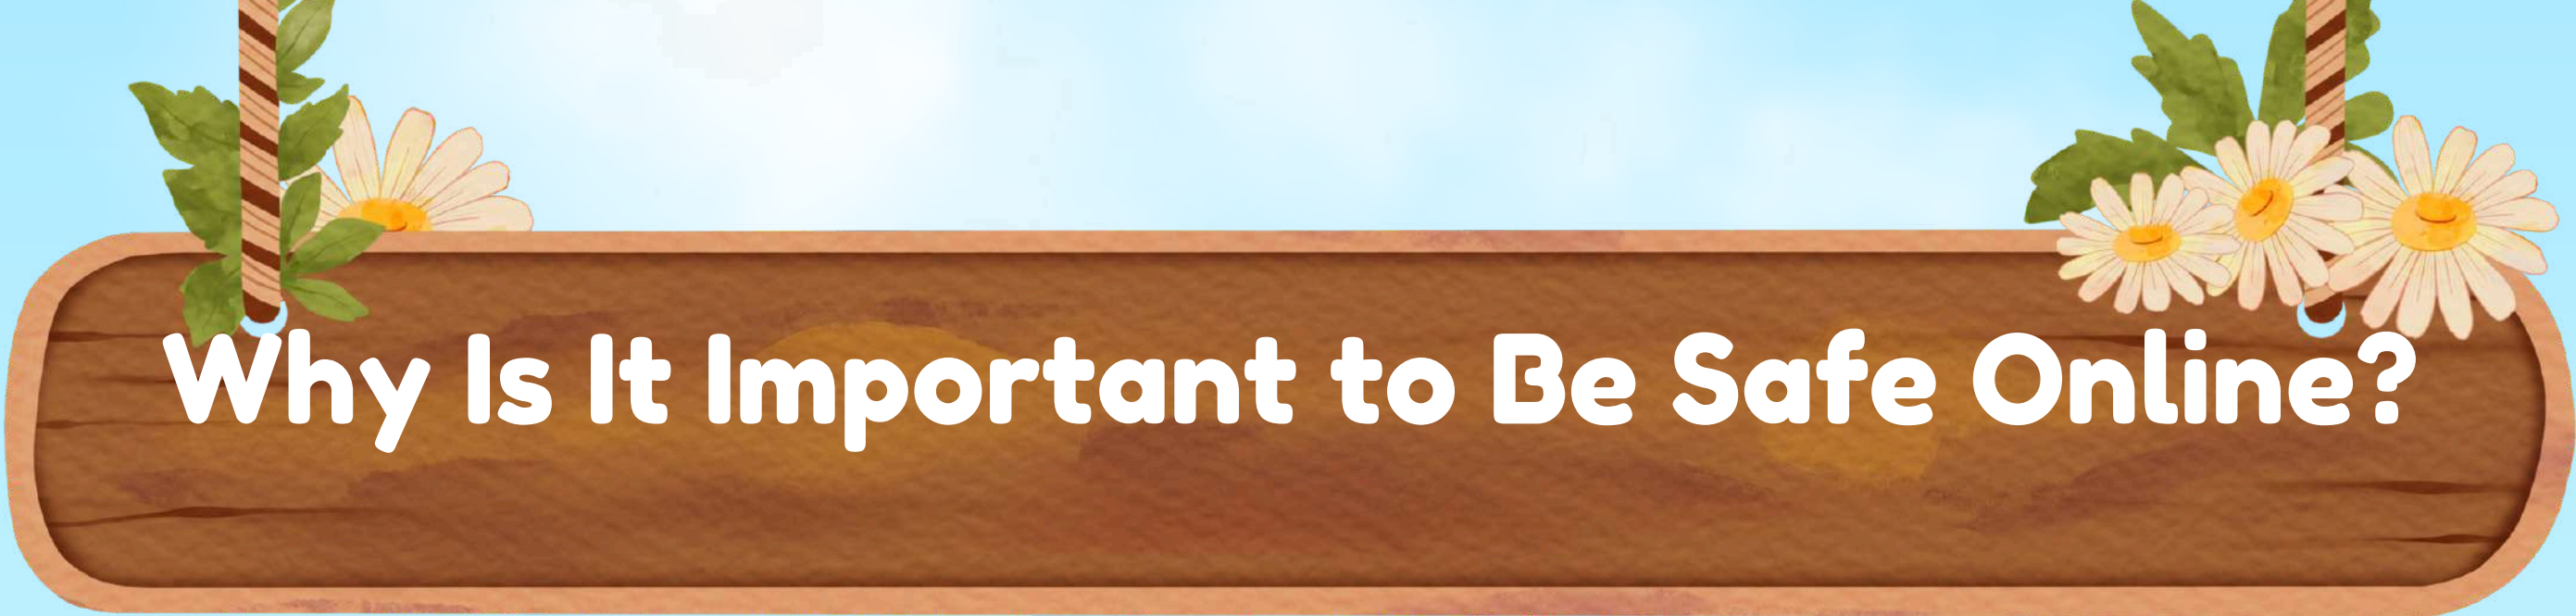

You see a website asking for your full name and address. What do you do?

A) Tell a grown-up ✓

B) Give your info right away

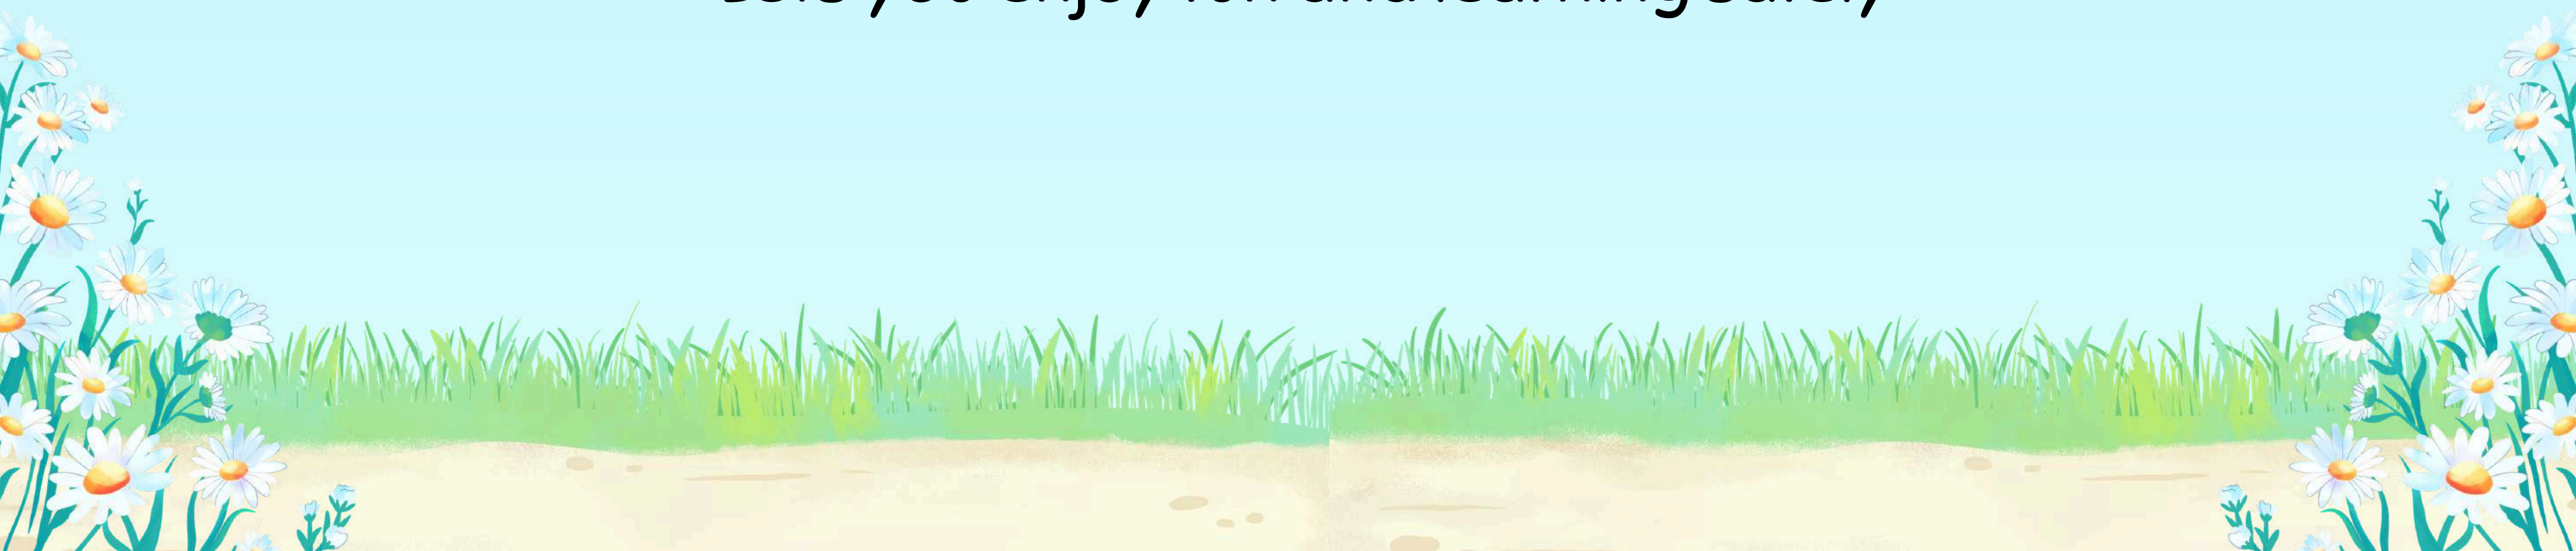

Always choose A! When a website asks for personal details, tell a trusted adult first!

Above the sign, there are illustrations of green leaves and yellow daisies. The background of the slide is a light blue sky with a soft white cloud.

Why Is It Important to Be Safe Online?

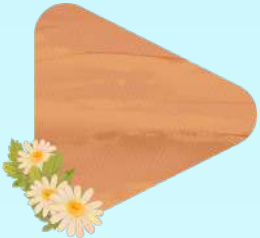

Being safe online helps keep you happy and your family proud!

- Protects your personal information
 - Keeps you away from bad surprises
 - Lets you enjoy fun and learning safely
- 
- A decorative border at the bottom of the slide shows a patch of green grass and yellow daisies on a light brown sandy ground.

Signs of a Safe Website

 Look for a lock symbol in the address bar – it means the website is secure!

 No pop-up ads asking for your personal information – safe sites respect you!

Signs of an Unsafe Website

Lots of pop-up windows that won't go away.
Strange or scary pictures that make you feel uncomfortable.

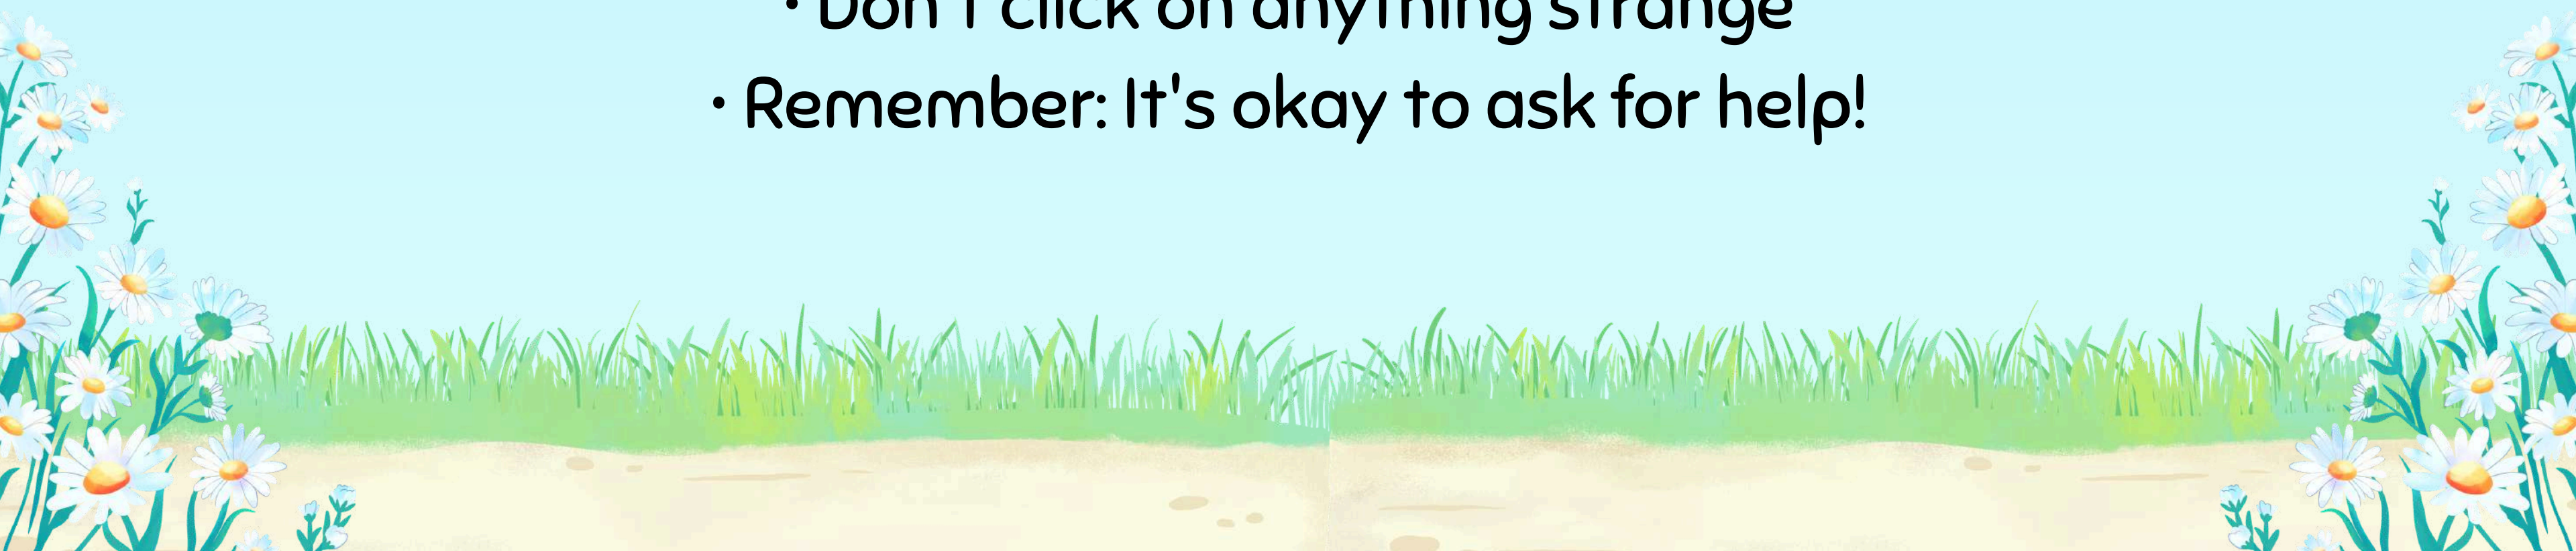

Requests for your personal info like name or address. Links that don't work or take you somewhere else.

What Should You Do?

If you see an unsafe website, follow these steps:

- Tell a grown-up right away
 - Close the website quickly
 - Don't click on anything strange
 - Remember: It's okay to ask for help!
