

Make a Quiz Game in HTML!

**What if YOU could
make a quiz game?**

What is HTML?

Like Talking to Your Computer!

HTML is a special language that tells your computer how to show a page!

Tags are Like Dabbas!

Just like tiffin boxes hold your food,
HTML tags hold your words and pictures!

The Page Skeleton

It holds everything on your page, like a big tiffin box holds all your food!

This dabba holds what we see on the page - like rotis inside your tiffin!

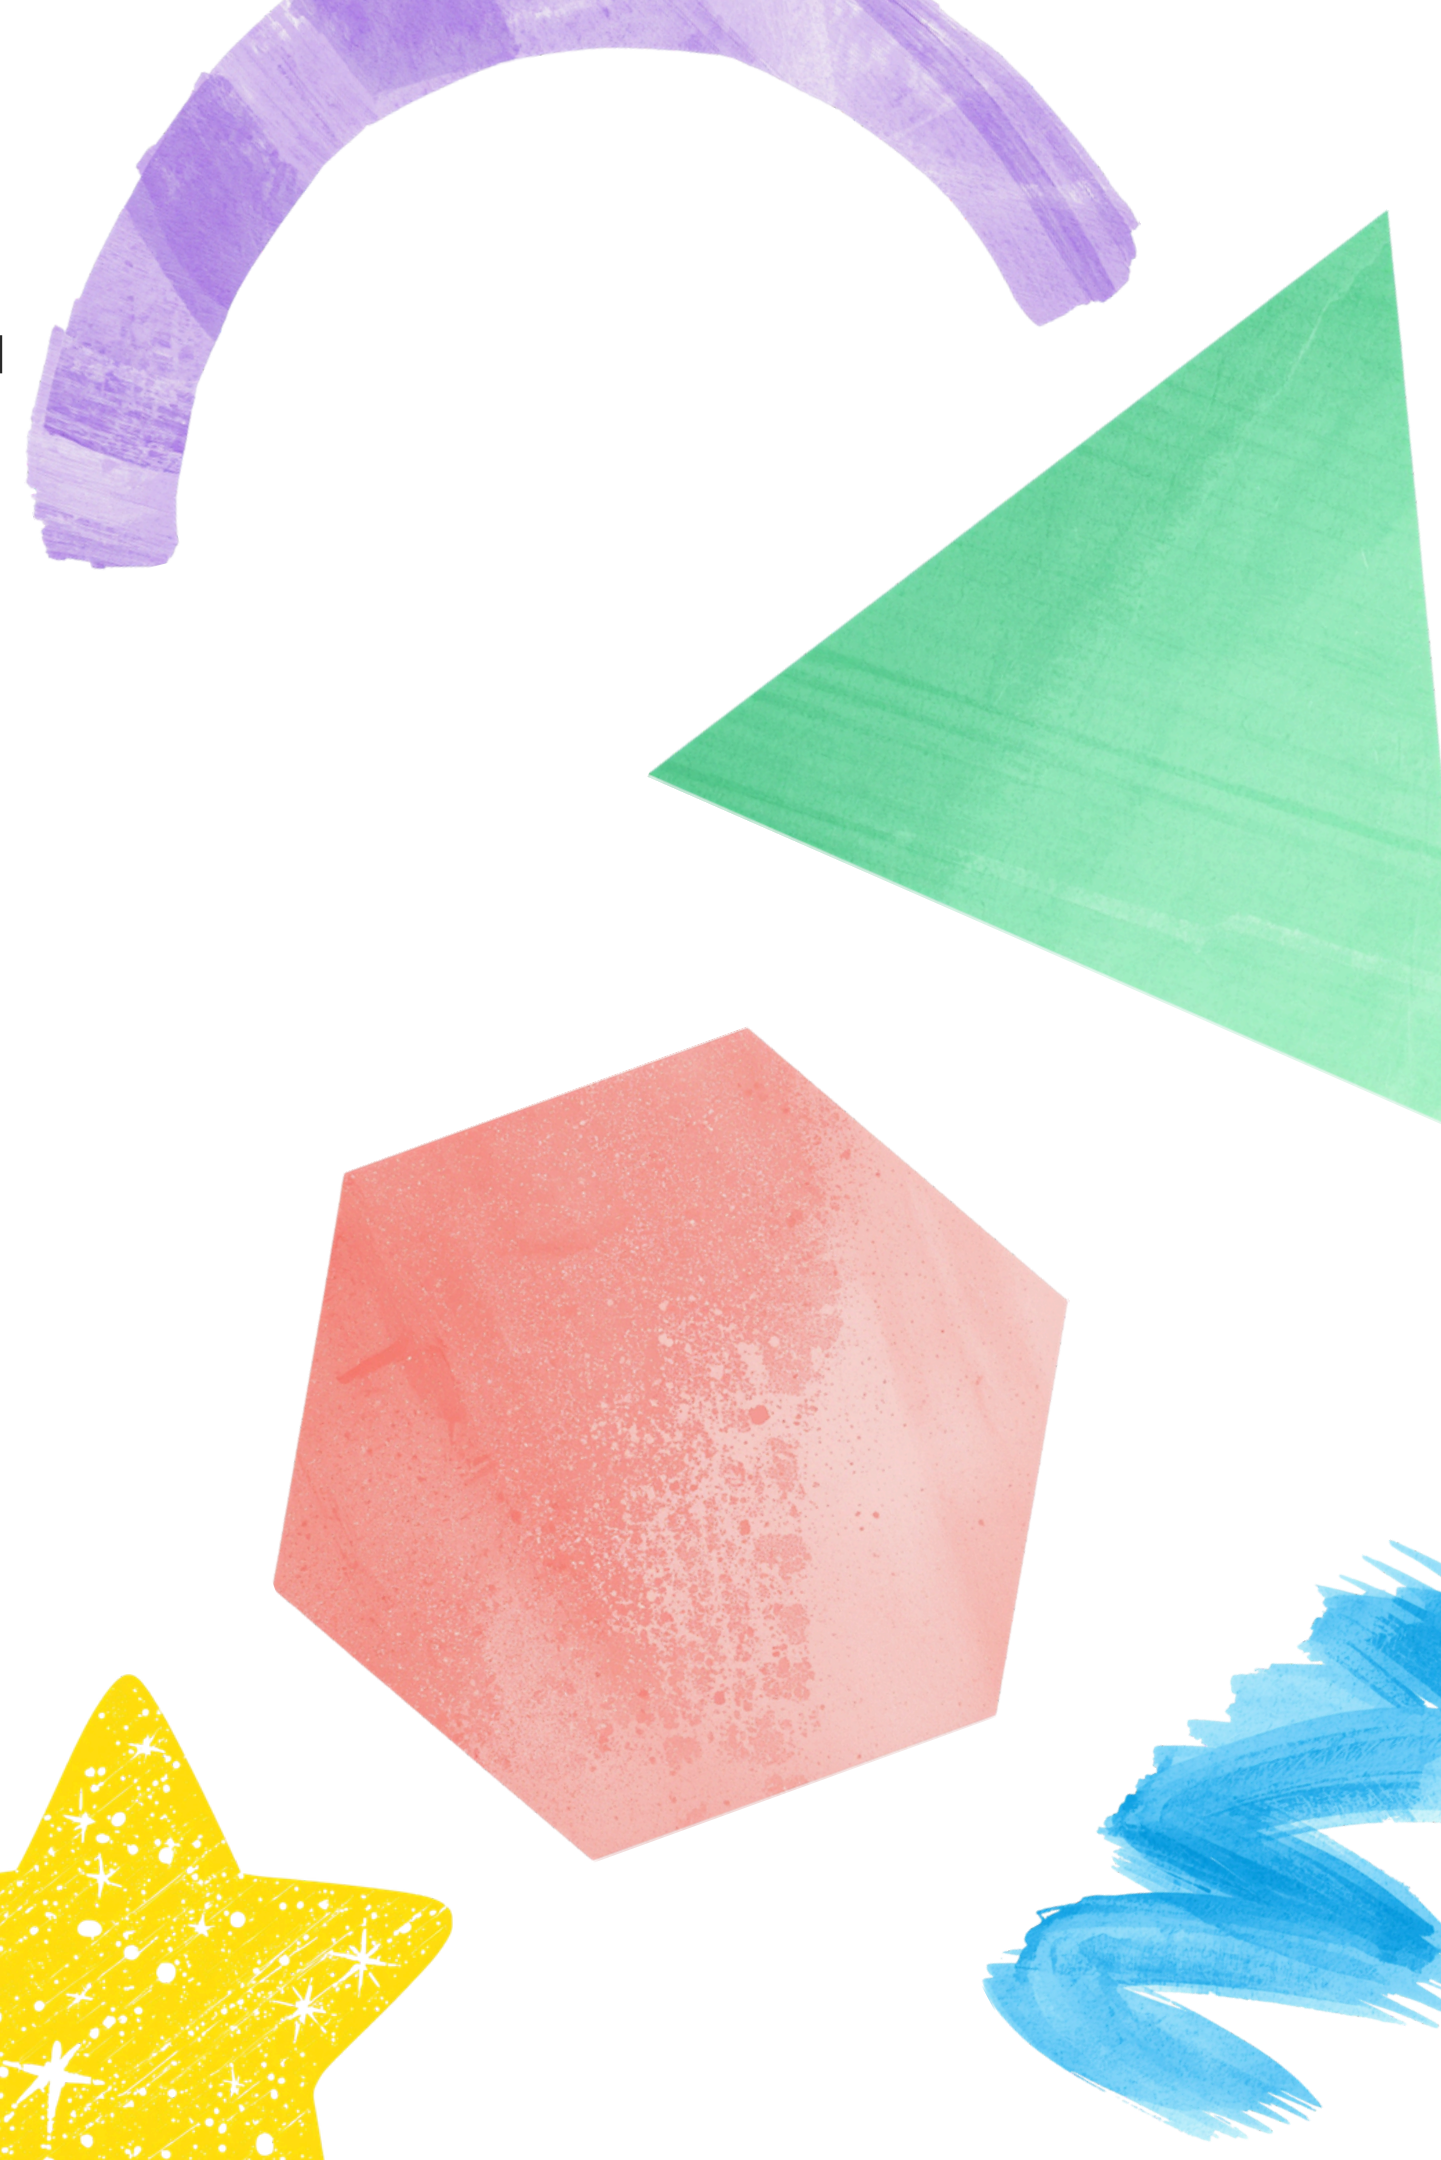

Try It! Build Your Page Skeleton

Can you make your own big dabba page? Write or say: then then and

Try It! Add Your Question

Write your own question
inside and
Like: What colour is the
Ashoka Chakra?

Adding Buttons for Answers

Use to tell players what to do, like
"Choose the correct answer:"

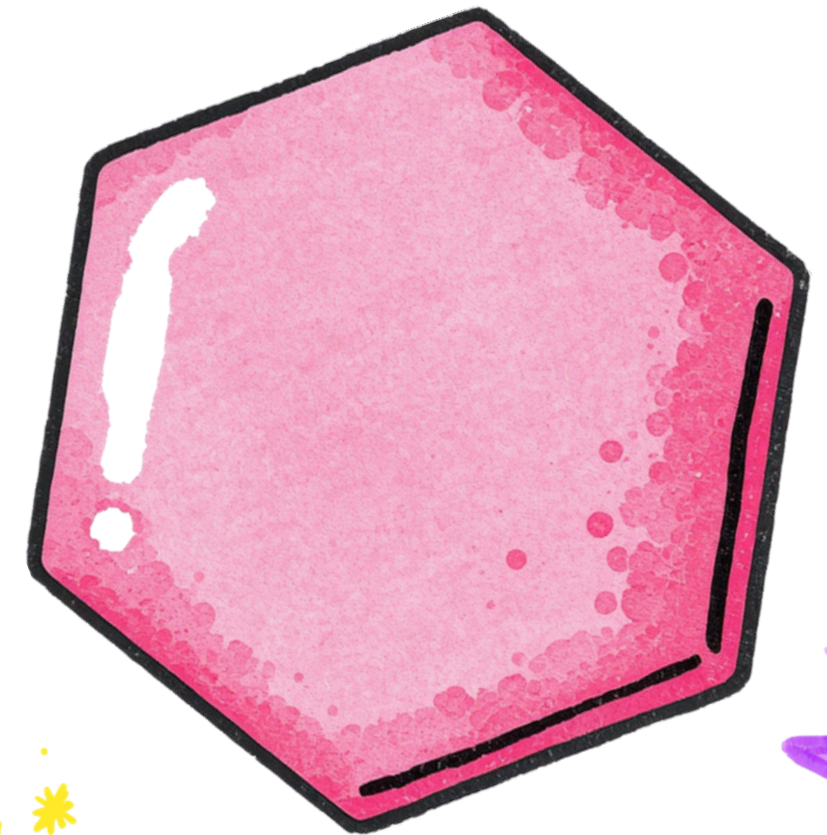

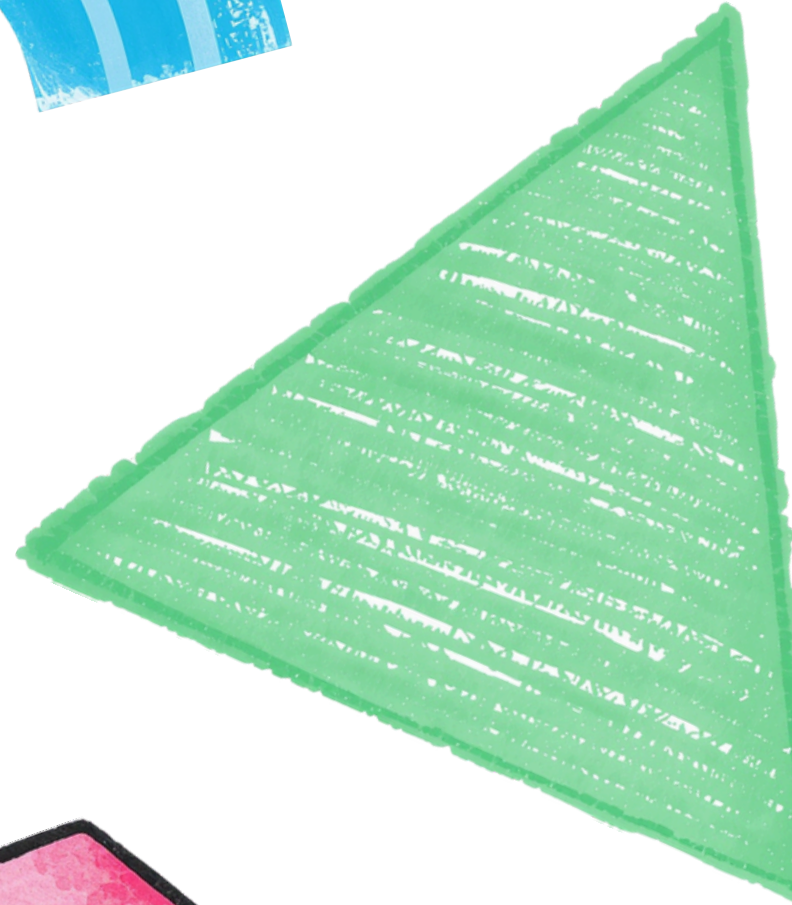

makes a clickable button!

Like a KBC buzzer! Make buttons
with Tiger and Elephant

Try It! Add Your Buttons

Make two buttons for
your answers!
Like: Blue Green

Open Your HTML File in Browser

Save Your File

Save your file with .html ending — like
MyQuiz.html

Open in Browser

Open it in your magic chashma
(browser) to see your page!

Mini Challenge: Make YOUR Quiz!

Festival of Lights Quiz

What festival is Festival of Lights? Try: Diwali Holi

Seasons of India Quiz

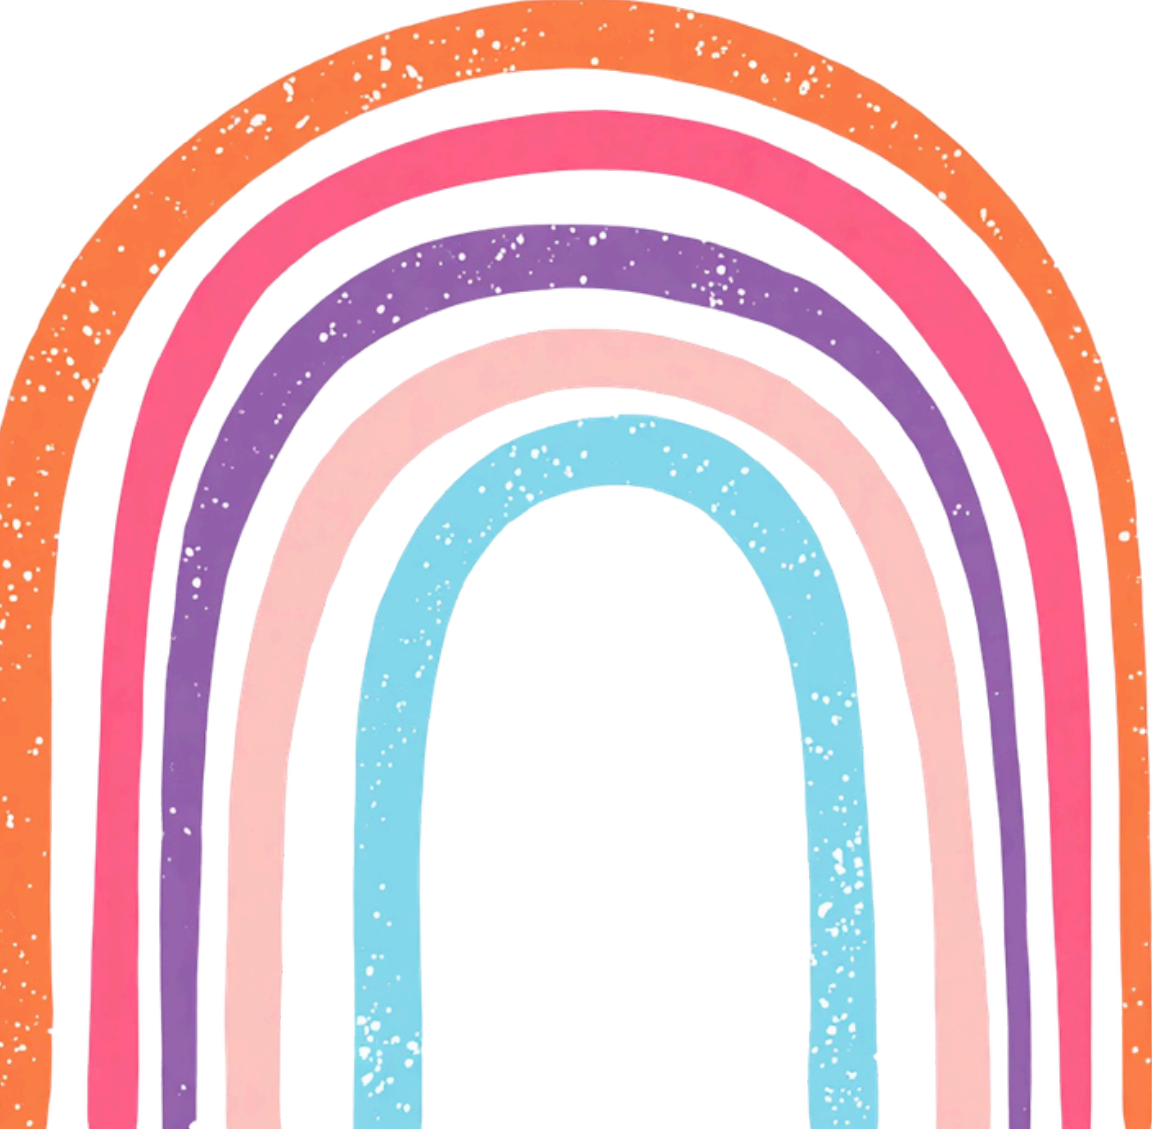

How many seasons does India have? Try: Four Two

Your Own Question

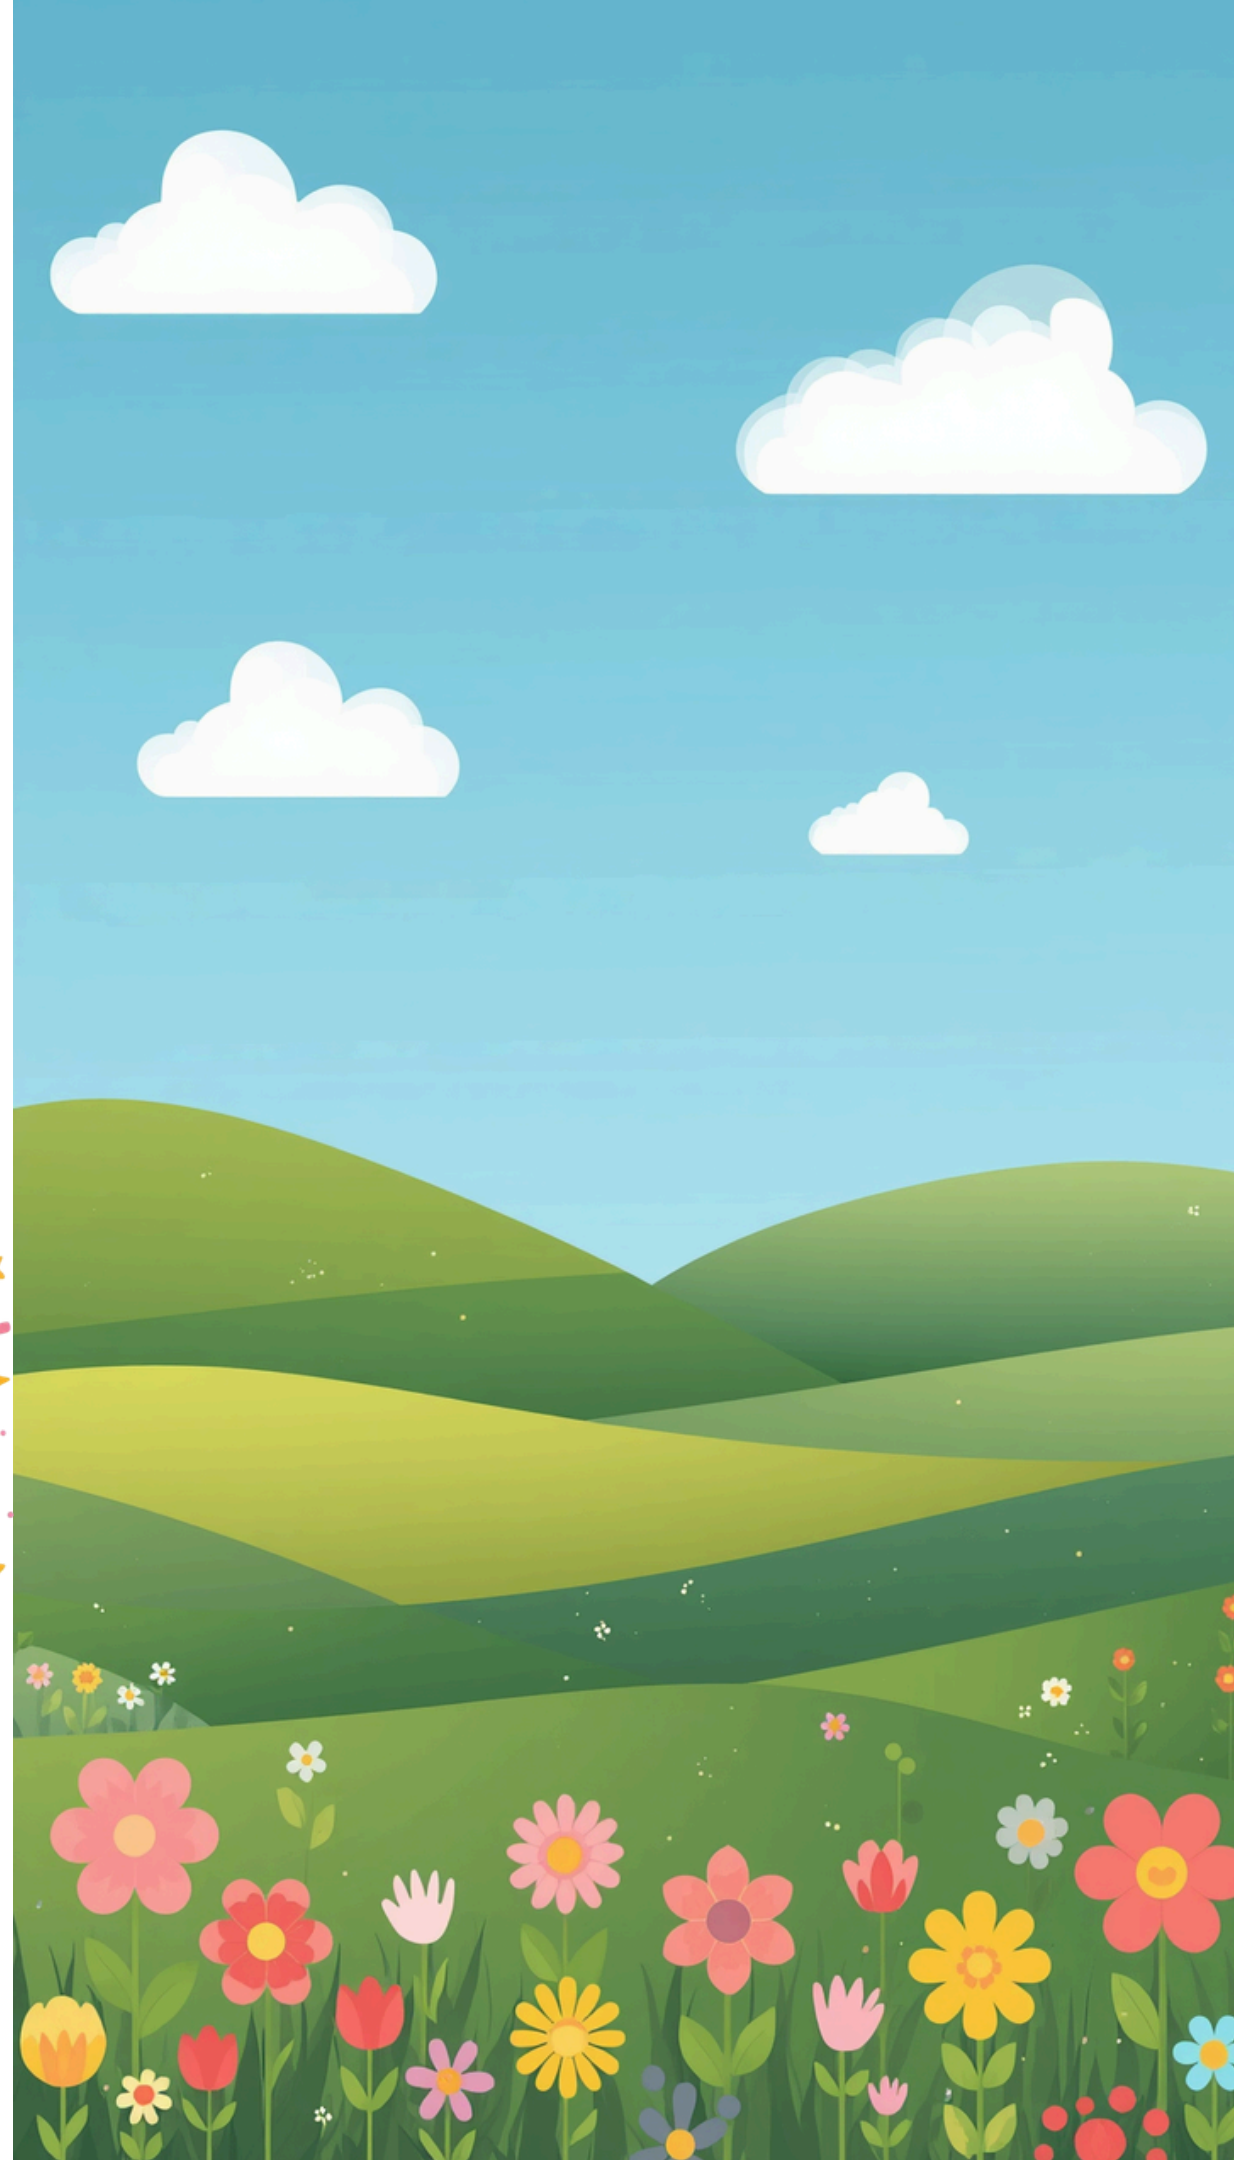

Think of a fun question about India! Write it inside and tags.

Your Own Answers

Make two buttons for your answers! You can do it! Wah!

Look What You Learned!

HTML is like talking to computer!

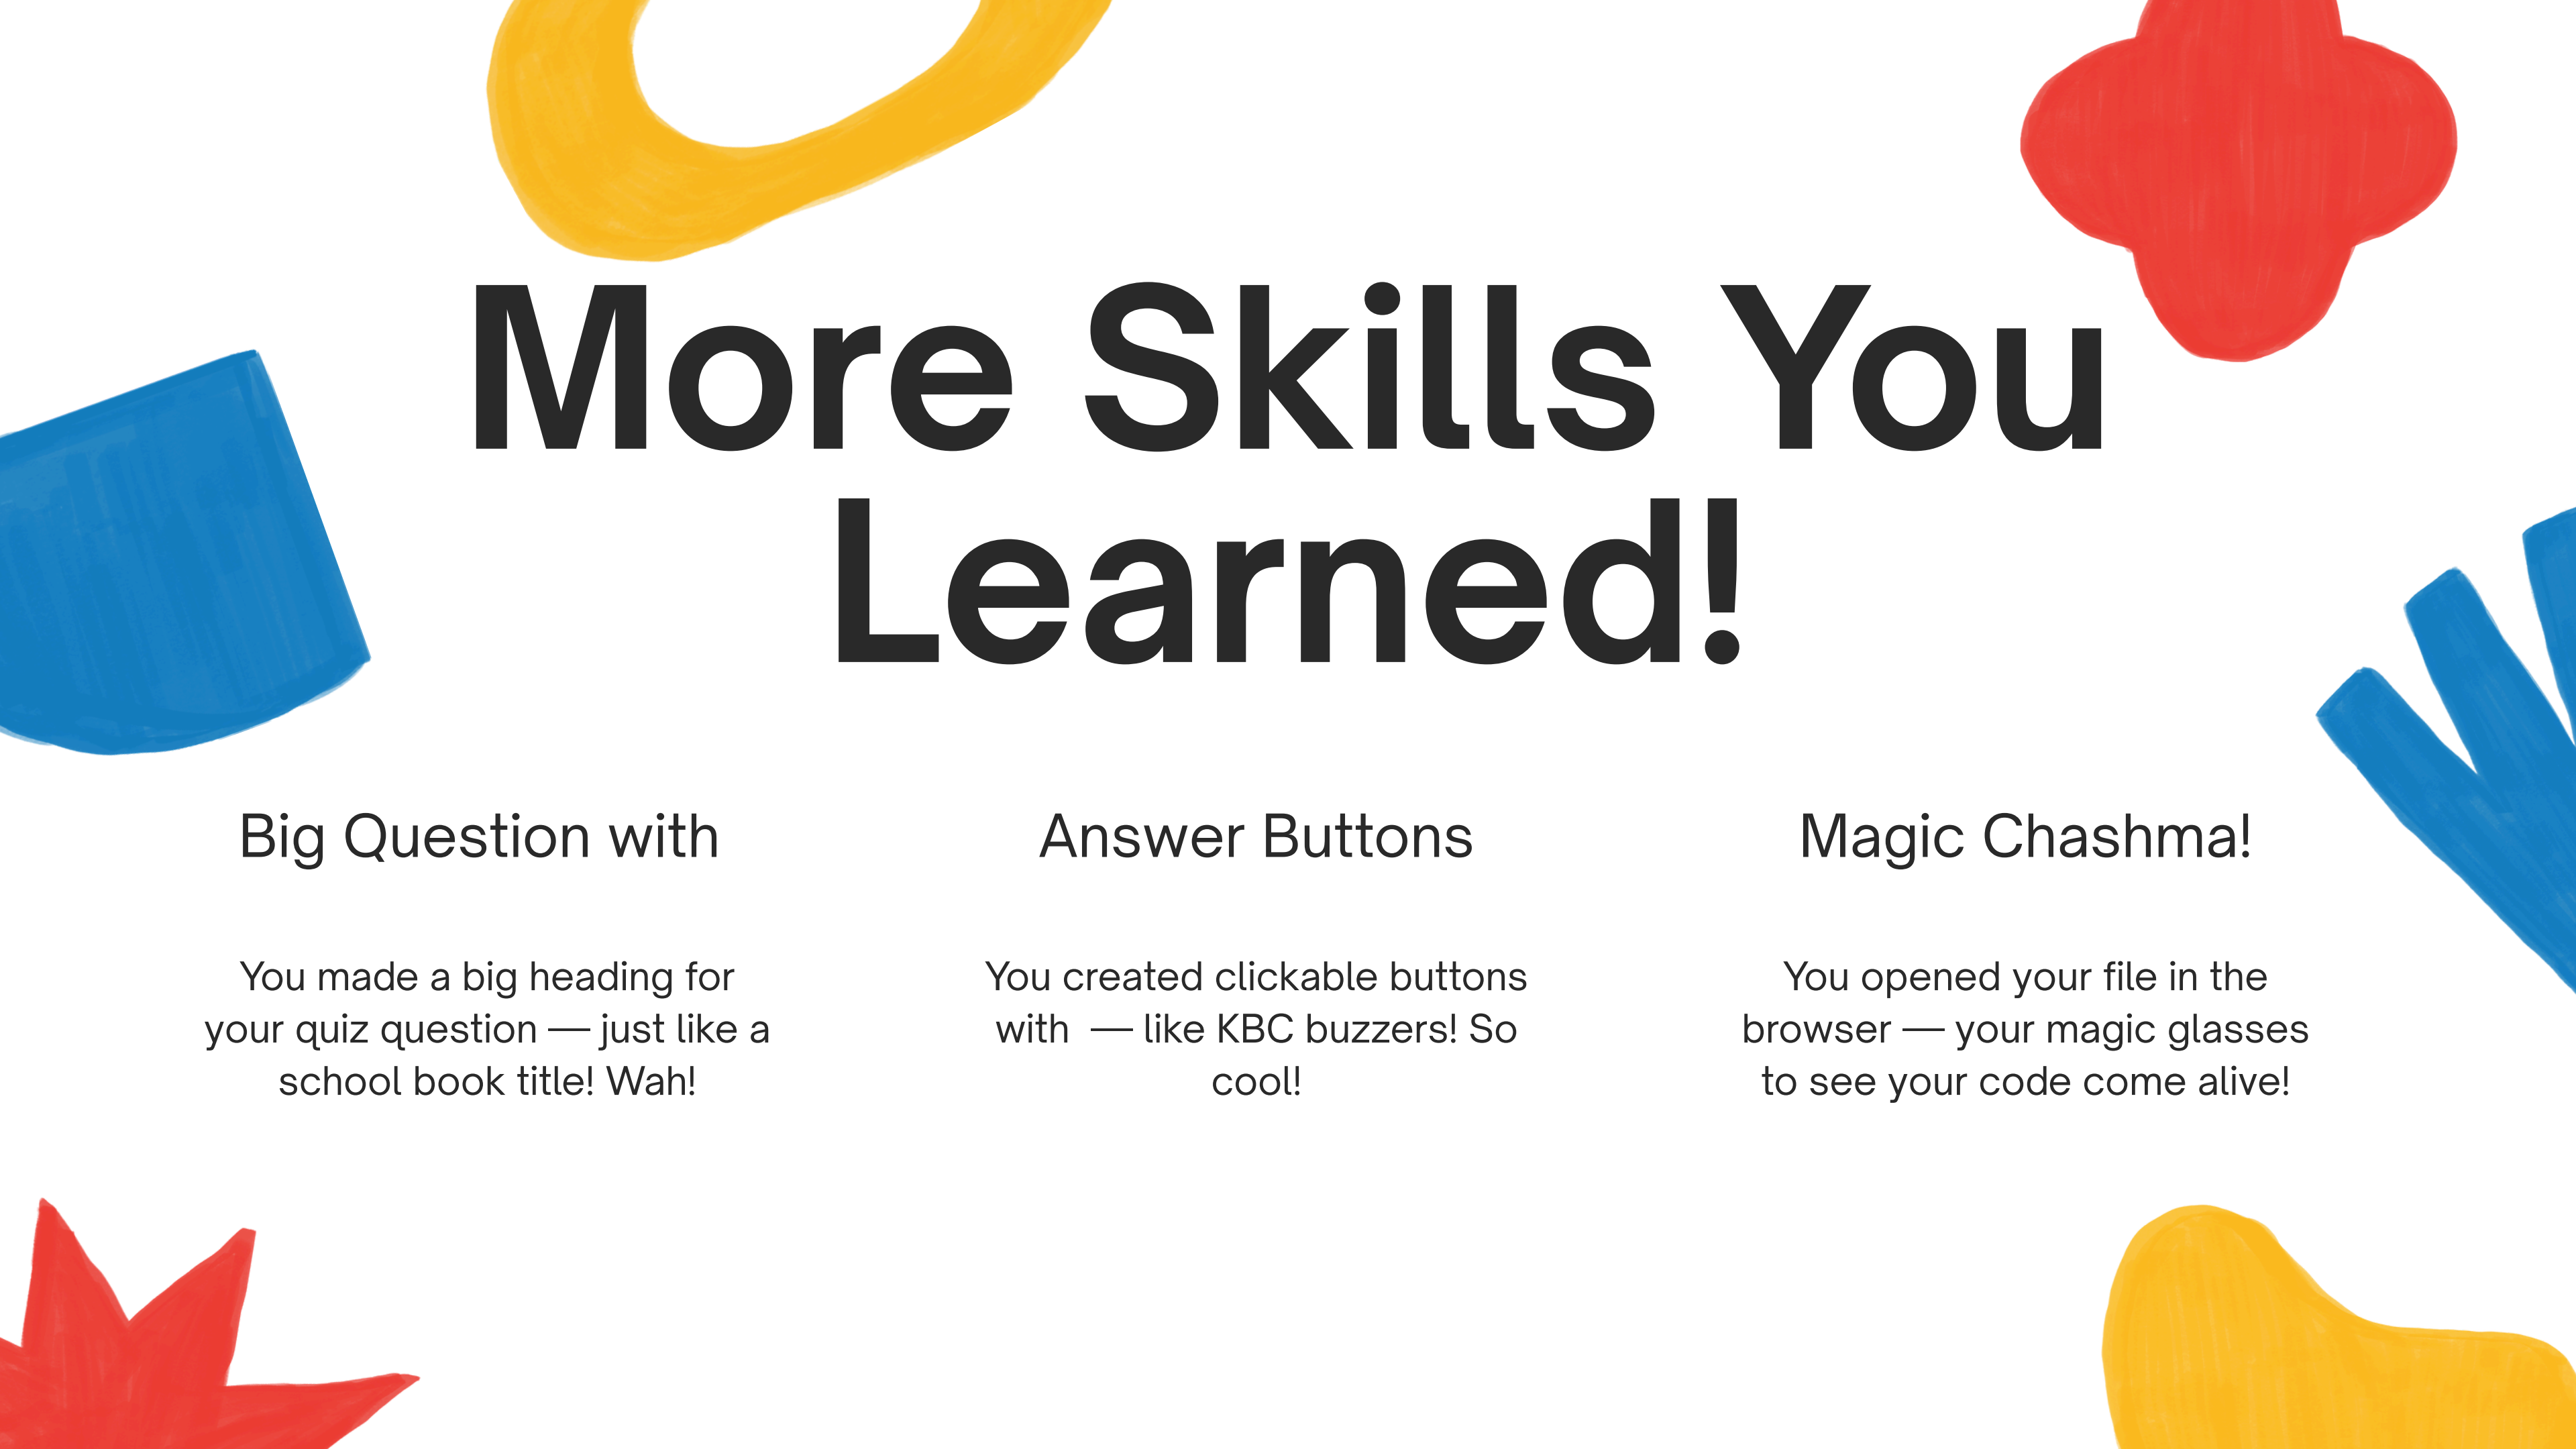

You learned that HTML helps you tell your computer what to show on a page — like magic words!

Tags are dabbas (tiffin boxes)!

Tags open and close like tiffin boxes to hold your content inside — neat and tidy!

Made a page skeleton!

You built your first page with `<html>` and `<body>` tags — the big dabbas that hold everything!

More Skills You Learned!

Big Question with

You made a big heading for your quiz question — just like a school book title! Wah!

Answer Buttons

You created clickable buttons with — like KBC buzzers! So cool!

Magic Chashma!

You opened your file in the browser — your magic glasses to see your code come alive!

Next Steps & Keep Coding!

You are a coding dost now!

Keep making fun quiz games and explore more HTML tags. Practice every day!

Ask Didi/Bhaiya for help!

Whenever you get stuck, ask your teacher or family. Coding is more fun together!

Thank You! Wah!
