

Income & Expenses: The Family Budget Story

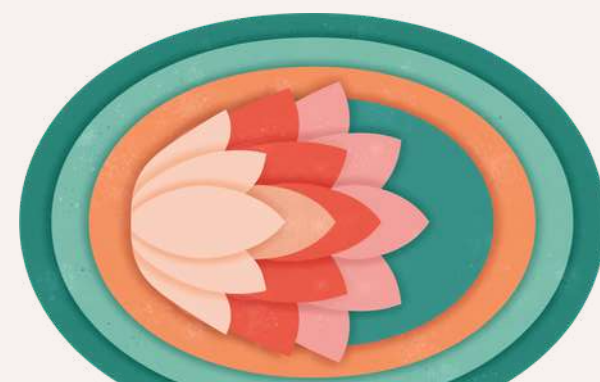

This is Aarav and his family!
They live together in a cozy
home in Pune.

Planrs Academy

Meet the
Sharma Family
from Pune!

What is Income?

Income is all the money your family gets from working or helping others

Papa's Salary ₹

Papa works at an IT company in Bengaluru and gets money every month

Mummy's Tiffin Business ₹

Mummy makes yummy tiffins and delivers them to earn money

Didi's Bookmark Sales ₹

Didi sells pretty bookmarks at school fair and earns pocket money

How Do People Earn Money?

There are many different ways families earn money in India!

1

Vegetable Vendor ₹

Sells fresh tomatoes and onions at the local mandi every day

2

Doctor ₹

Earns salary by helping patients get better at the hospital

3

Auto Driver ₹

Earns fare money by giving rides to people around the city

What are Expenses?

Expenses are all the things your family spends money on

Vegetables & Daal-Chawal ₹

Buying fresh vegetables and daal-chawal from the kirana store

School Fee & Notebooks ₹

Paying school fee and buying new notebooks for class

Cricket Bat & Electricity ₹

Buying a cricket bat for weekend play and paying the electricity bill for fans and lights

The Sharma Family Goes to the Market

Join Aarav and his family on their exciting trip to the local bazaar! Papa carries the shopping list, Mummy picks fresh vegetables, while Aarav spots a shiny toy car. Nana heads to the medical shop for his medicines.

Needs vs Wants

Let's learn the difference between what we **MUST** have and what we **LIKE** to have!

NEEDS ✓

- Roti, sabzi, dal (food)
- School uniform & shoes
- Medicines when sick
- Electricity & water

WANTS ❤️

- New video game
- Extra snacks from canteen
- Fancy birthday cake
- Diwali crackers

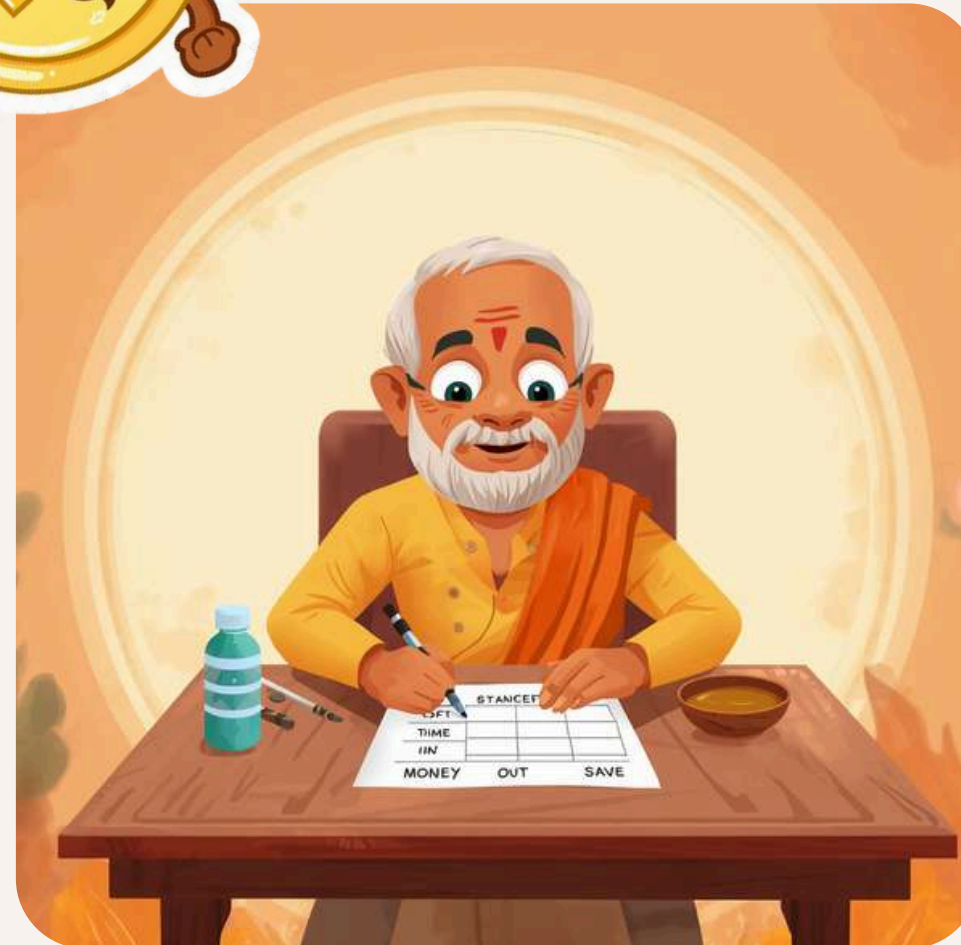

Things we LIKE!

We buy needs first, then wants if money is left!

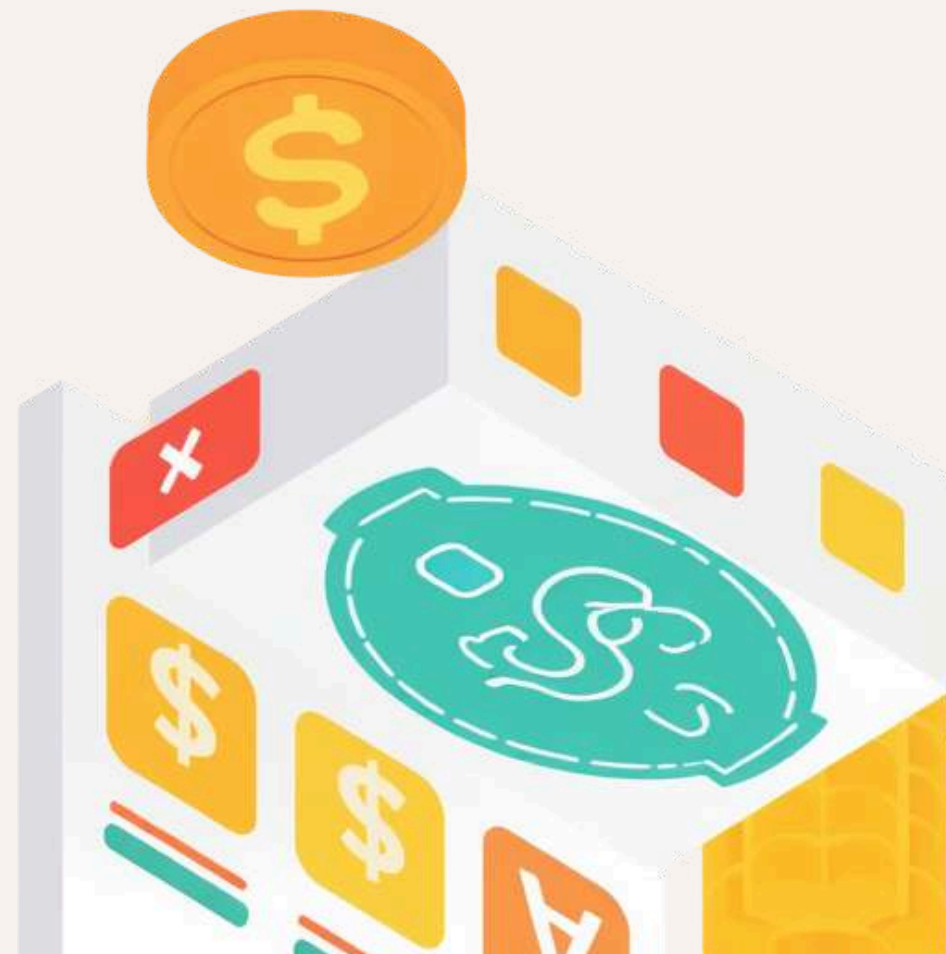

What is a Family Budget?

A family budget is like a to-do list for money. It shows how much money comes in, what the family will spend it on, and how much they will save!

The Sharma Family Makes a Budget

Let's see how the family plans their money!

Money In (Income)

Papa's salary: ₹50,000

Mummy's tiffin business: ₹15,000

Total Income: ₹65,000

Money Out (Expenses)

Groceries: ₹12,000

School fee: ₹8,000

Electricity: ₹3,000

Transport: ₹4,000

Other: ₹10,000

Save

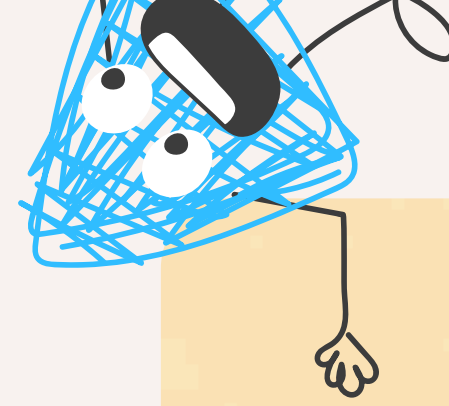

₹6,500 goes into the piggy bank every month!

Why Do We Save Money?

Aarav drops five rupee coins into his piggy bank every time Papa gives him pocket money. When his school needs new colour pencils, Aarav uses his piggy bank money and does not have to ask Papa!

What Did We Learn Today?

Aarav shares the important money lessons we discovered!

Income is Earned

Income is money our family earns from working — like Papa's salary and Mummy's tiffin business!

Needs & Wants

Expenses are things we spend money on — some are needs we must have, some are wants we like!

Budget & Save

A budget helps us plan our money wisely and save for special things later!

My Family Budget Challenge

Draw your family's income and 3 expenses this week! Talk to your family about how they earn and spend money!

Congratulations!

You Are a Money Expert Now!

Great job learning about money!
