

AI Regulation & Future Careers

Who's Driving the Bus?

Who controls the bus when it drives itself?
Just like traffic rules keep us safe on the
road, AI needs rules too!

Why AI Needs Rules

Meet Aria, the AI assistant at a Kolkata library! She helps students find books in seconds. But just like Delhi's traffic cameras keep roads safe and fair, Aria must follow rules to keep things right for everyone.

Aria finds your book fast – but follows library rules!

Delhi traffic cameras use AI to keep roads safe for all

AI rules make sure technology is fair, safe, and honest

Fairness & Bias in AI

Does AI treat all mangoes fairly – yellow Alphonso or green Totapuri? Sometimes AI makes mistakes. We need to teach it to be fair to everyone!

AI can accidentally favour one type over another

Biased data leads to unfair decisions by AI

We must teach AI to be fair to everyone!

Protecting Your Privacy!

AI listens in Hindi, Tamil, and Marathi – but your personal info is always private. Just like your Digital ID card, AI must keep your secrets safe!

Your Digital ID keeps your info safe and secure

Voice assistants must never share what you say

AI must protect data in every language

Future Careers: Jobs of 2035

Meet three amazing job-holders of the future! AI is creating exciting new careers across India – from farms to hospitals to game studios.

Ananya: Drone Farming
Specialist (Nashik)

Kabir: AI Video Game
Ethicist (Hyderabad)

Dr. Priya: Tele-Medicine AI
Specialist (Kochi)

Humans + AI = Teamwork

People and AI working together can do amazing things!
When humans guide AI and AI helps humans, everyone
benefits.

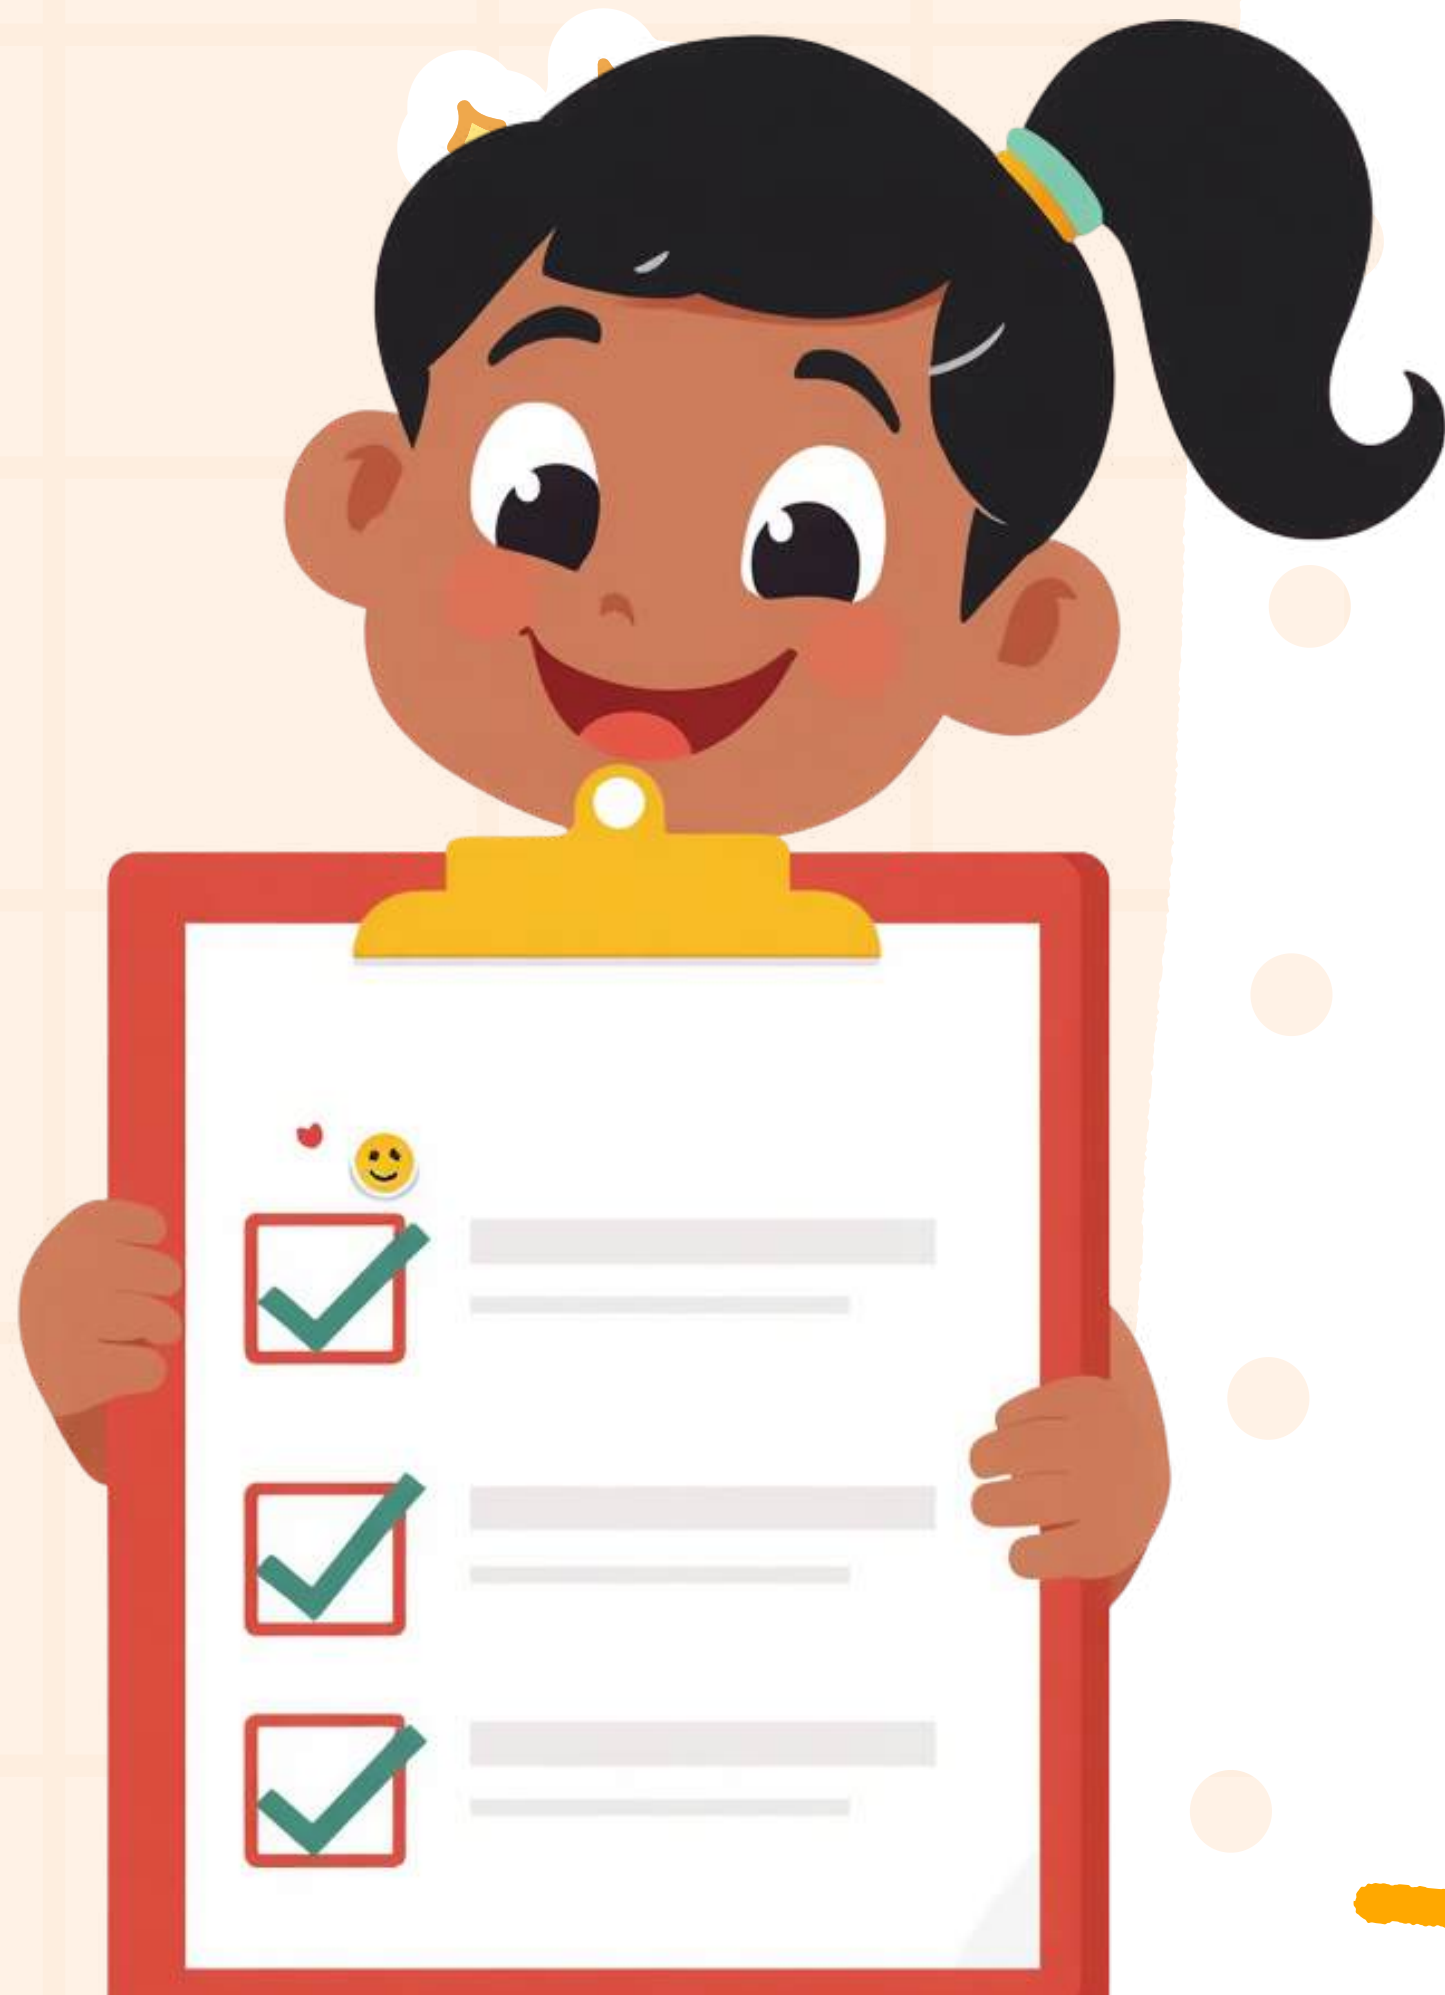

Smart farming with drones

Fair and fun video games

Remote healthcare for all

Your 3-Step AI Safety Check

Before using any AI tool, run through these three quick checks. Being a smart AI user keeps you and everyone else safe!

Does AI follow the rules?

Is AI fair to everyone?

Is my data safe and private?

Thank You!

You can help make AI safe and fair!
What future job will you choose?
Let's keep learning and exploring!
