

Let's Learn Together!

Saving & Goal Setting

Learning to save money and reach your dreams!

What Is Money?

Understanding the Basics

Money helps us get things!

Money is what we use to buy things we want or need. It comes in coins and notes. When we go to a shop, we give money to get things like food, toys, or books.

What Does Saving Mean?

Saving means keeping some money aside instead of spending it right away. It's like keeping a treasure safe for later!

Example: If you get 10 rupees and keep 3 rupees in your piggy bank, you are saving! The 3 rupees you kept will grow over time, helping you buy something special later.

Why Should We Save Money?

Saving money is important for many reasons. Let's find out why!

- To buy things we really want!
- To be ready for surprises or emergencies!
- To help reach big goals!
- To learn good habits for life!

NEEDS: THINGS WE MUST HAVE

Food to eat, clothes to wear, and school supplies to learn. These are things we need to live and grow every day!

WANTS: THINGS THAT ARE FUN

Toys, sweets, and video games are fun to have, but we can live without them. Needs are important to live; wants are extra fun things!

How Can We Save Money?

Here are some easy ways to start saving your money:

- Use a piggy bank or jar at home
- Ask for a small weekly allowance
- Save money from gifts or pocket money
- Avoid spending on small things every day

SHORT-TERM GOALS: REACH THEM SOON!

Short-term goals are things you can save for quickly! Like buying a new storybook, a coloring set, or your favorite snack. These goals take just a few days or weeks to reach.

LONG-TERM GOALS: BIG DREAMS TAKE TIME!

Long-term goals take more time and patience. Like saving for a bicycle, a cricket bat, or a family trip. These goals might take months, but they feel extra special when you reach them!

Examples of Short-Term Goals

FAVORITE STORYBOOK

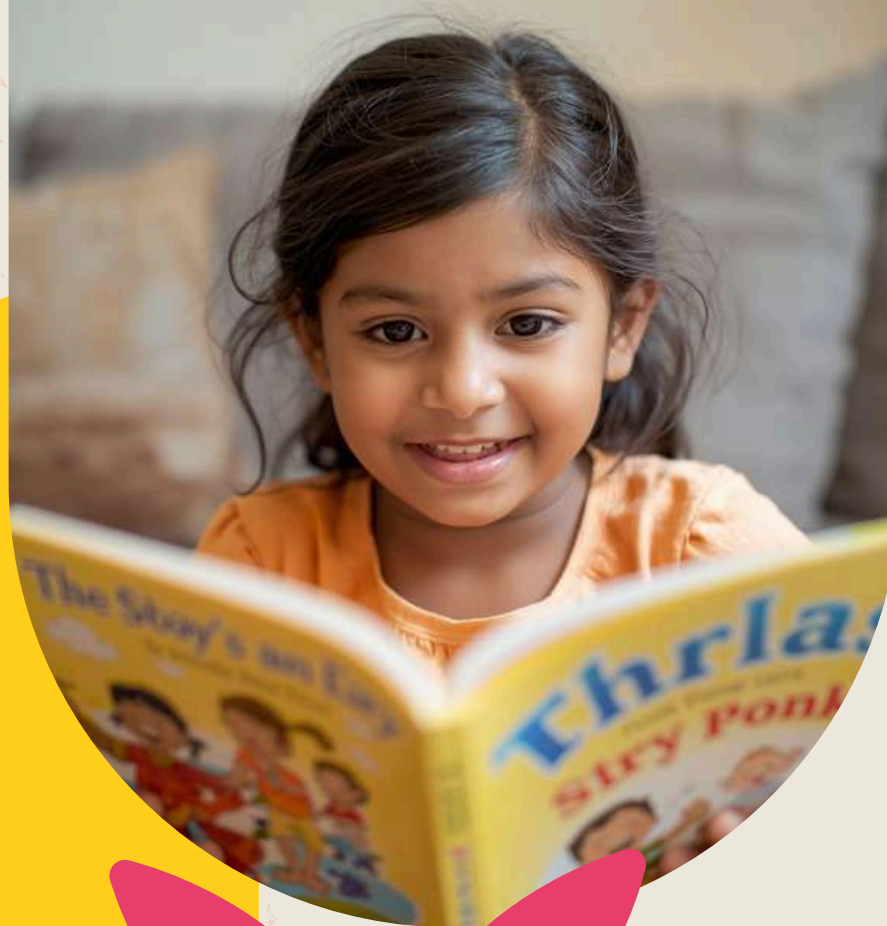

Save up for that exciting adventure book you've been wanting to read!

NEW STATIONERY SET

Collect money for colorful pens, pencils, and erasers for school.

ICE CREAM TREAT

Save a little each day for a special trip to the ice cream shop with friends!

Examples of Long-Term Goals

SAVING FOR A BICYCLE

A bicycle costs more money, so you need to save for many weeks or months to buy one!

SAVING FOR A FAMILY TRIP

Family vacations are special! Saving a little each week helps make the trip happen.

SAVING FOR SCHOOL EVENTS

School fairs and picnics need money too. Start saving early so you can enjoy all the fun activities!

How to Set Your Own Goal

Think about what you really want to save for. Ask yourself these questions to get started!

What do I want to save for? How much money do I need? How long will it take to save? Where will I keep my savings? These simple questions will help you create your very own savings goal!

Steps to Reach Your Goal!

Follow these simple steps to save for what you want:

Decide what you want to save for
Find out how much it costs
Save a little money regularly
Keep your money safe in a piggy bank
Check your progress often

Fun Ways to Save Money!

Saving money can be exciting and creative! Try these fun ideas:

Make your own piggy bank at home!
Save coins with friends and compare!
Draw a savings chart and color it!
Celebrate when you reach a goal!

Riya's Saving Journey

Meet Riya! She wanted a shiny red bicycle but it cost 500 rupees. That seemed like a lot!

Riya made a plan. Every week, she saved 20 rupees from her pocket money in her piggy bank. She drew a chart to track her savings. After 25 weeks, Riya had saved enough! She bought her bicycle and felt so proud. Riya learned that small savings add up to big dreams!

What Have We Learned?

01 Money Helps Us

Money is what we use to buy the things we need and want. It helps us get food, clothes, toys, and more!

02 Saving Is Smart

Saving means keeping money safe for later instead of spending it all. We learned about needs vs wants too!

03 Goals Are Fun

Goals help us save for things we really want. Whether short-term or long-term, saving can be exciting and rewarding!

Let's Think! Time to Use Your Saving Skills!

A Fun Question for You!

If you get 20 rupees, how much will you save for your goal? Think about it and share your answer with your classmates!

Thank You & Keep Saving!
