

MY FIRST WEATHER JOURNAL: BECOMING A JUNIOR METEOROLOGIST

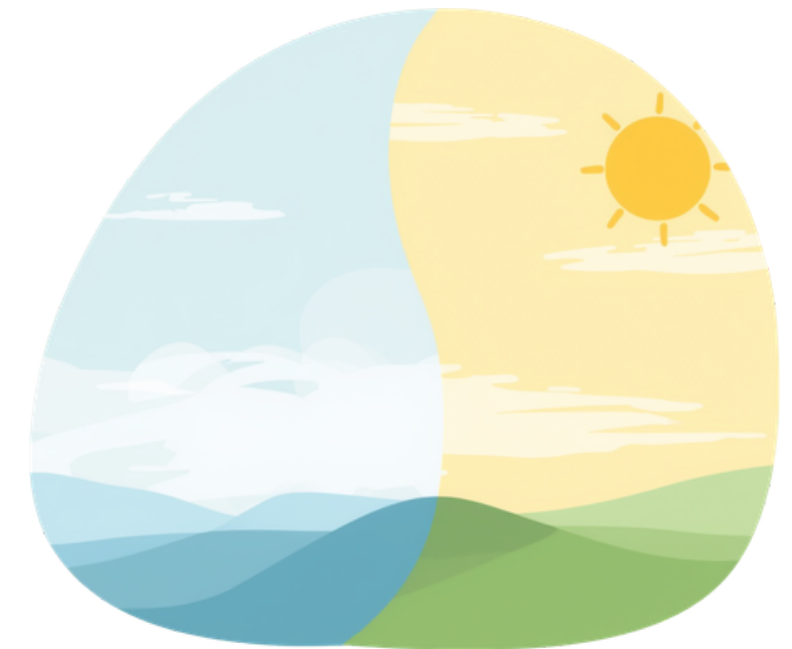

Look Out of the Window!

Is the sun smiling at you? Are
clouds playing hide and seek? Do
you see leaves dancing?
Weather (Mausam) is all around us!

What is Weather (Mausam)?

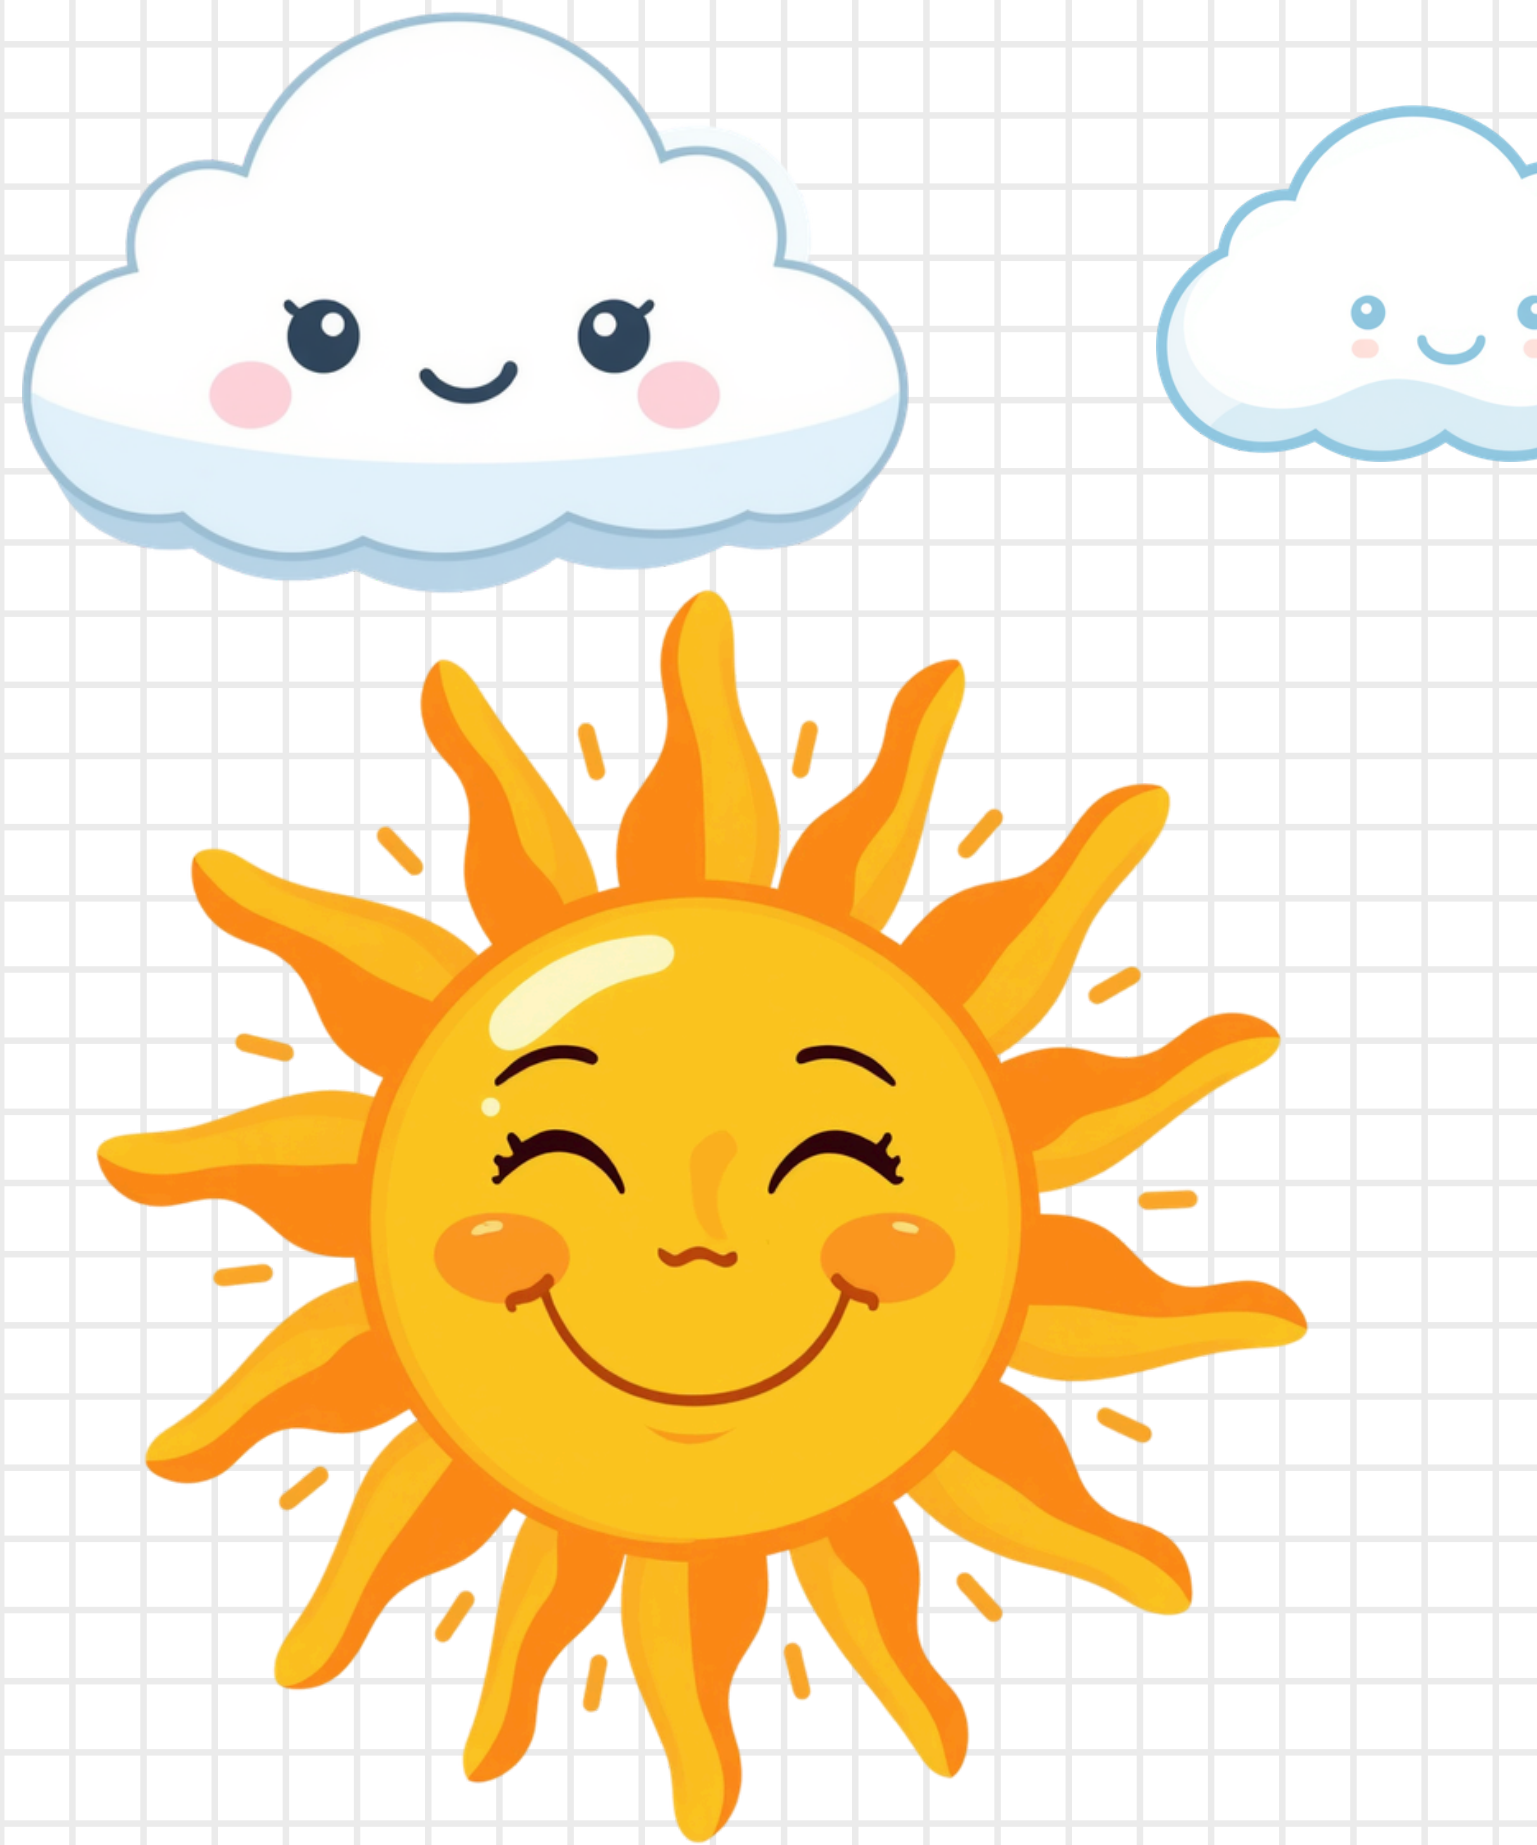

**Weather is how the sky and air feel right now.
In Delhi, mornings can be chilly and foggy,
but afternoons are warm and sunny!**

Meet Suraj Chacha! Sunny & Hot Weather

**Sunny weather means bright sun
and warm air.**

**In May, Chennai gets very hot.
People drink tender coconut
water to cool down!**

Meet Megha Cloud – Cloudy Weather

Cloudy weather means the sky is full of clouds.
In Bengaluru, October afternoons have cool clouds blocking the sun.

Meet Bijli & Boond!

Rainy weather means dark clouds and raindrops falling. Monsoon rains in Mumbai bring raincoats and colorful umbrellas!

Meet Pavan the Wind!

Windy weather means the air is moving fast. In Pune, cool winds help kids fly kites and trees sway in the breeze.

Let's Move Like the Weather!

Shiver like cold rain! ☁️🌧️

Fan yourself like hot sun! ☀️

Sway like windy trees! 🌳

Create Your Weather Journal!

Make a special journal with a 4-quadrant grid!

Draw today's weather and circle the right picture.

What Did You Wear or Eat Today?

- ☀️ Sunny: Cotton t-shirt & watermelon
- ☁️🌧️ Rainy: Raincoat & hot corn (bhutta)
- ☁️☀️ Cloudy/Windy: Light sweater & warm milk

Sample Weather Journal Entry

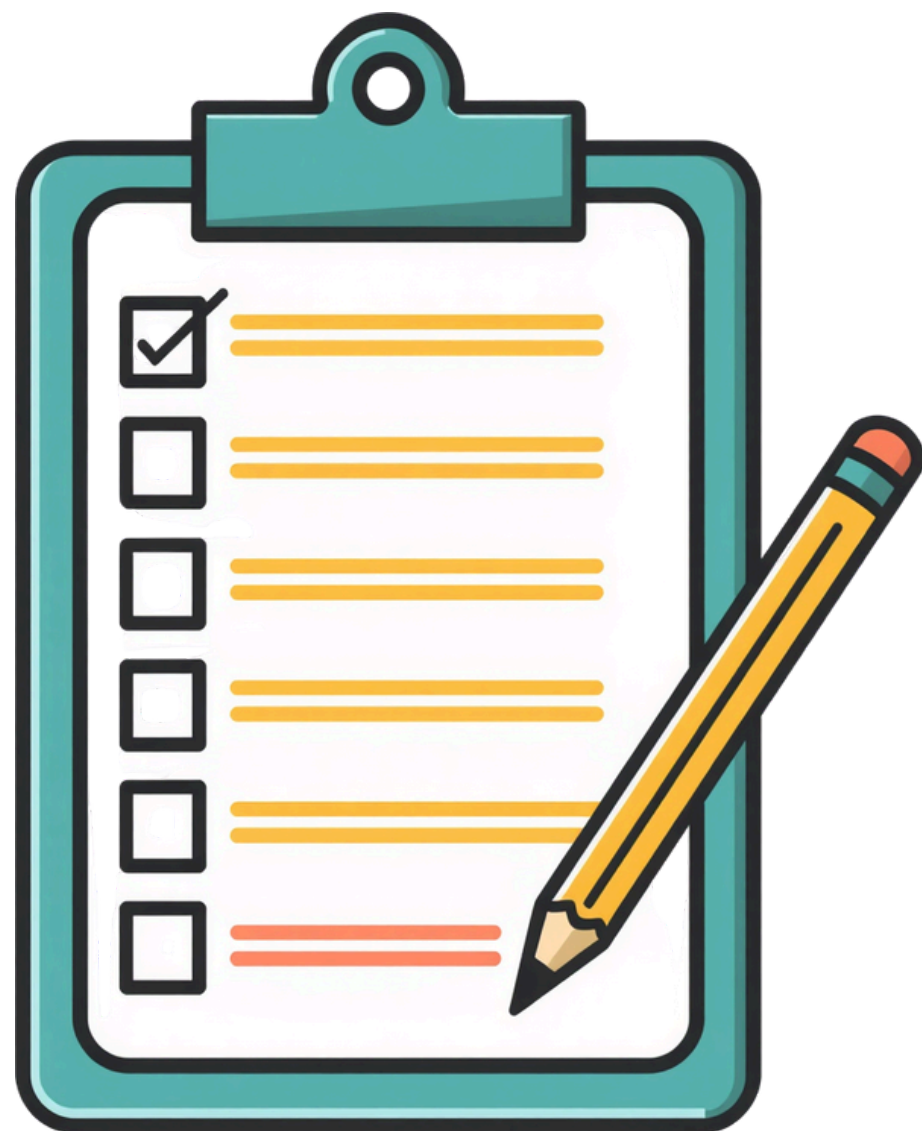

Circle the sun icon, draw a cotton t-shirt, and draw a bowl of lassi. You can do this every day!

Why Keep a Weather Journal?

Weather changes every day.
Journals help us watch and learn
like real scientists!

Your Weekly Weather Mission! ☀️

Watch the weather every morning before school for 7 days!

Day 1 Day 2 Day 3 Day 4

Day 5 Day 6 Day 7

Share what you found with your family! 🌈

Thank You & Let's Explore Weather Together!
Watch the sky, draw your journal, and have
fun! 🌞☁️
