

**THE SOUR & BITTER
DETECTIVE:
KITCHEN CHEMISTRY FUN!**

KABIR DROPS YELLOW ALOO-JEERA CURRY ON HIS
WHITE UNIFORM. LEELA WASHES WITH LAUNDRY
SOAP — STAIN TURNS DEEP RED!

MAGIC?!

Is it magic? Is it blood?!
No! It's Kitchen Chemistry!
Haldi (turmeric) in the curry reacts
with the soap (a base) and changes
colour from yellow to deep red!

THE SOUR KINGDOM (ACIDS)

NIMBU
(LEMON)

DAHI
(CURD)

IMLI
(TAMARIND)

KACCHA AAM
(RAW MANGO)

TOMATO JUICE

MULTIPLE CHOICE

IF SOMETHING FEELS SLIPPERY
AND TASTES BITTER, WHICH TEAM
DOES IT BELONG TO?

A. SOUR ACIDS

B. SOAPY BASES

C. NEITHER

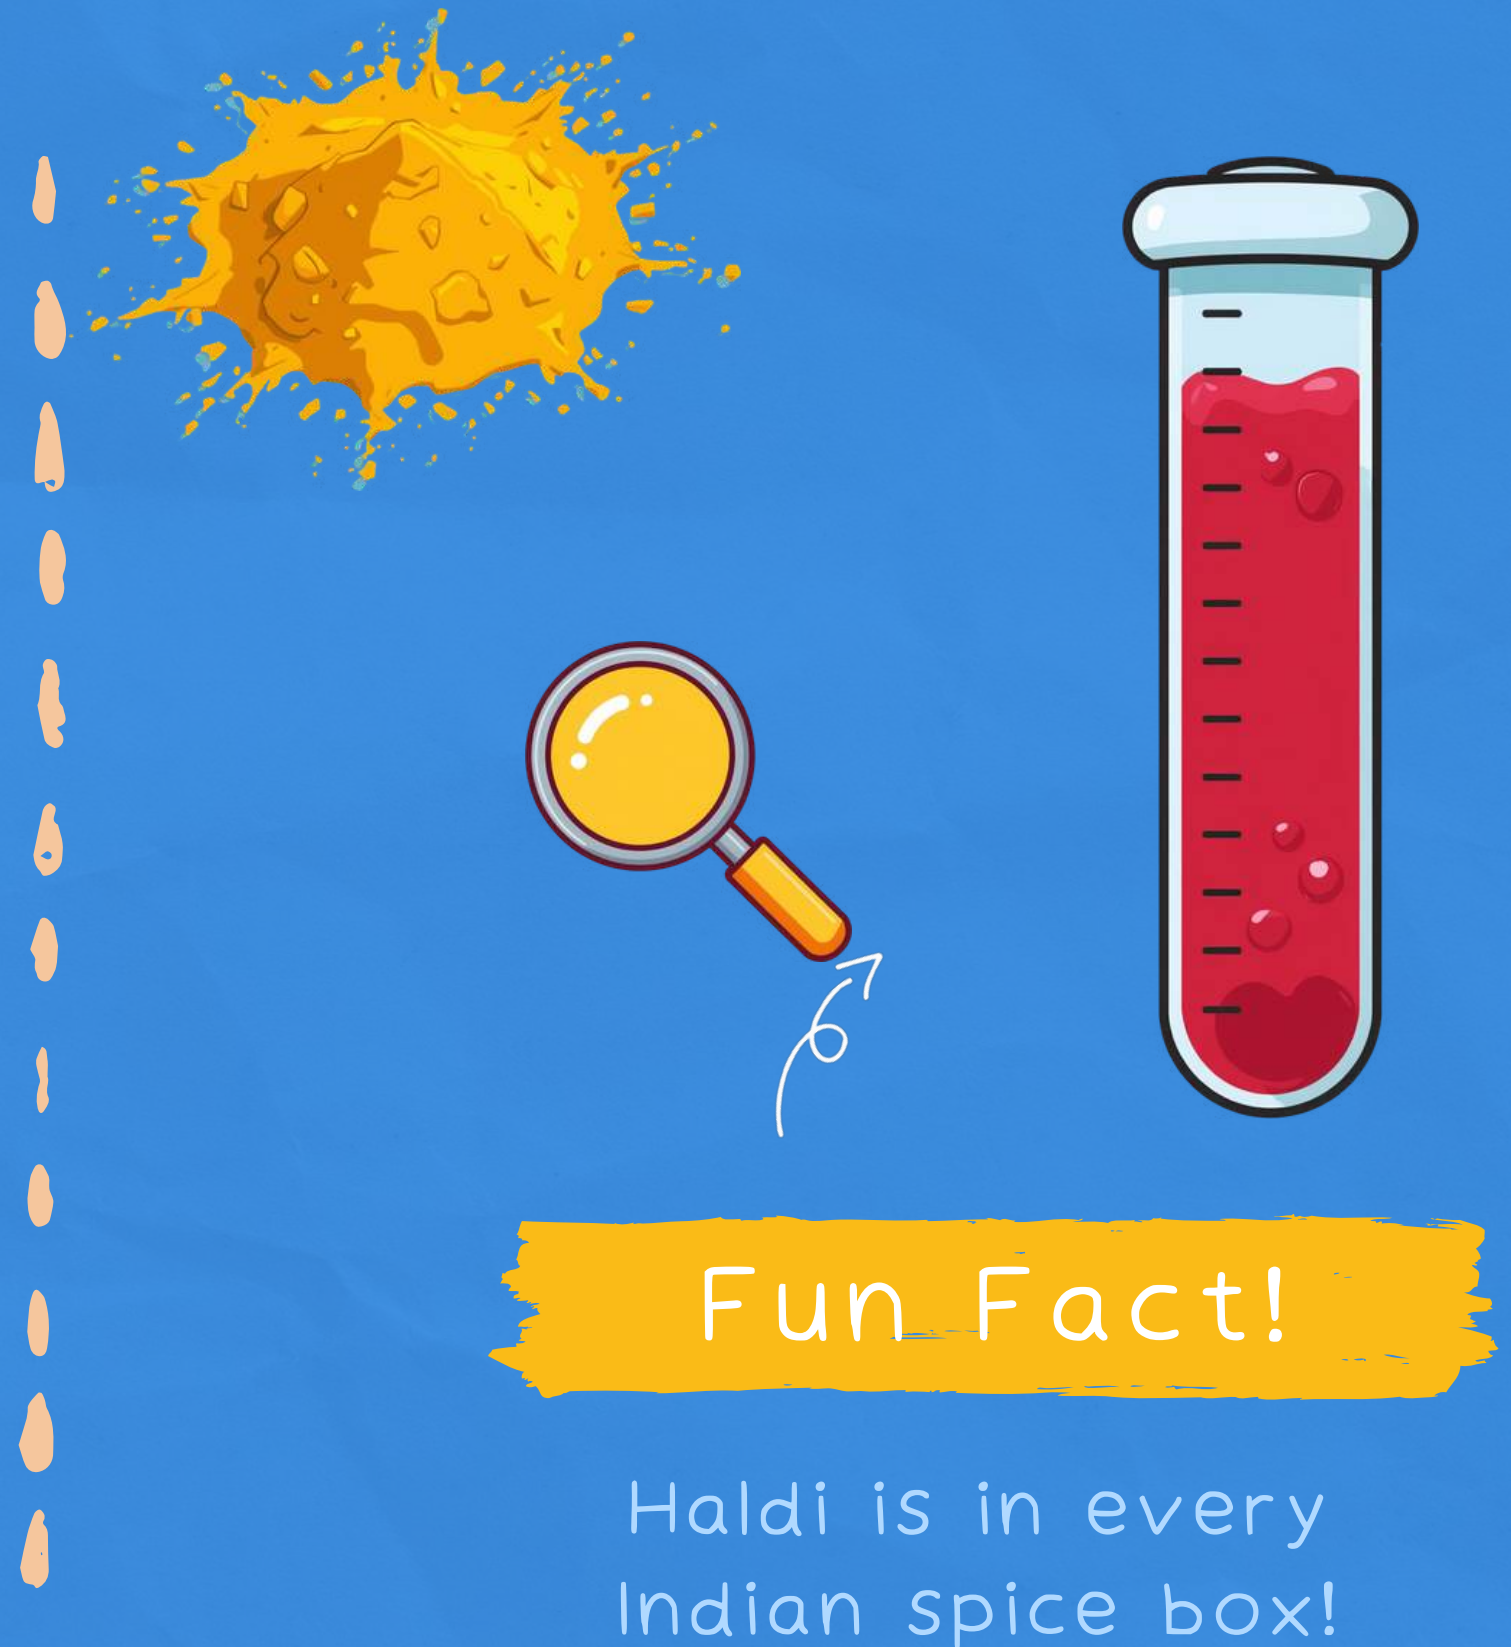

D. BOTH

MEET HALDI — THE MAGICAL SCIENCE
DETECTIVE!

THE MAGIC RULES OF HALDI

- 1 Acid + Haldi =
Stays Bright Yellow!
- 2 Base + Haldi =
Turns Deep Red!
- 3 Haldi changes color
like magic!

Fun Fact!

Haldi is in every
Indian spice box!

YELLOW CURRY STAIN ON KABIR'S UNIFORM...

RED!

Leela used laundry soap to wash the stain — and it turned deep red! That's not magic, that's Kitchen Chemistry! Soap is a BASE, and Haldi (turmeric) in the curry changes color when it meets a base. Amazing!

DIGITAL KITCHEN LAB PRACTICE!

- 1 We have 4 jars: A, B, C, and D — each filled with a mystery Kitchen liquid!
- 2 Dip your Haldi paintbrush into each jar and watch the colour change!
- 3 Drag each jar to the right team: Sour Acids or Soapy Bases!

Let's Test!

use your Haldi
detective skills!

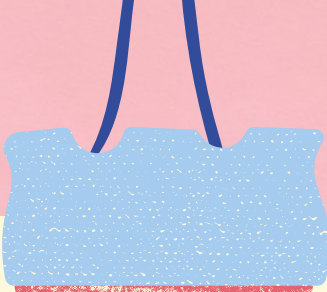

Jar A is Curd (Dahi) — an acid.
Haldi stays bright yellow!

TRUE

OR

FALSE

Jar B is Soap Solution (Sabun)
— a base. Haldi turns deep red!

TRUE

OR

FALSE

Jar C is Tomato Juice.
Haldi stays bright yellow!
Jar C belongs in the
Sour Acids bin.

TRUE

OR

FALSE

Jar D is BaKing Soda Water
(Meetha Soda) — a base. Haldi
turns deep red!

TRUE

OR

FALSE

♥ SUMMARY ♥

YOU'RE A KITCHEN
CHEMISTRY DETECTIVE!

ACIDS TASTE SOUR —
LIKE NIMBU & DAHI!

BASES FEEL SLIPPERY &
BITTER — LIKE SABUN!

HALDI TURNS RED WITH BASES
— YELLOW TO RED!

SORT KITCHEN ITEMS AS
ACIDS OR BASES!

GREAT DETECTIVE WORK,
KABIR & LEELA!

SAFE KITCHEN CHALLENGE!

- 1 NEVER taste or touch strange liquids or cleaners at home!
- 2 ASK a parent or grown-up to help you spot acids and bases at home.
- 3 Earn your Kitchen Detective badge — you did it!

Safety First!

always stay safe
in the Kitchen!

Great job, detectives! Keep exploring kitchen magic.

THANK YOU!
