

BUILD A PYTHON CHATBOT!

Let's build a chatbot with Python!

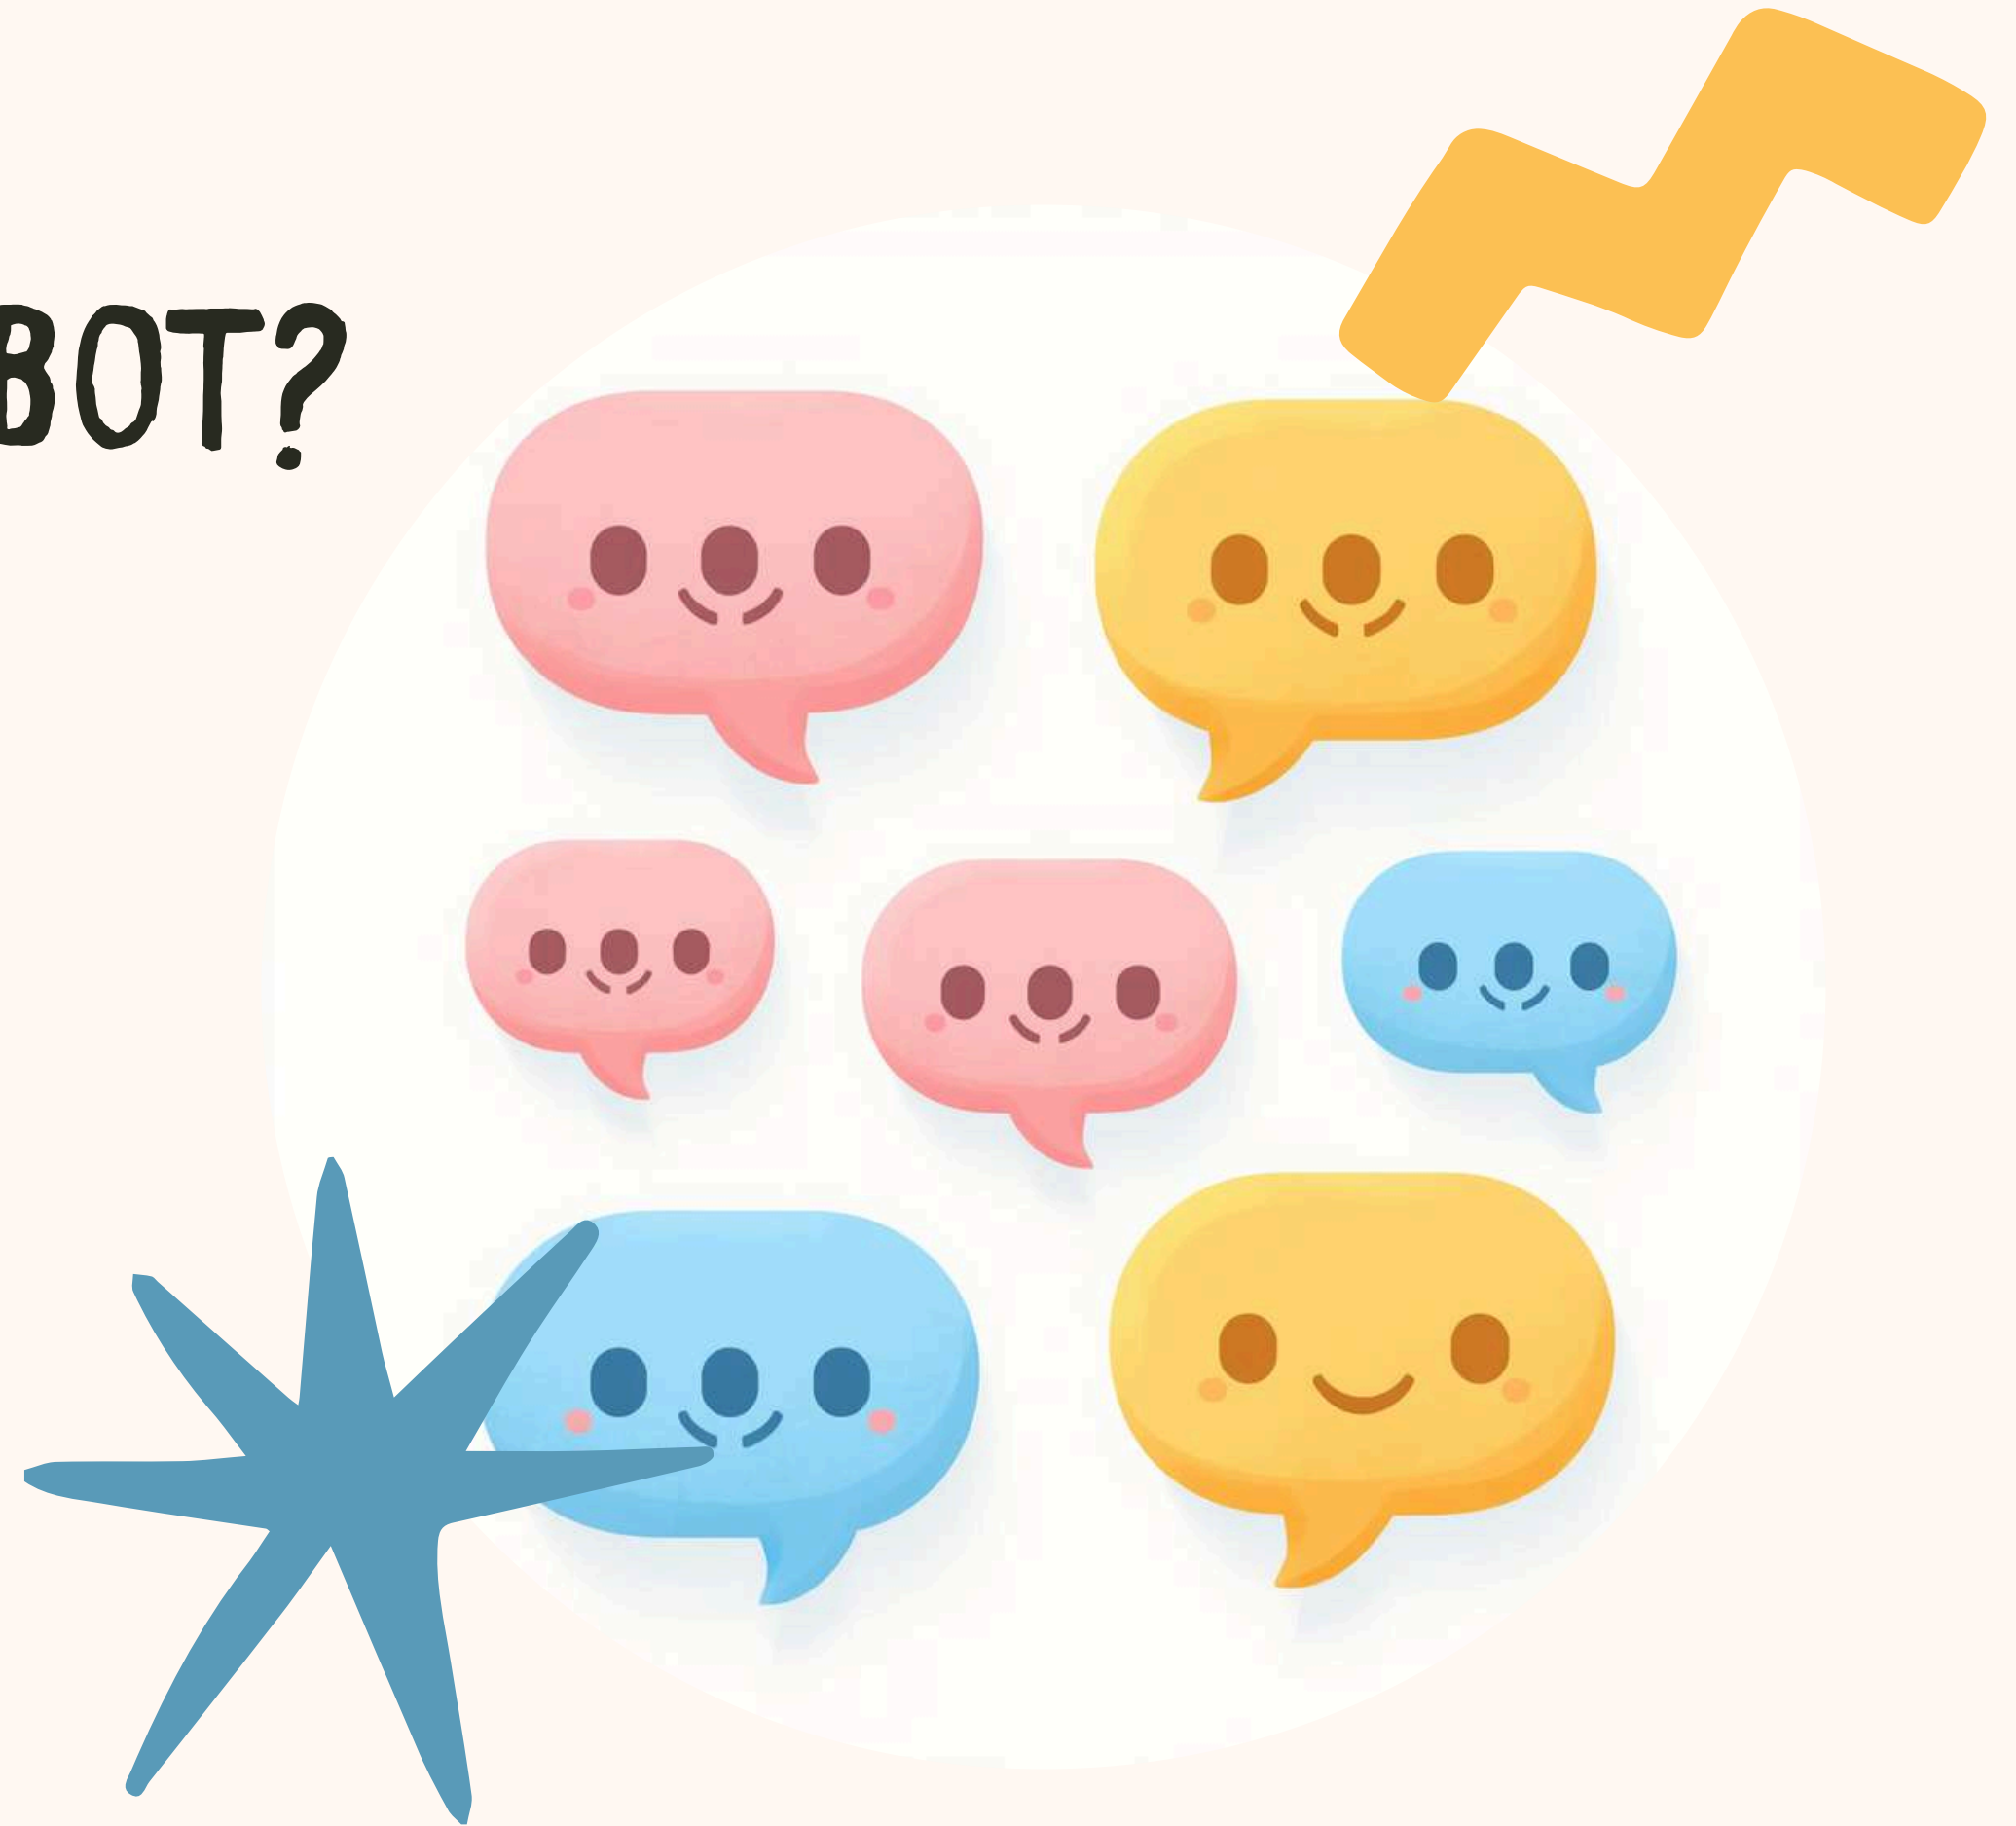

**WHAT
IS AI?**

WHAT IS A CHATBOT?

A chatbot is a computer friend that chats with you! It reads your messages and replies back.

"Hi! How are you?" "What's your name?"

Why Do We Use Chatbots?

**Answer
Questions
Anytime**

**Make
Learning
Fun**

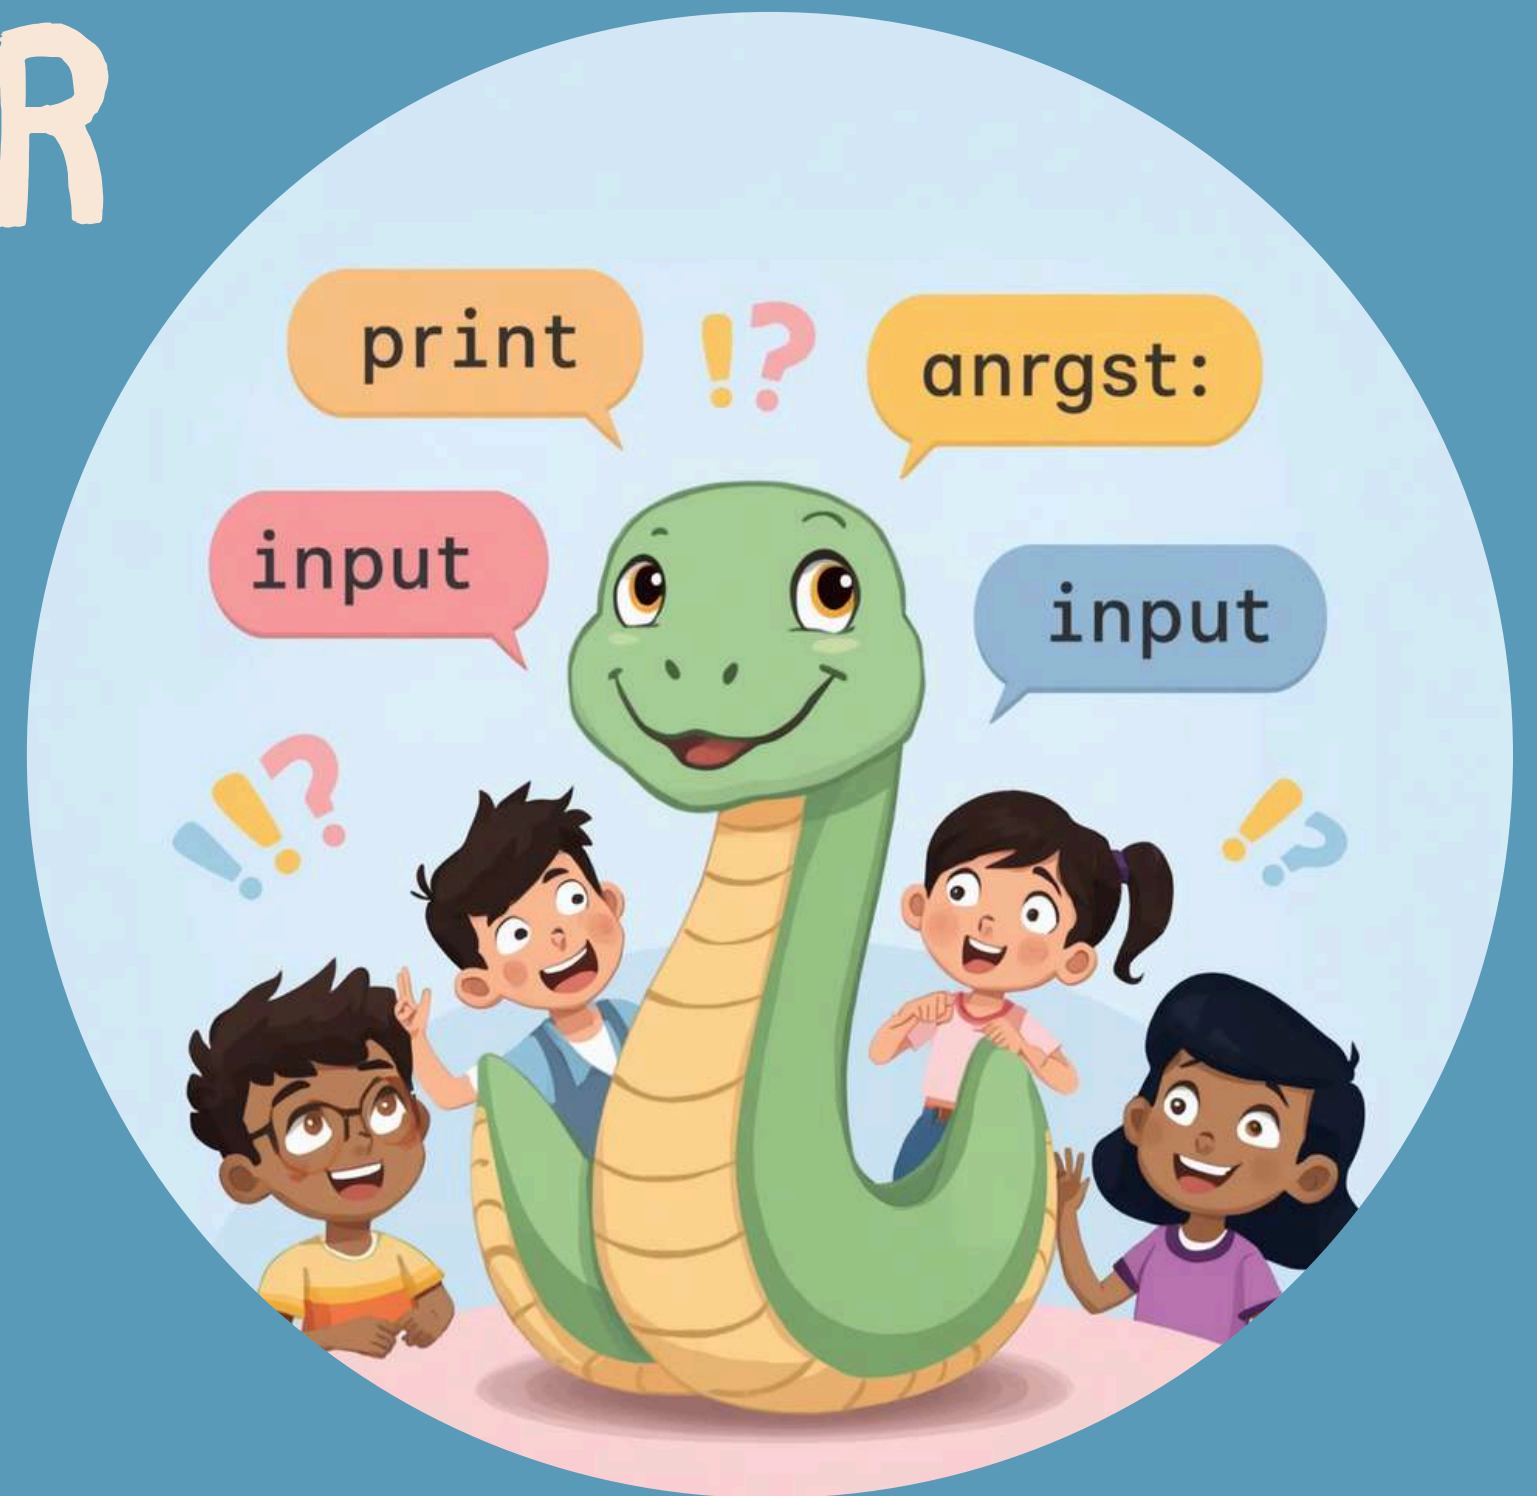

**Always
Ready to
Help**

MEET PYTHON, OUR CODING FRIEND!

A SIMPLE LANGUAGE COMPUTERS UNDERSTAND

Python uses simple words like "print" and "input" to talk to computers. Even kids can learn it!

Basic Python Concepts

PRINT

Show messages

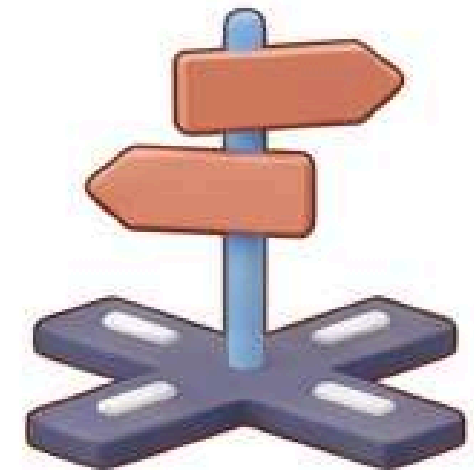

INPUT

Ask questions

VARIABLES

Store words

IF

Make choices

Four magic words to build chatbots!

HOW DOES A CHATBOT WORK?

1. LISTEN

It hears what you type.

1. THINK

It finds the best answer.

1. TALK BACK

It sends a friendly reply!

Step 1 – Plan Your Chatbot

Think of greetings like "Hello!" and helpful replies.

Plan fun questions like "What is your name?"

Decide friendly answers for each question.

Step 2 – Write Your Code

```
print('Hello! I am your chatbot.')
```

```
name = input('What is your name?')
```

```
print('Nice to meet you, ' + name + '!')
```

Run it and watch your chatbot say hello!

STEP 3 – TEST YOUR CHATBOT

Run & Play

Click play, type your name, and see what happens! Testing helps find mistakes.

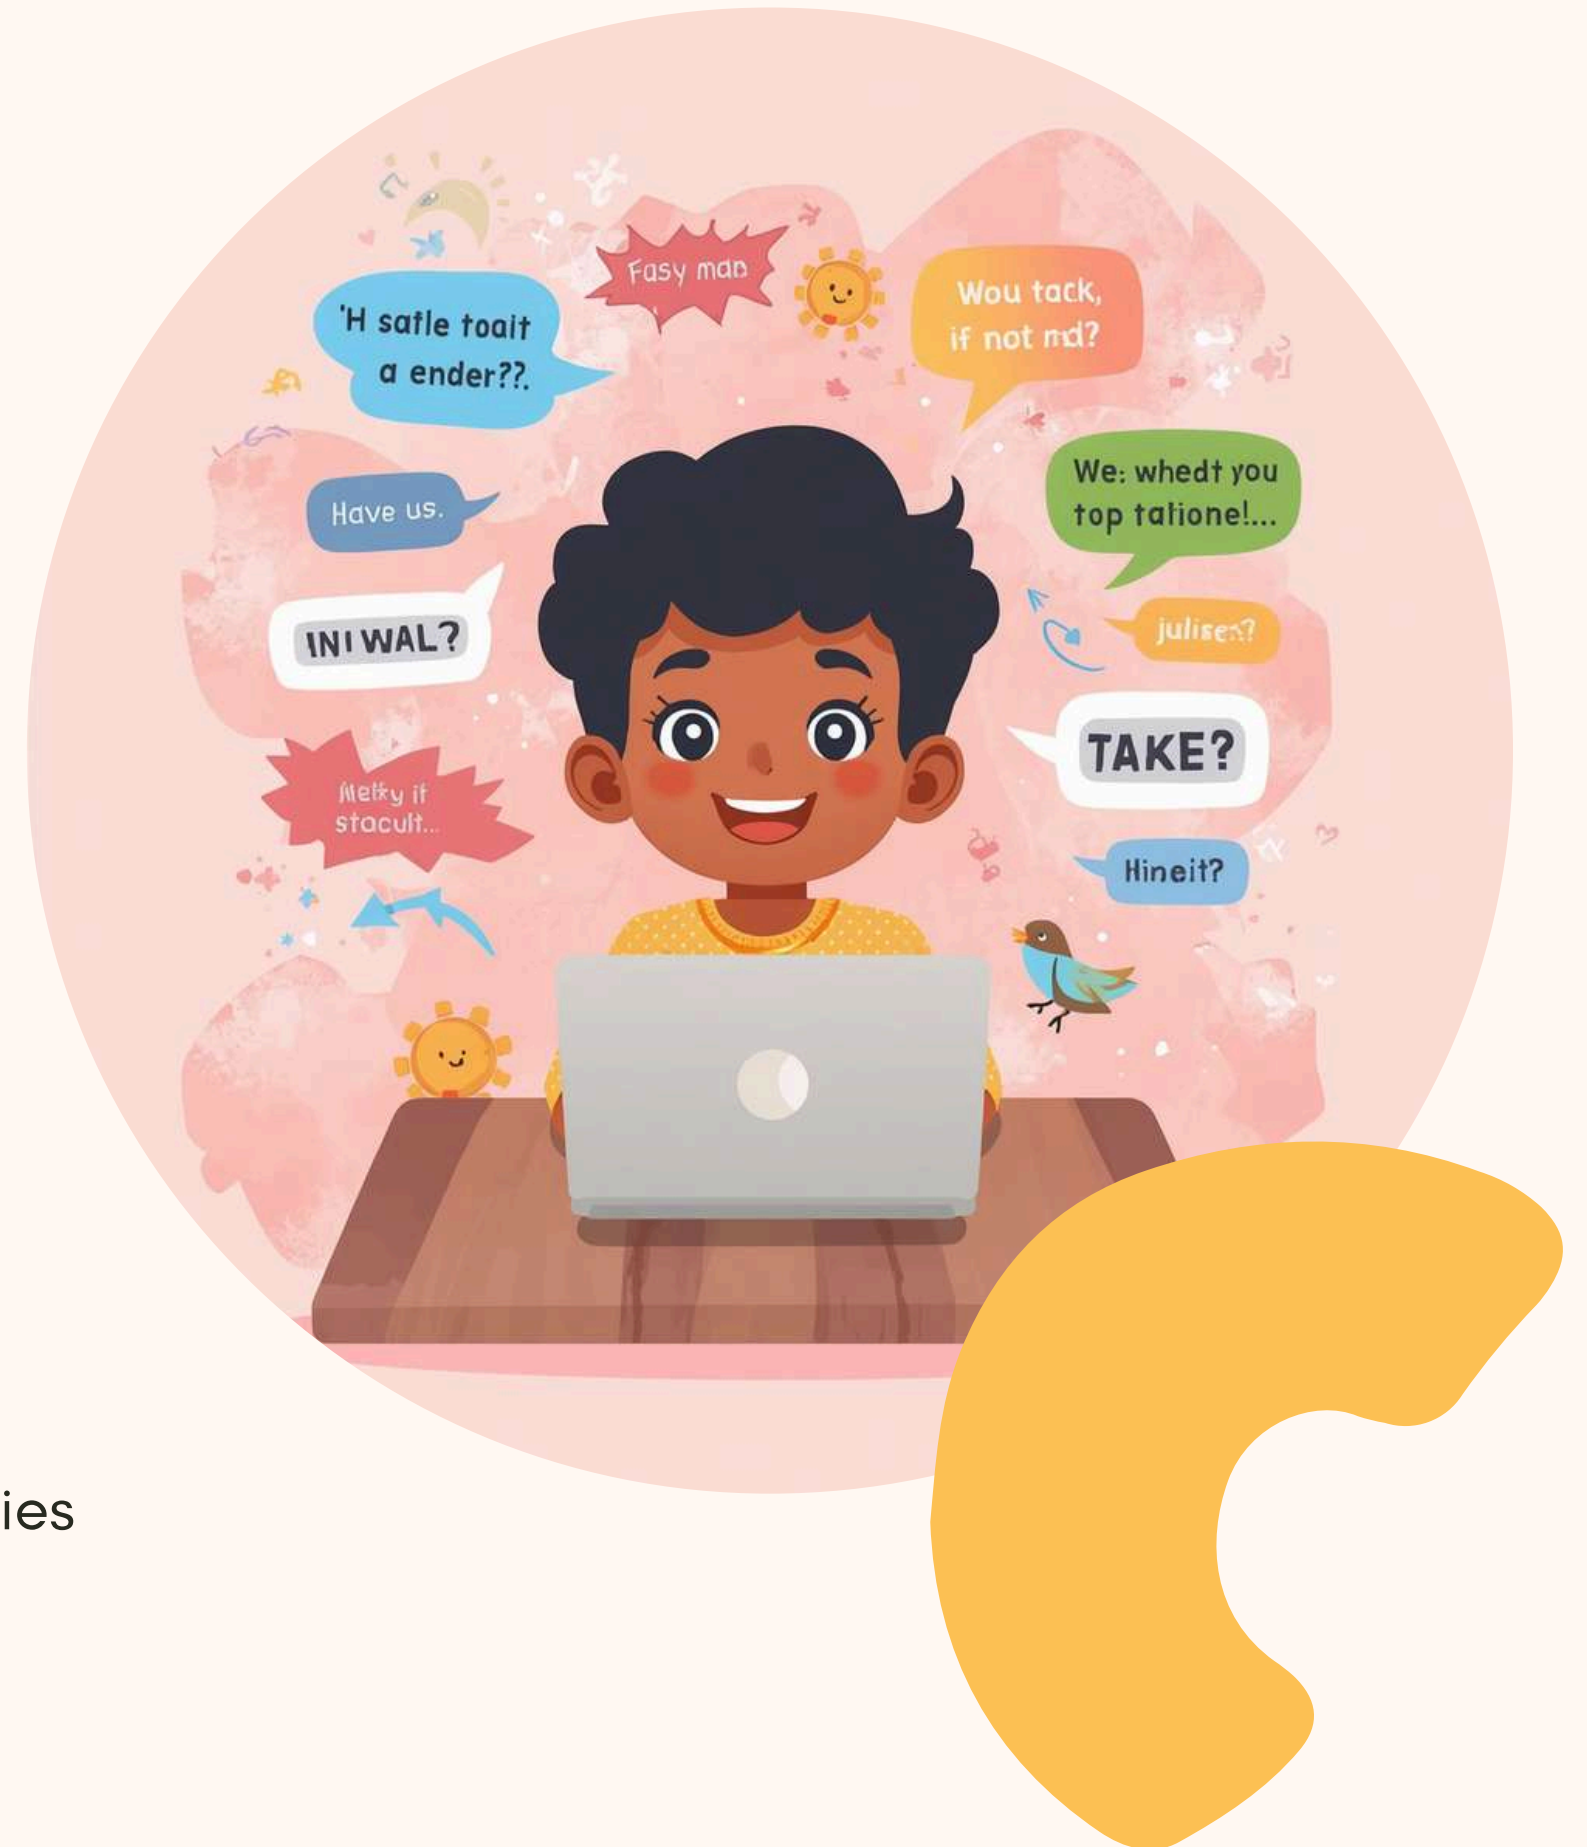

Try Silly Answers

Try funny names or silly answers. Does your chatbot still work?

STEP 4 — MAKE YOUR CHATBOT SMARTER

- Add more questions
- Add more answers
- Tell stories too!

- Use if statements
- Give different replies
- Add jokes for fun!

Example Chat

You: Hi!

Hello! How can I help?

You: Tell me a joke!

Why did the computer visit the doctor? It had a virus!

Fun Things You Can Build

What We Learned Today

AI is Amazing

AI helps computers learn to think and talk just like people do!

Chatbots are Friends

Chatbots are friendly chat partners built with Python!

Python is Fun

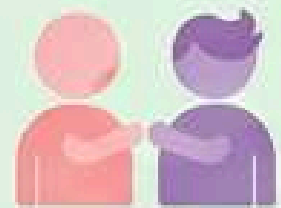

Writing and testing code is creative and exciting!

YOUR NEXT STEPS

Write Your Code

Build your own chatbot!

Share & Show

Show friends and family!

Keep Exploring

Keep learning about AI!
