

GRADUATION SHOWCASE GUIDE

Your Fun & Easy Lesson Companion for Demo Day! 🚀

Welcome, Young Innovator!

Demo Day is coming up soon! This guide will help you understand your options, pick a fantastic project, and learn how to present it like a superstar. Let's make learning fun!

🌟 Classroom Golden Rules

Before we look at the projects, remember how to be an amazing audience member for your classmates:

Rule	What it means for you
👏 Applaud Every Peer	Cheer and clap for your friends when they finish to make them feel proud!
🔇 Stay Muted	Keep your microphone turned off while others are speaking so everyone can hear clearly.
👂 Active Listening	Pay close attention, watch their slides, and think of polite questions to ask.

🎯 Choose Your Dream Project

You need to select **one** of the following 4 brilliant projects to present. Read through them and choose your favorite!

1. Smart Watering Alert 💧

Perfect for: Nature & Family Lovers

What it is: A clever reminder system designed to help busy families remember to water their favorite household plants like Tulsi and Money plants at the exact right time every single day.

Real-World Impact: Helps families take care of plants easily, meaning no more forgotten watering days and healthier, happier greenery at home!

2. Swachh Bharat Waste Collector

Perfect for: Eco-Warriors & Neighborhood Heroes

What it is: A smart community waste collector inspired by India's Swachh Bharat mission. It automatically sorts trash into dry and wet bins to keep neighborhood parks neat and clean.

Real-World Impact: Encourages eco-friendly habits, cleans up society parks, and makes your neighbors feel proud of their green community!

3. Digital Budgeting Game

Perfect for: Future Mathematicians & Planners

What it is: A super fun interactive game that teaches kids how to manage their pocket money smartly. It helps you decide what to buy right away, what to save for later, and how to plan for big celebrations.

Real-World Impact: Teaches you that "every rupee counts" while helping you save up enough money to buy special Diwali gifts for your family!

4. Community Garden Planner

Perfect for: Foodies & Group Leaders

What it is: A project that plans a beautiful shared garden right inside an apartment complex. It organizes space to grow fresh tomatoes, spinach, and delicious herbs for all neighbors to share.

Real-World Impact: Brings neighbors together for community fun while providing fresh, organic, home-grown food for everyone!

Presentation Tips & Tricks

When it is your turn to step up to the microphone, follow these three simple rules to shine:

-  **Speak Clearly:** Don't rush! Talk slow enough so that your grandma and your teachers can understand every word.
-  **Explain Confidently:** Smile and share your creative ideas proudly. You are the expert on your project!

- 🙄 **Answer Politely:** When your classmates or teachers ask questions during the Q&A, say "Thank you for the question" and answer nicely.

🕒 **Timing Guidelines:** You will present your amazing project for **2 to 3 minutes**, followed by a quick **1-minute Q&A** session where your friends can ask questions.

My Demo Day Checklist

- ☐ Pick my favorite project from the 4 choices.
- ☐ Practice speaking about it for 2-3 minutes.
- ☐ Check that my microphone works and know how to mute/unmute.
- ☐ Get ready to share my awesome ideas confidently and celebrate! 🎉
