

THE MAGIC PIGGY BANK IN THE NEIGHBORHOOD

THE BROKEN GULLAK MYSTERY

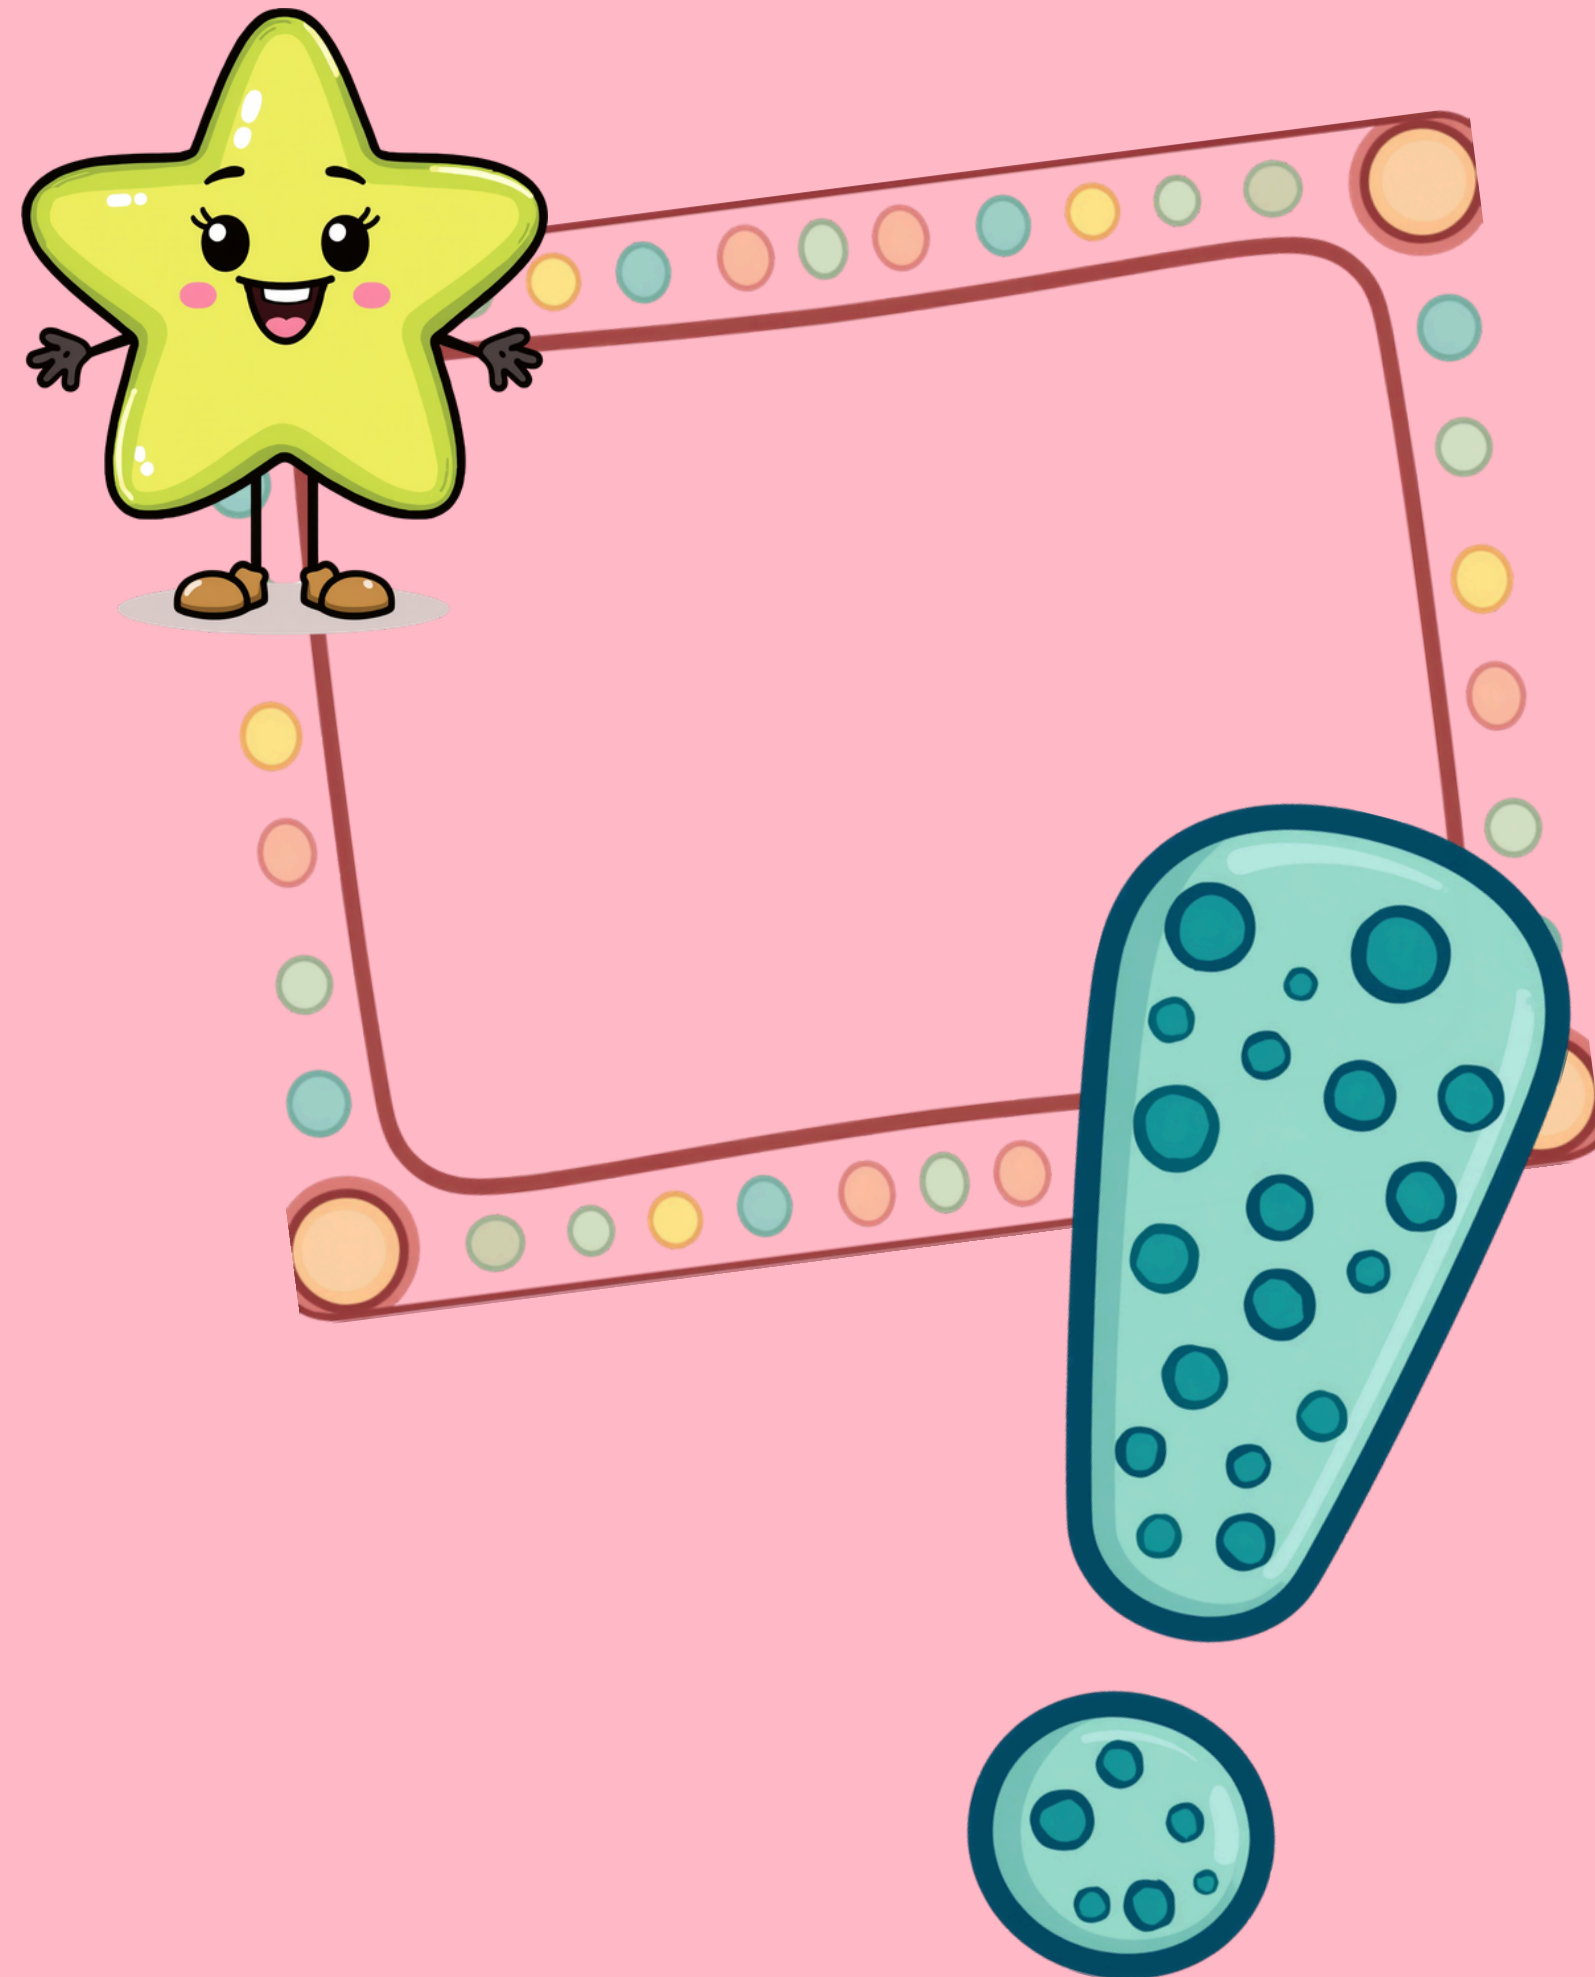

Meera's puppy knocked over her Gullak! Coins everywhere!

Meera was upset. All her saved coins were scattered on the floor.

Then Rahul smiled and said:

"Don't worry, Meera! There's a place where money NEVER gets lost!"

GULLAK VS BANK ACCOUNT

1

Gullak (Clay/Plastic Piggy Bank) – Can break, get lost, or even stolen! Your coins are not always safe at home.

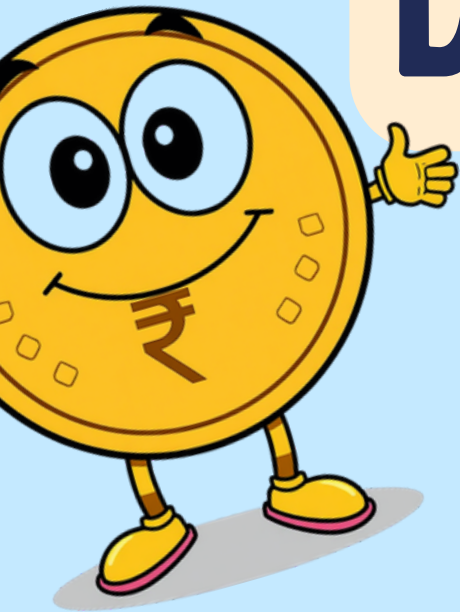

2

Bank Account – Like a giant, indestructible digital Gullak with guards and computers keeping your money safe!

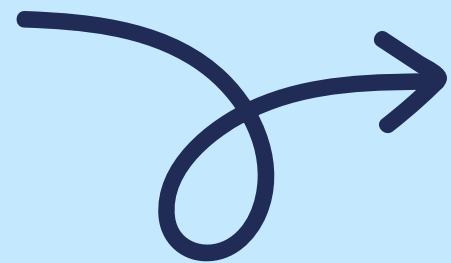

3

The bank never loses your money – even if there's a flood or fire, your savings are always protected!

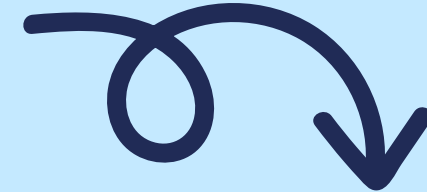

DEPOSITING & WITHDRAWING MONEY

1

2

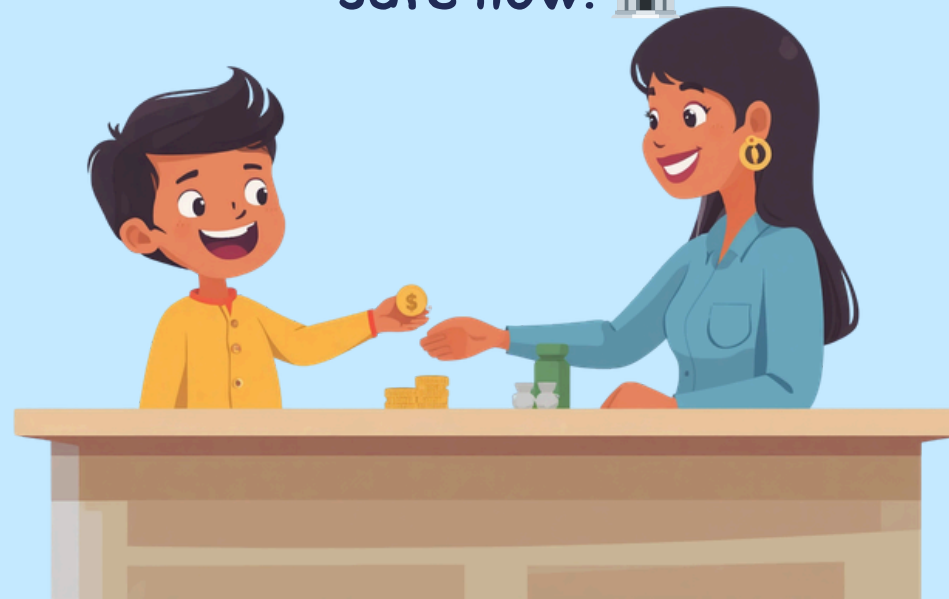

3

Grandpa gives Meera ₹500 as Shagun for Diwali! This special gift money is ready to be kept safe.

DEPOSIT means putting money INTO the bank. Meera walks in and hands her ₹500 to the bank — it's safe now! 🏦

WITHDRAW means taking money OUT of the bank. Need school books or a cricket bat? Just ask and the bank gives it back! 🏏

MEET THE ACCOUNT HOLDER!

The Account Holder is the person who OWNS the bank account.

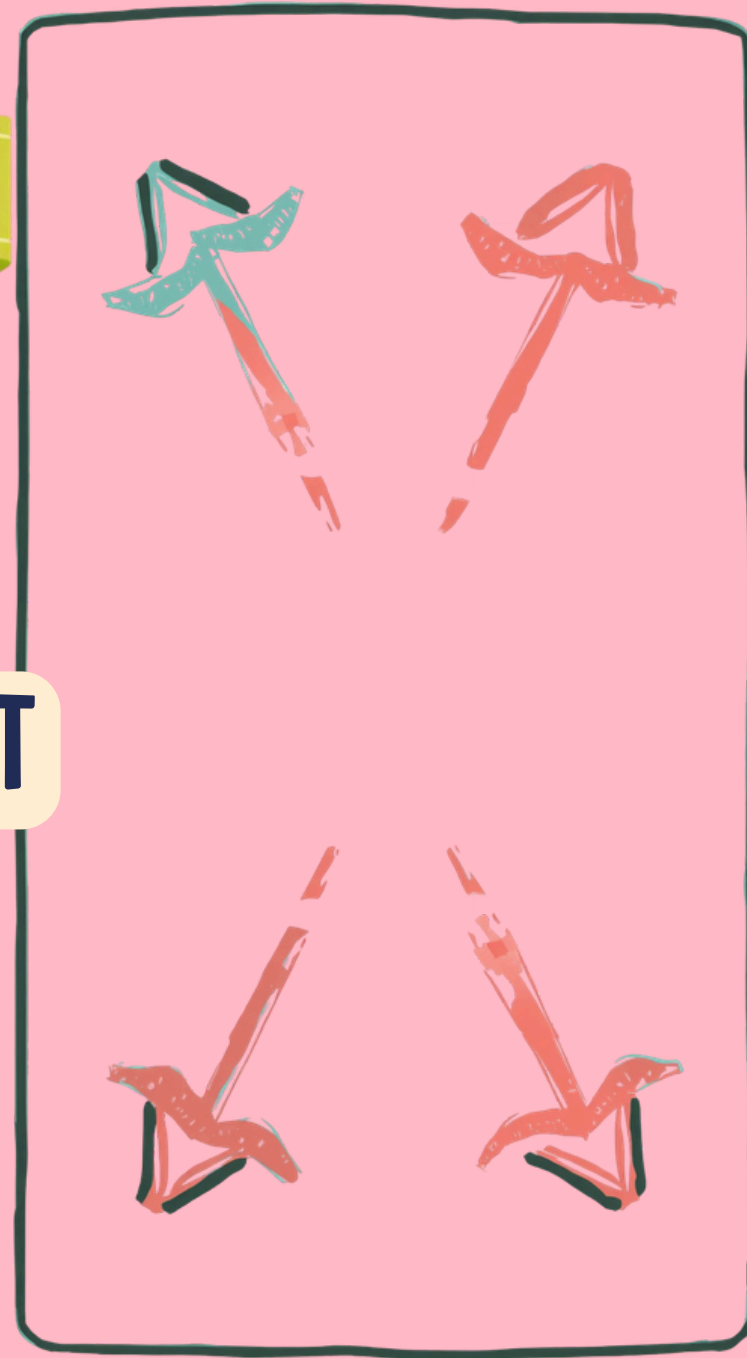

Only Meera can put money IN (Deposit) or take money OUT (Withdraw) — it's HER account!

Just like only you can open your own Gullak, only the Account Holder can use their bank account.

**PASSBOOK = CRICKET
SCORECARD!**

1

Money IN = Runs Scored 🏏
Every time you deposit money, your
balance goes UP — just like scoring runs!

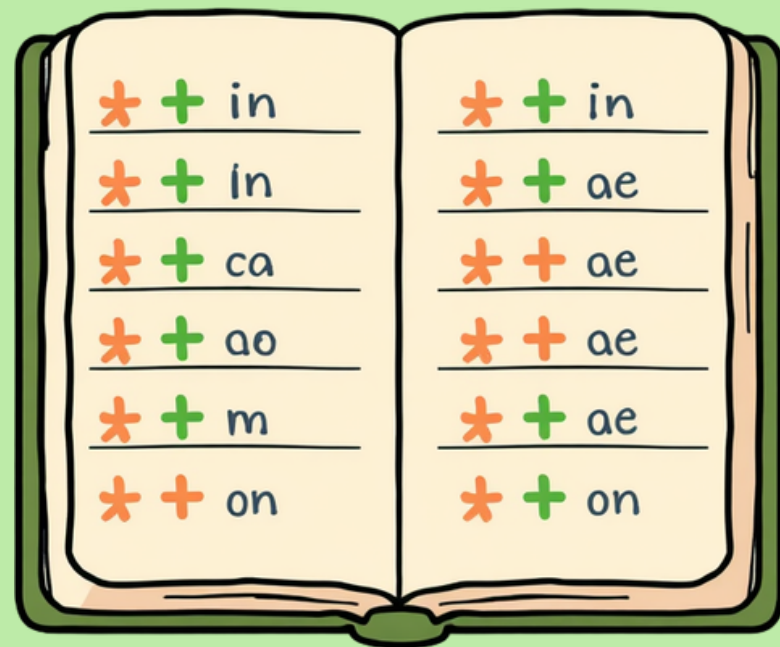

2

Money OUT = Runs Lost 📉
Every time you withdraw money, your
balance goes DOWN — like losing wickets!

3

Balance = Total Runs 🏆
Your balance is the total money left — just
like the final score on the scoreboard!

READING THE PASSBOOK ENTRIES

Every time money moves, your passbook records it!

 + ₹100 from Uncle → Your balance goes UP! 🎉

 - ₹50 for Geometry Box → Your balance goes
DOWN 📉

Flip through your passbook pages to see every rupee that came in and went out. Your balance is what's left — like the score at the end of the match!

INTEREST – THE BANK’S THANK YOU REWARD!

The bank gives you extra money just for keeping your savings with them — this is called Interest!

"Like planting a tiny seed that grows into a big tree, your money grows too!"

The longer you save, the more interest you earn.
It's the bank's way of saying THANK YOU! 🏦

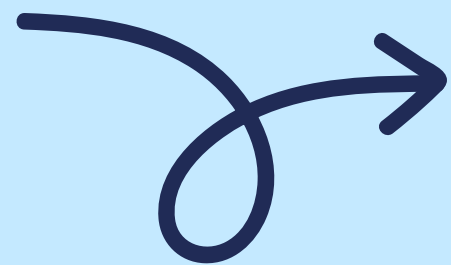

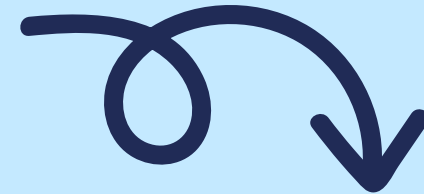

KEEP YOUR MONEY SAFE!

1

2

3

Never share your passwords or PINs with anyone — not even friends! Your PIN is YOUR secret code. 

Only you and your family should know your bank secrets. Say NO to sharing secrets with strangers! 

RBI makes sure the bank keeps your money safe digitally. Your money is always protected! 

ATM MYTH BUSTER!

❌ MYTH: "The ATM gives free money!"

✅ TRUTH: The ATM only gives back the money
YOU saved in your bank account!

Think of it like your Gullak — you can only take out
what you put in. No savings = no money from ATM!

💡 Remember: Always save first, then withdraw!

Save & Safe

Keeping your money protected so it doesn't get lost or stolen!

1

2

Deposit & Withdraw

Putting money IN the bank or taking money OUT when you need it!

Balance & Passbook

Your balance is how much you have. Your passbook tracks every rupee!

3

Gullak & Shagun

A Gullak is a piggy bank. Shagun is gift money from family!

4

5

LET'S
RECAP!

Account Holder & Security
The account holder owns the account and keeps their PIN a secret!

FAMILY MISSION!

Ask your parents to show you your bank balance in their app!

Try it together at home:

- Open the bank app 📱
- Check your balance
- See your deposits and withdrawals
- Talk about smart saving!

Smart savers start at home! 🏠💰

THANK YOU!
