

# ENTREPRENEURSHIP: TURNING YOUR 'DABBAWALA' IDEA INTO AN MVP

1

A FUN GUIDE TO PROBLEM-SOLVING AND  
CREATING YOUR OWN BUSINESS

2

## What is an Entrepreneur?

An entrepreneur is someone who solves problems and starts a business.  
Like your local Kirana store owner vs. a big startup founder!

3

## The Problem-Solver Mindset

Mumbai Dabbawalas deliver home-cooked meals to workers because people wanted fresh food at work.

- Entrepreneurs find problems to fix
- They think about what people really need

# 4

## Spotting Problems: The 'I Wish...' Game

Think about your neighborhood or school.  
What do you wish was easier or better?

- "I wish my colony recycled plastic better"
- "I wish snacks were healthier and tastier"
- "I wish bicycle rides were safer"

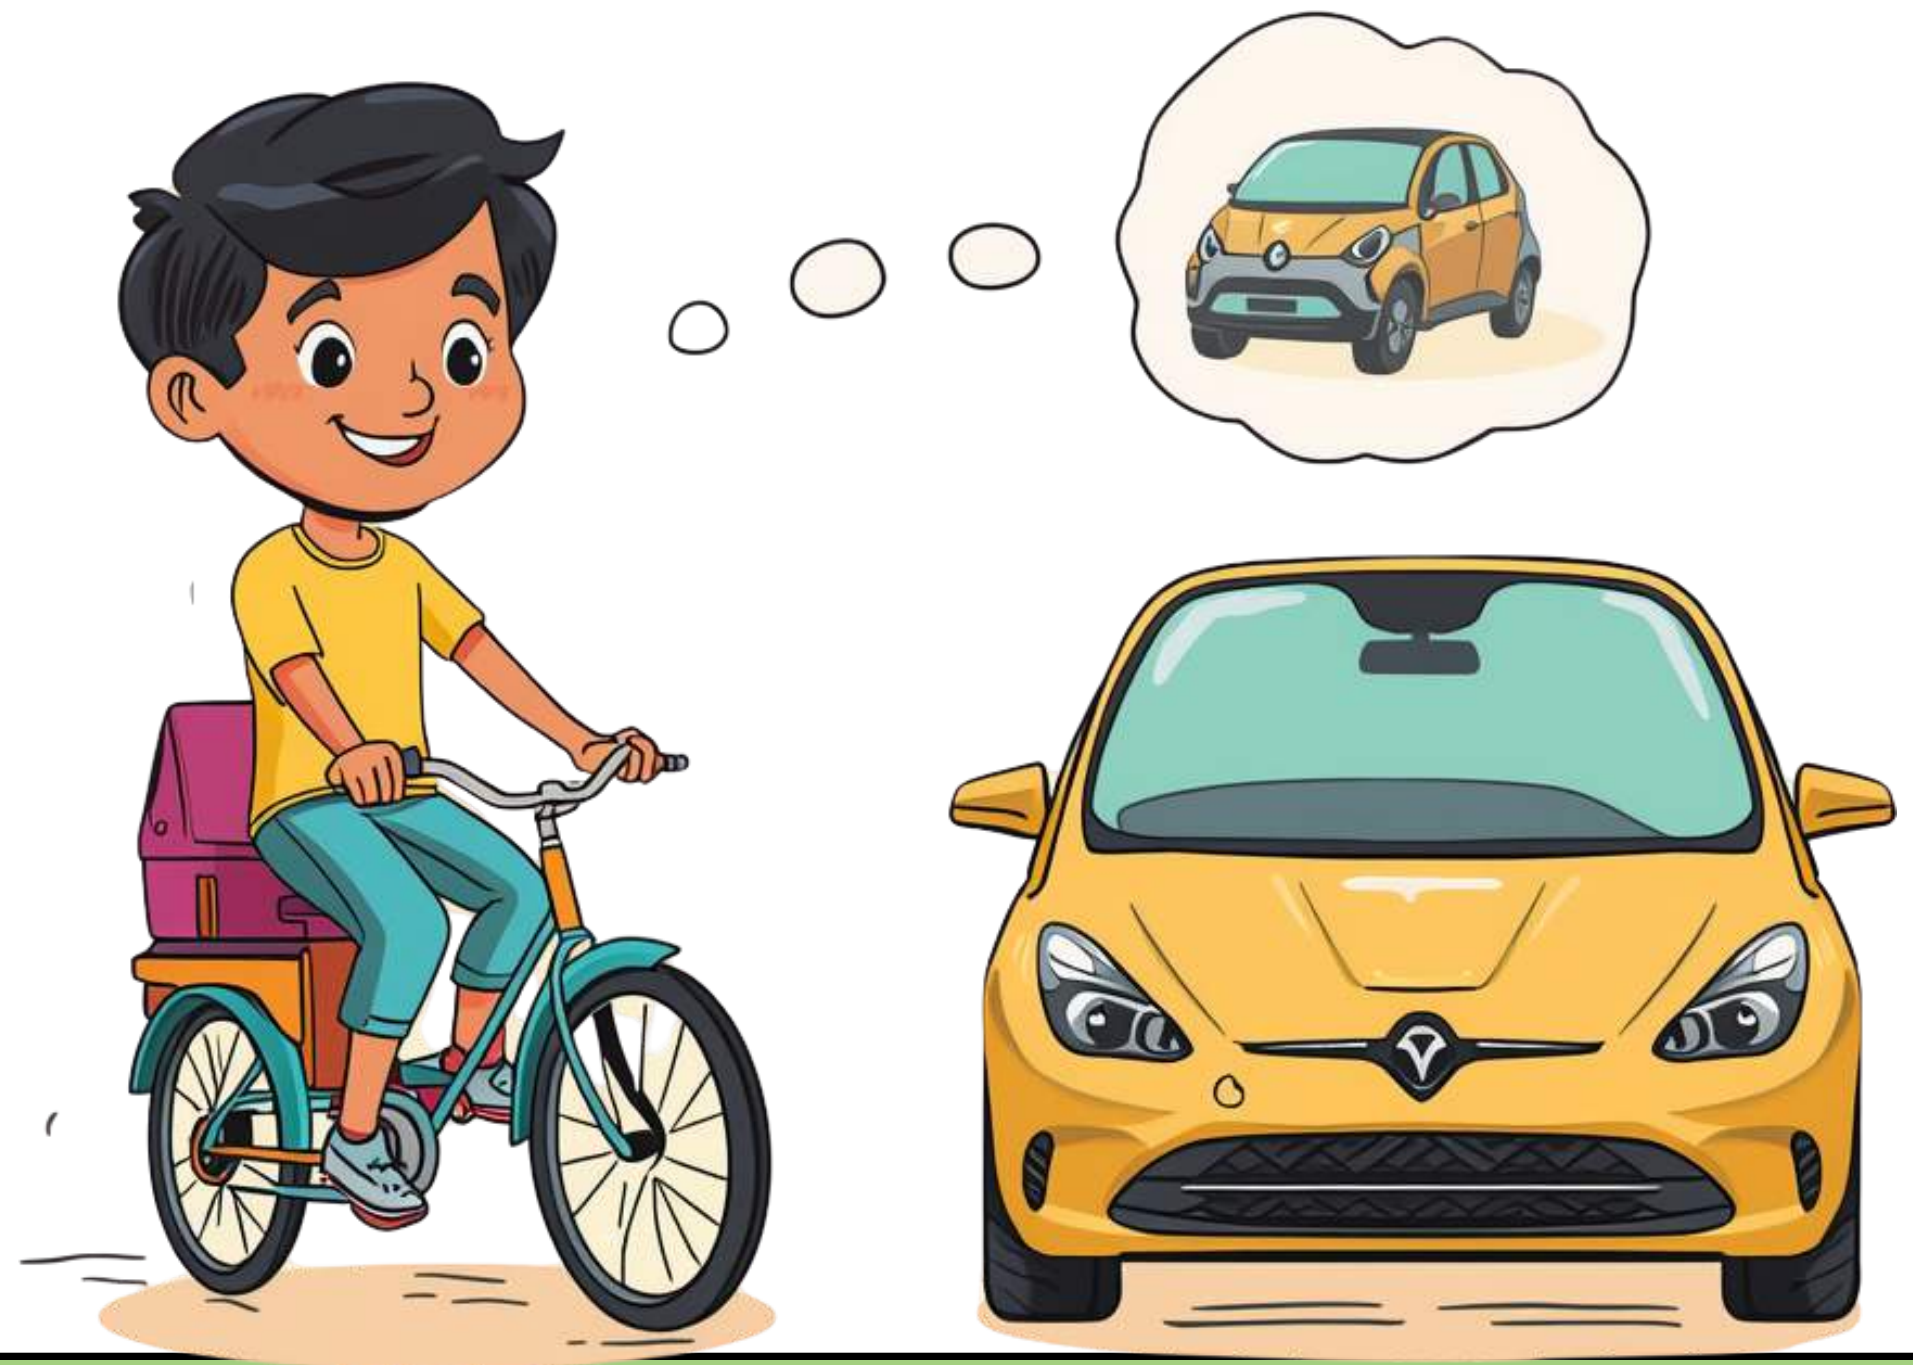

5

## What is an MVP?

An MVP is the simplest version of your idea that you can actually use!

Example: Flipkart founders started by personally delivering books before building their big app.

# 6

## Iteration: Make It Better!

A street food vendor changes spice levels based on what customers say.

"Fail fast, learn fast!"

Try → Get feedback → Improve → Repeat!

7

Now, let's draw your own MVP! Use paper and crayons to sketch your idea. Examples: A simple app screen for snack delivery, or a handmade box for school supply exchange. It doesn't have to be perfect – just start!

8

## Idea Canvas

1. Problem → 2.  
Solution → 3.  
MVP

9

Draw your simplest version of your idea here! Remember, starting small is the key. Your MVP doesn't need to be perfect – it just needs to show your main idea!

10

## Indian Success Stories

- Zomato: Started small, now a big food app
- Nykaa: From simple beauty store to unicorn
- OYO Rooms: Affordable rooms for travelers

## Recap: What We Learned Today

- Entrepreneurs solve problems
- MVP = simplest version of your idea
- Feedback helps you improve
- Start small, learn fast, keep trying!

12

## Be a Problem Solver!

"Great entrepreneurs start with a single idea and make it real!"

What problem will you solve in your community?

13

# Thank You!

Ready to create your MVP? Questions welcome!
