

MY DIGITAL PORTFOLIO!

LET'S GET STARTED!

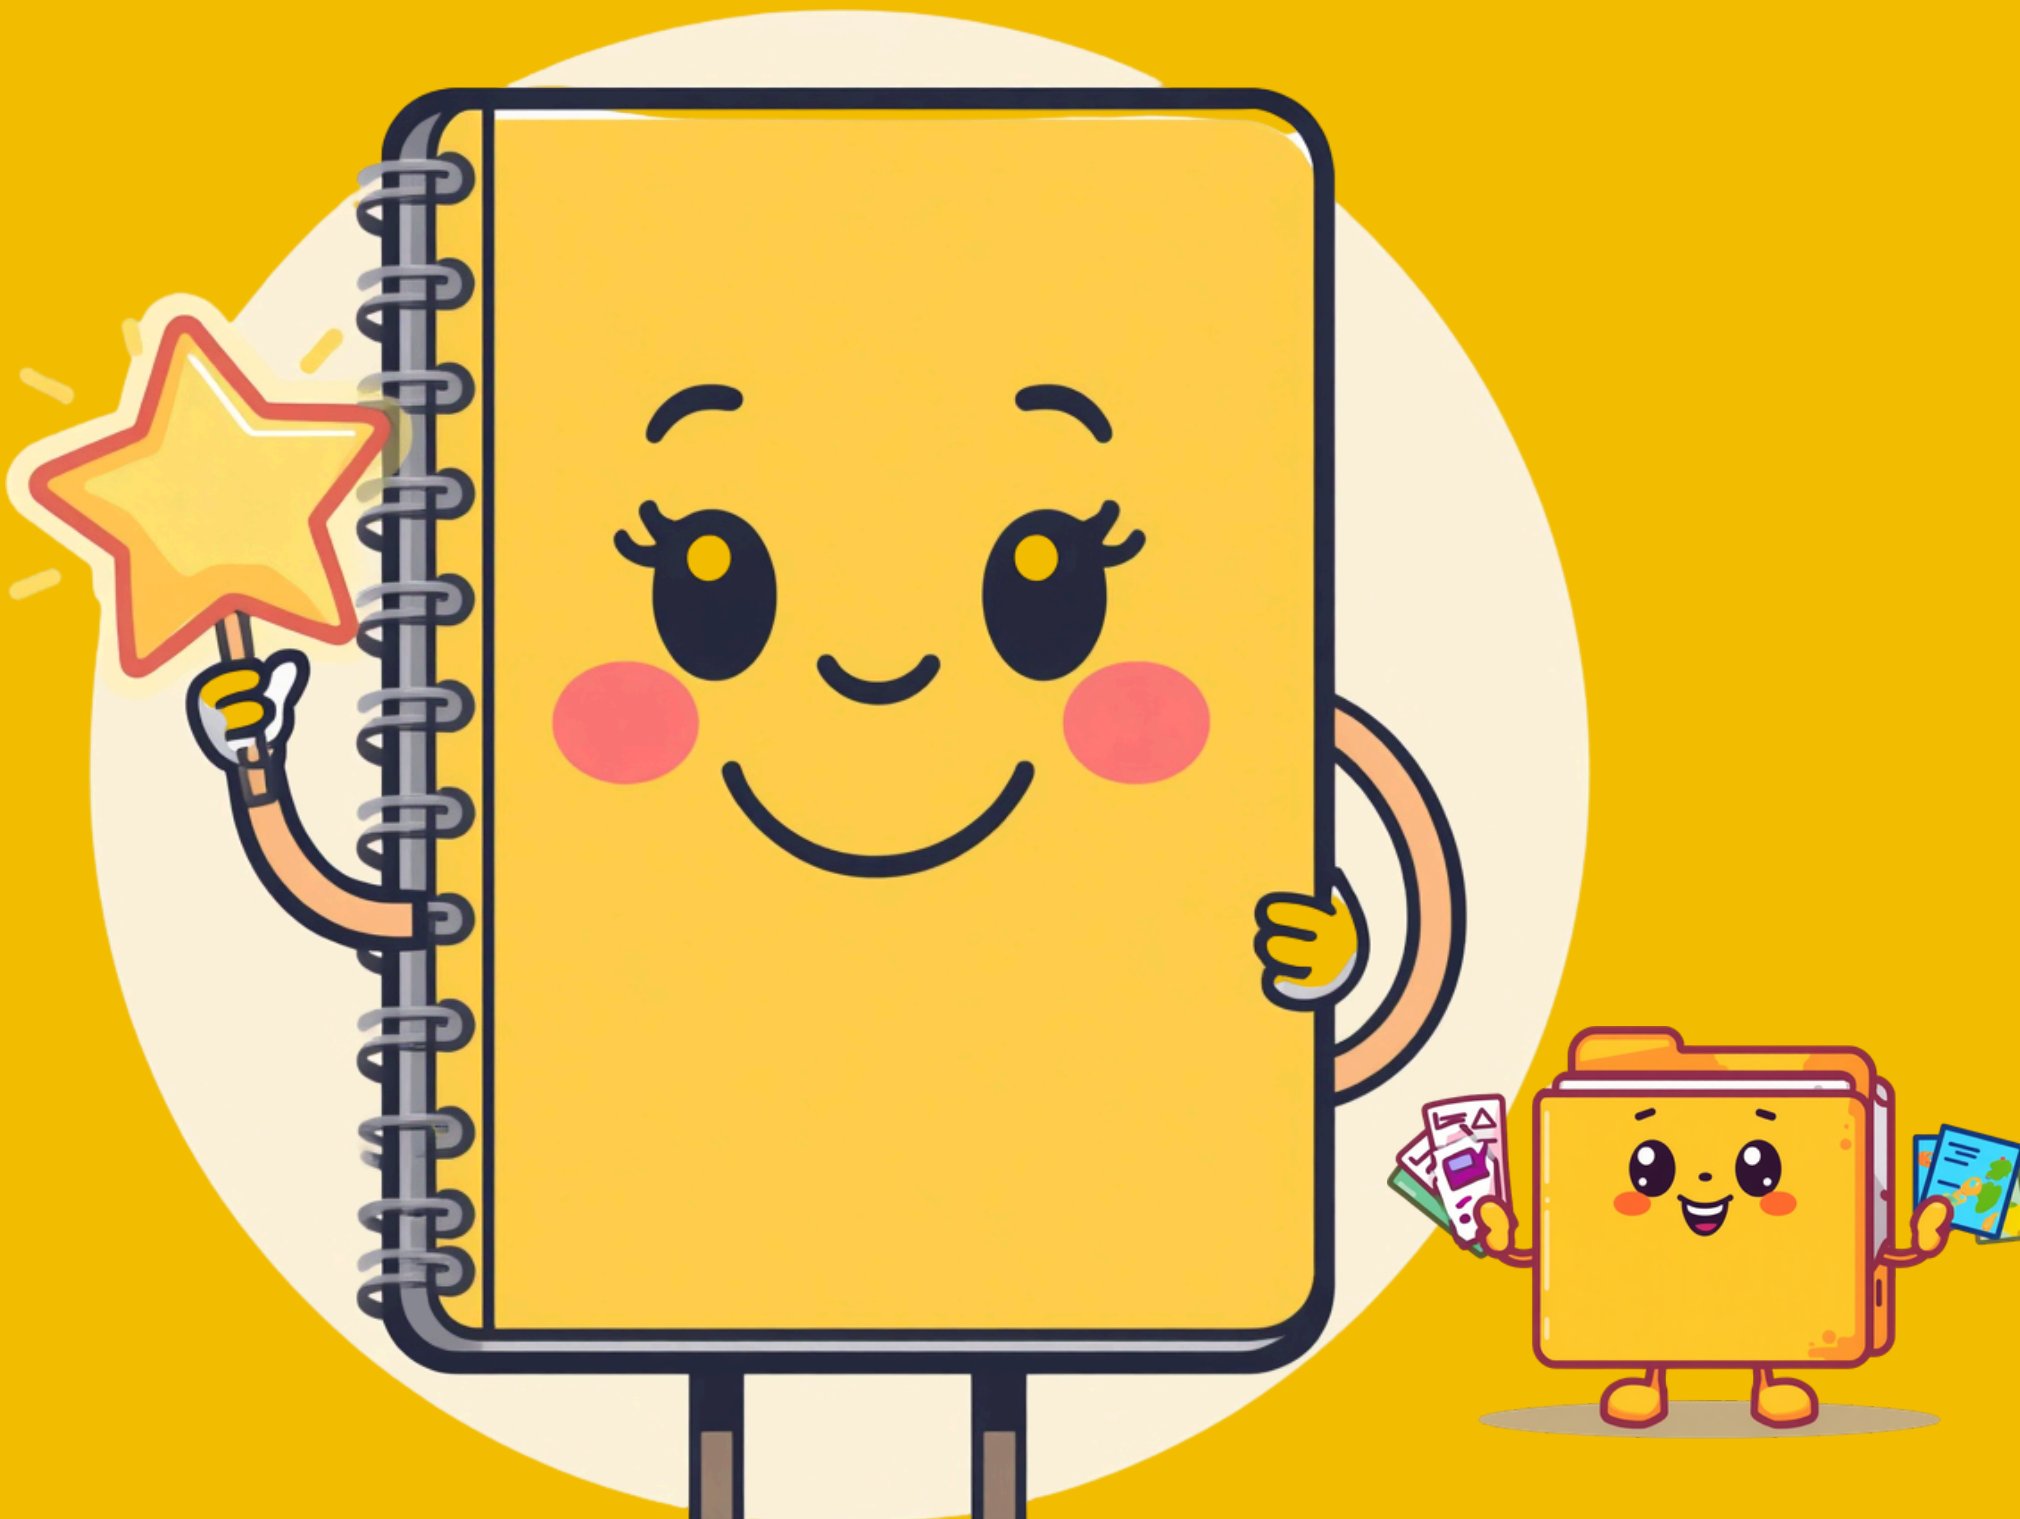

WHAT IS A DIGITAL PORTFOLIO?

A digital portfolio is a special online folder where you keep your best school work! It can hold your drawings, photos, writing, and projects — all in one place on a computer or tablet. ✨

WHY MAKE ONE?

SHARE YOUR WORK!

Show your best work to your family and teachers anytime!

STAY ORGANIZED!

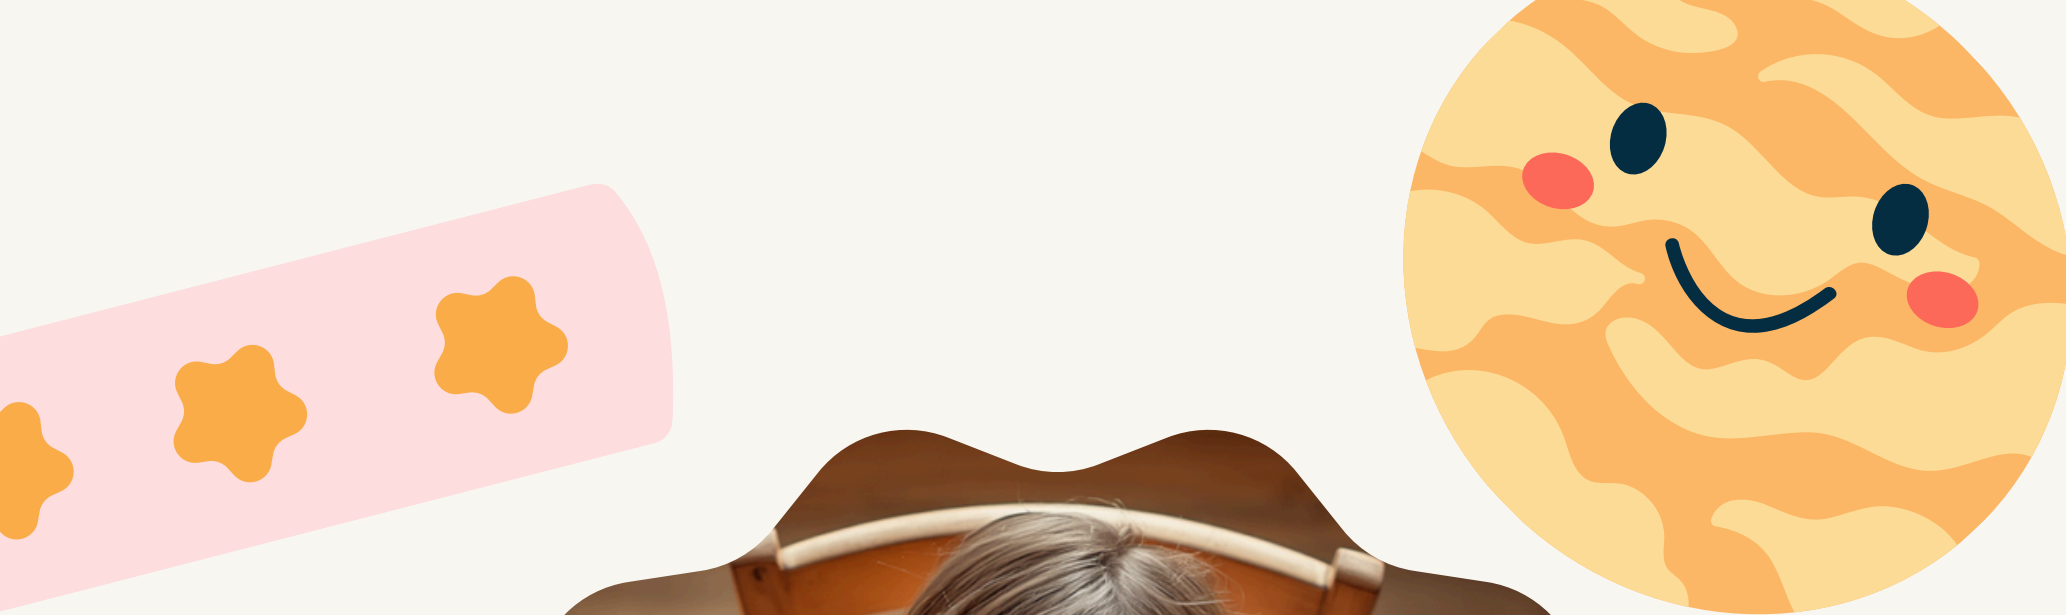

Keep all your school projects safe and easy to find in one place.

SEE YOUR GROWTH!

Look back and see how much you have learned and improved!

BE PROUD!

Celebrate your hard work and feel proud of everything you have made!

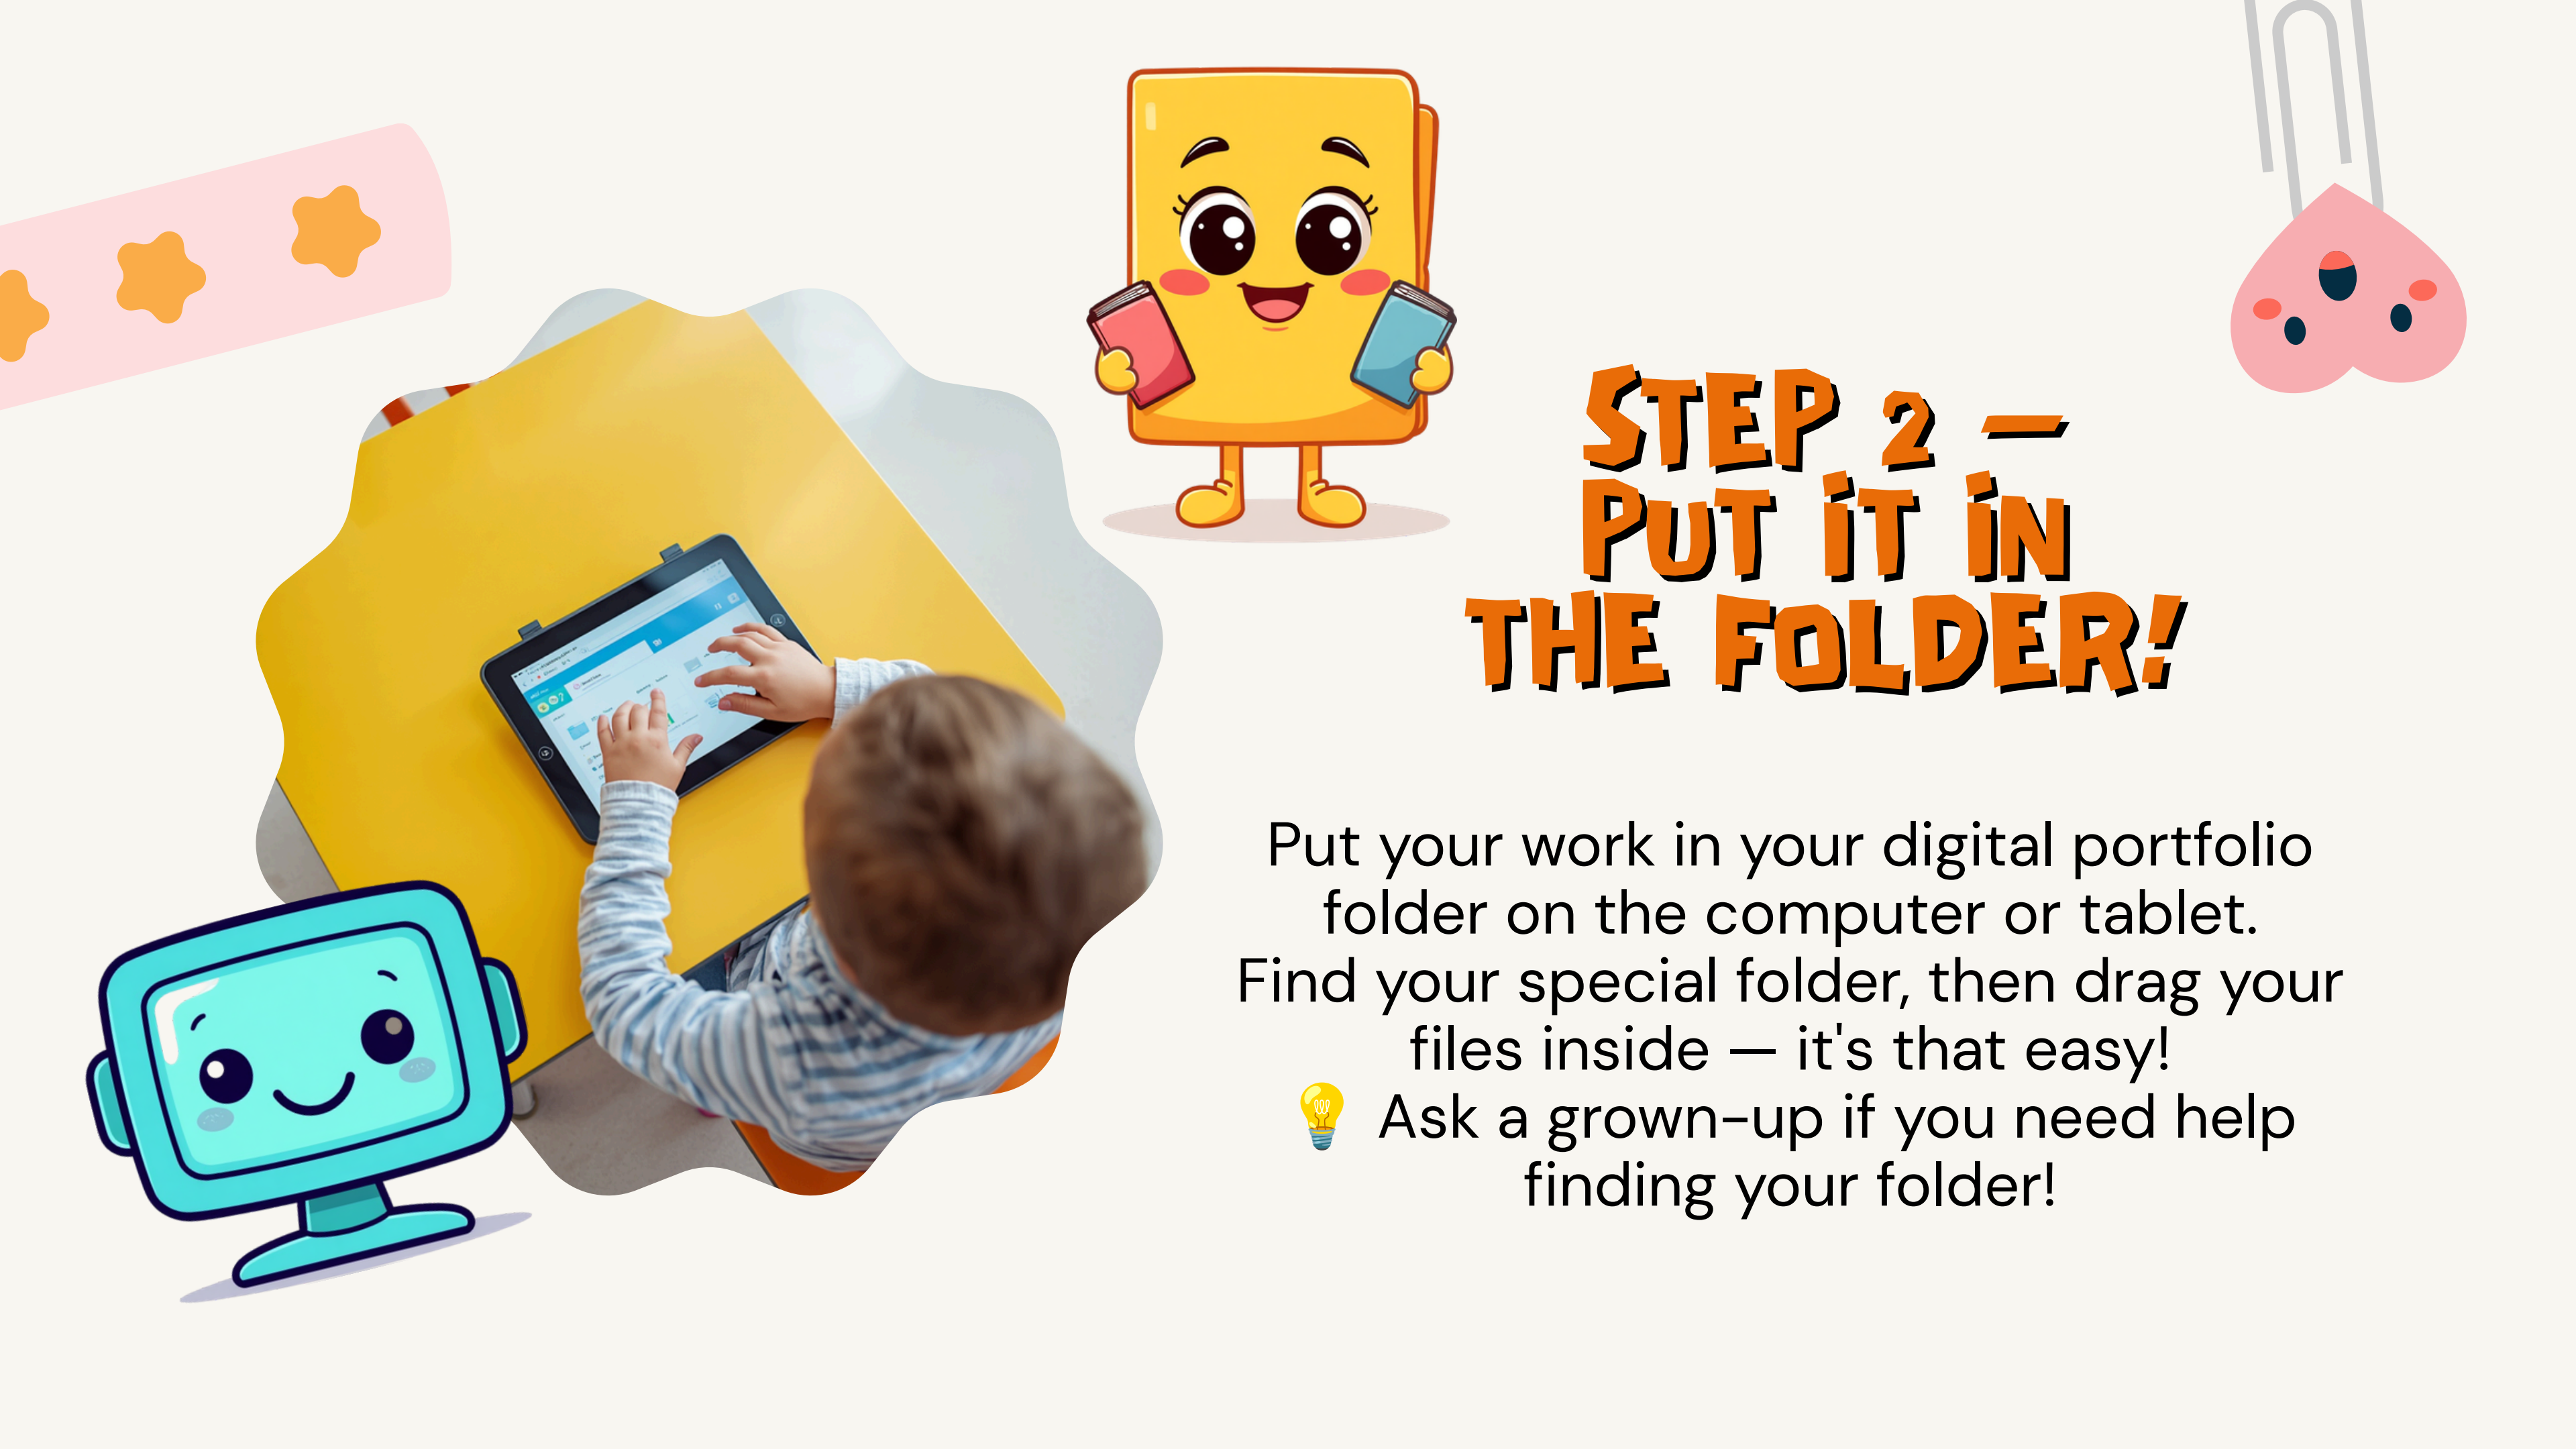

STEP 1 – CHOOSE YOUR WORK!

Pick 3 or 4 of your favorite school projects or drawings.
Think about the work you are most proud of — it could be a drawing, a story, or a fun project!

★ Ask a grown-up if you need help!

STEP 2 – PUT IT IN THE FOLDER!

Put your work in your digital portfolio folder on the computer or tablet. Find your special folder, then drag your files inside — it's that easy!

Ask a grown-up if you need help finding your folder!

STEP 3 – SHARE & CELEBRATE!

Show your portfolio to your
family and teacher.
Be proud of your hard work! 🎉
You did it! Now share all the
amazing things you have
learned and created!
