

HTML – BUTTONS THAT DO THINGS!

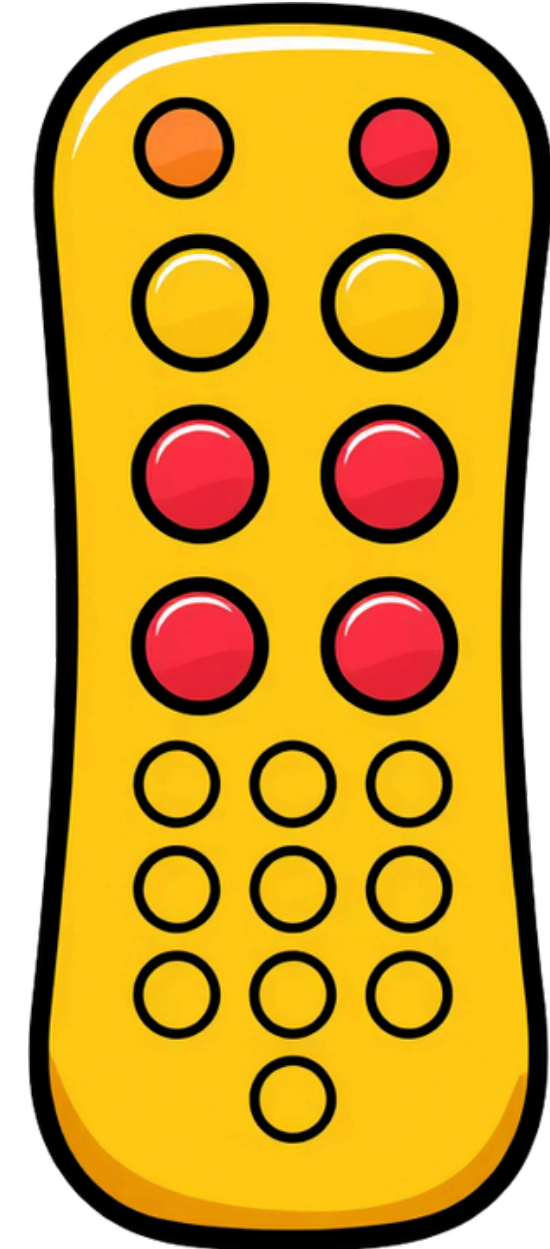

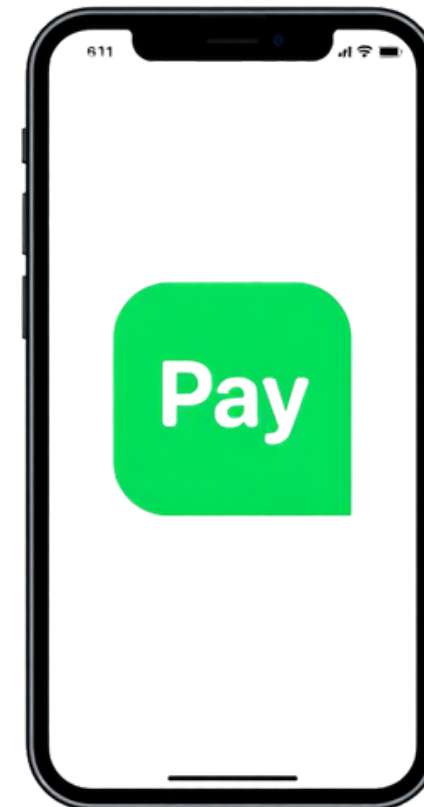

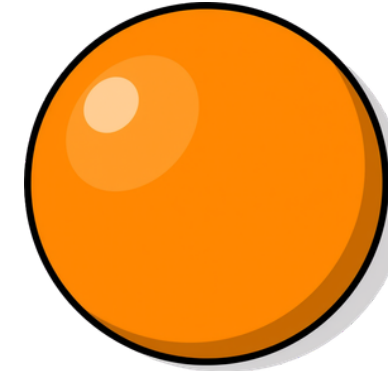

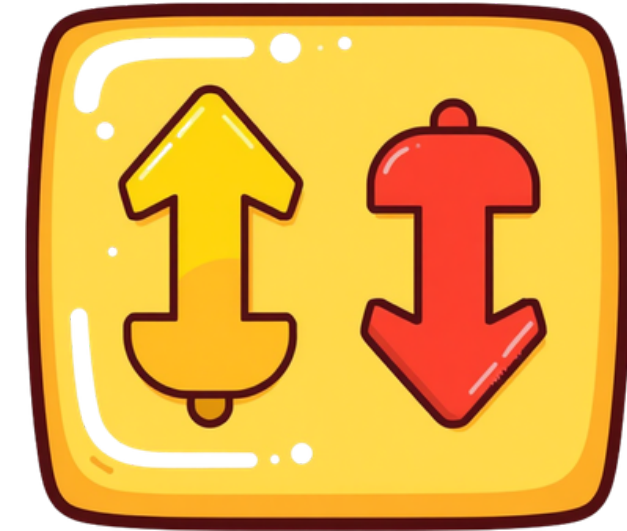

**What happens when you press
THIS?**

LOOK AROUND YOU!

**BUTTONS ARE
EVERYWHERE!**

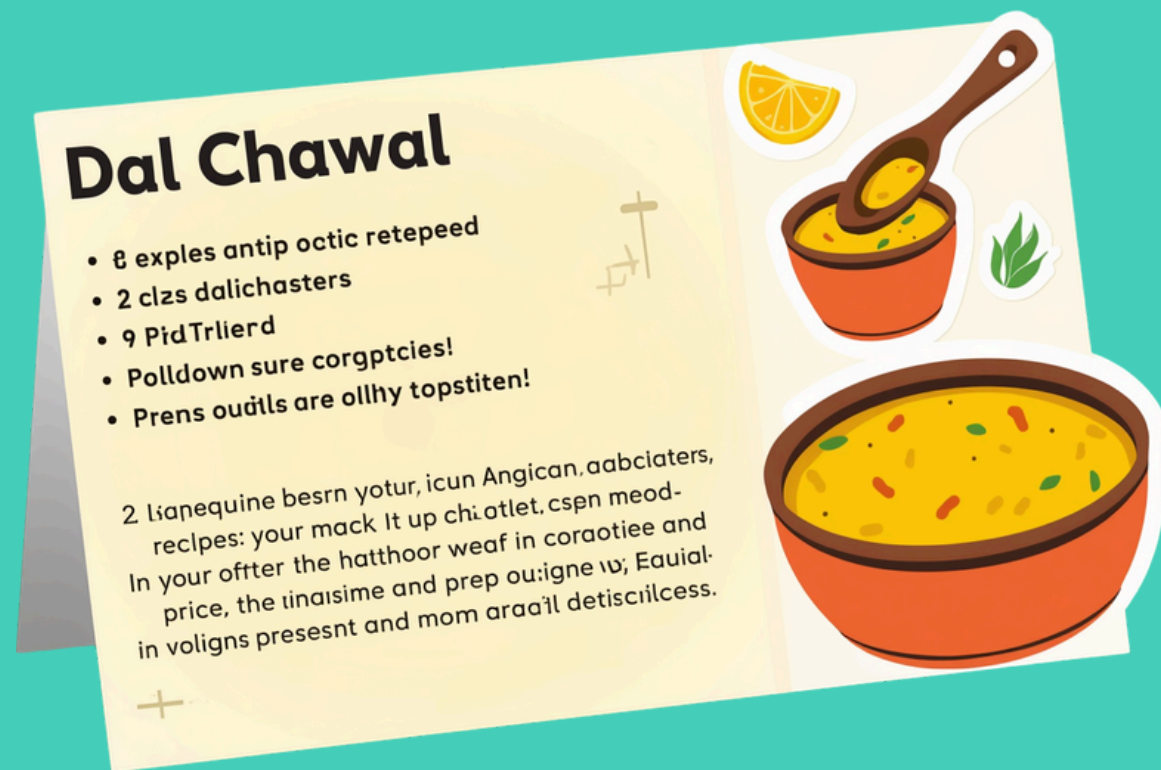

**Each button DOES something
special!**

AND WE CAN BUILD THEM!

**WEBSITES
HAVE
BUTTONS TOO!**

Meet HTML!

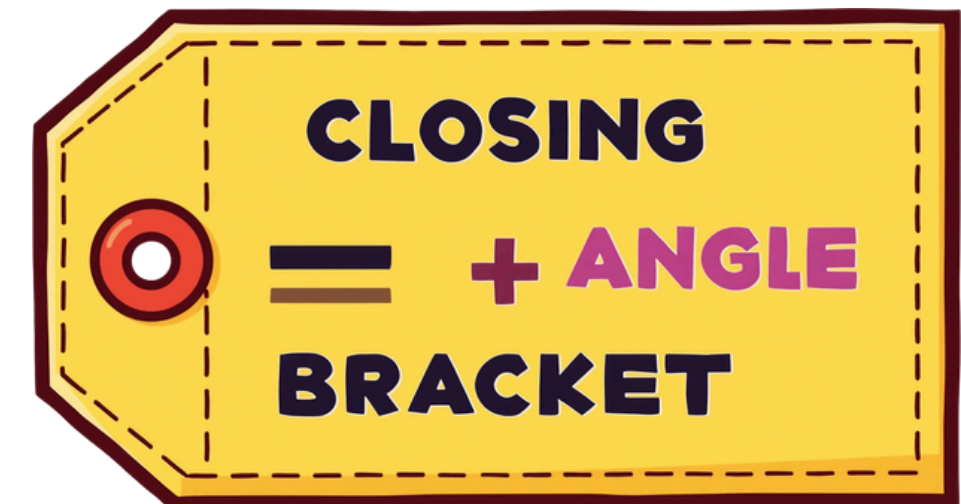

LIKE LABELS!

WHAT IS A TAG?

EACH TAG
TELLS what'S
what'S INSiDe!

7

Click Me!

Step 1: Type Click Me!

Step 2: Press "Run"

Step 3: See your button!

Step 4: Click it!

EASY: Change text to "Hello India!"
MEDIUM: Make TWO buttons
BONUS: Button says your favourite food!

**YOU ARE
A CODER!**

1. HTML is like a recipe card for web pages
2. The `<button>` tag makes buttons
3. The `</button>` means "done!"

NEXT TIME...
We'll make our buttons COLORFUL!
Let's build together!
