

MY DIGITAL PORTFOLIO!

Your Very Own Virtual School Showcase 🌟

Grade 3 Interactive Activity & Folder Setup Guide

What is a Digital Portfolio?

Imagine a giant, colorful binder where you keep all your secret codes, beautiful art pieces, and amazing school projects. A **digital portfolio** is just like that binder, but it lives on a computer or a tablet screen! It safely holds all your absolute best classroom creations in one clean space.

Your portfolio can look after:

- 🎨 **Colorful Drawings:** Scanned pictures or digital paintings.
- 📷 **Fun Photos:** Snaps of your physical models or science experiments.
- 📝 **Creative Writing:** Stories or poetry you typed up.
- 🎮 **School Projects:** Cool files or games you coded in class!

Why Build a Portfolio?

🌟 Share with One Click!

Show your projects to family, friends, and teachers anytime!

📁 Say Goodbye to Messy Desks!

No more lost papers! Everything stays safe and neat in one spot.

📈 Watch Yourself Grow!

Look back at older work and see how much smarter and faster you've become.

👑 Be Super Proud!

It is like a mini-museum of you, celebrating your hard work.

Class Activity: How to Make Your Digital Folder

Before putting treasures inside your portfolio, let's build its virtual home! Follow these simple steps to create a new folder on your screen:

Folder Step 1 Find a Clean Space

Look at the main desktop background screen of your computer or tablet layout.

Folder Step 2 The Magic Click

On a Computer: Press the right-click button on your mouse in any empty space.

On a Tablet/Chromebook: Tap and hold your finger down on an empty spot until a little pop-up menu appears!

Folder Step 3 Select "New Folder"

Move your pointer down the menu, click on  **New**, and then select **Folder**. A brand new folder icon will pop right up!

Folder Step 4 Type Your Identity Title

Do not touch anything else yet! Type your first name, then follow it with the words Digital Portfolio (Example: *Alex's Digital Portfolio*). Hit the **Enter** key or click away, and your digital binder is officially alive!

Filling Your Portfolio Folder

Now that your folder is built, let's complete your portfolio quest using these three legendary explorer steps:

Step 1: Hunt for Your Best Treasures

Look through all the things you have created recently. Choose **3 or 4 favorite items** that make your heart happy and that you feel incredibly proud to showcase. If you're stuck, just ask your classmate or teacher to help you pick.

Step 2: The Click & Drag Magic

Find your project file on the screen. Click and hold it with your mouse (or hold your finger down on a touch screen). Drag it right over your newly created portfolio folder icon and let go! Boom! It's tucked away safely inside.

Step 3: Share and Celebrate!

Open up your neat virtual album and show it off to your family, your teacher, and your best friends! Stand tall and smile because you are officially an elite digital creator!

Pro Tips for a Shiny Portfolio

Want to make your digital home look like it was designed by a professional video game developer? Use these secret tips:

The Master Goal	How to Achieve It!
 Keep It Tidy	Make sure your folder stays completely organized. Delete random files you don't need!
 Add Fresh Creations	Whenever you finish a brand new drawing or class task, drop it in right away!
 Colors & Clean Titles	Give your projects neat, clear titles so they are cheerful and easy to locate.

Expert Portfolio Builder Milestone Achieved!

You have mastered a wonderful screen skill that will help you all through your school adventure. Keep exploring, keep creating, and keep adding to your awesome digital binder.
