

YOUR FINANCIAL REPORT CARD: UNDERSTANDING CREDIT SCORES

THE PENCIL LOAN STORY

Trust Begins with Small Promises

Imagine you borrow a pencil from a friend and return it on time. They trust you. What if you don't? Trust takes time to build but can be lost quickly.

What happens when someone doesn't return what they borrowed?

WHAT IS CREDIT?

Credit means borrowing something and promising to give it back on time.
It's all about trust!

Like borrowing pencils or books from friends

Banks lend money when they trust you to pay it back

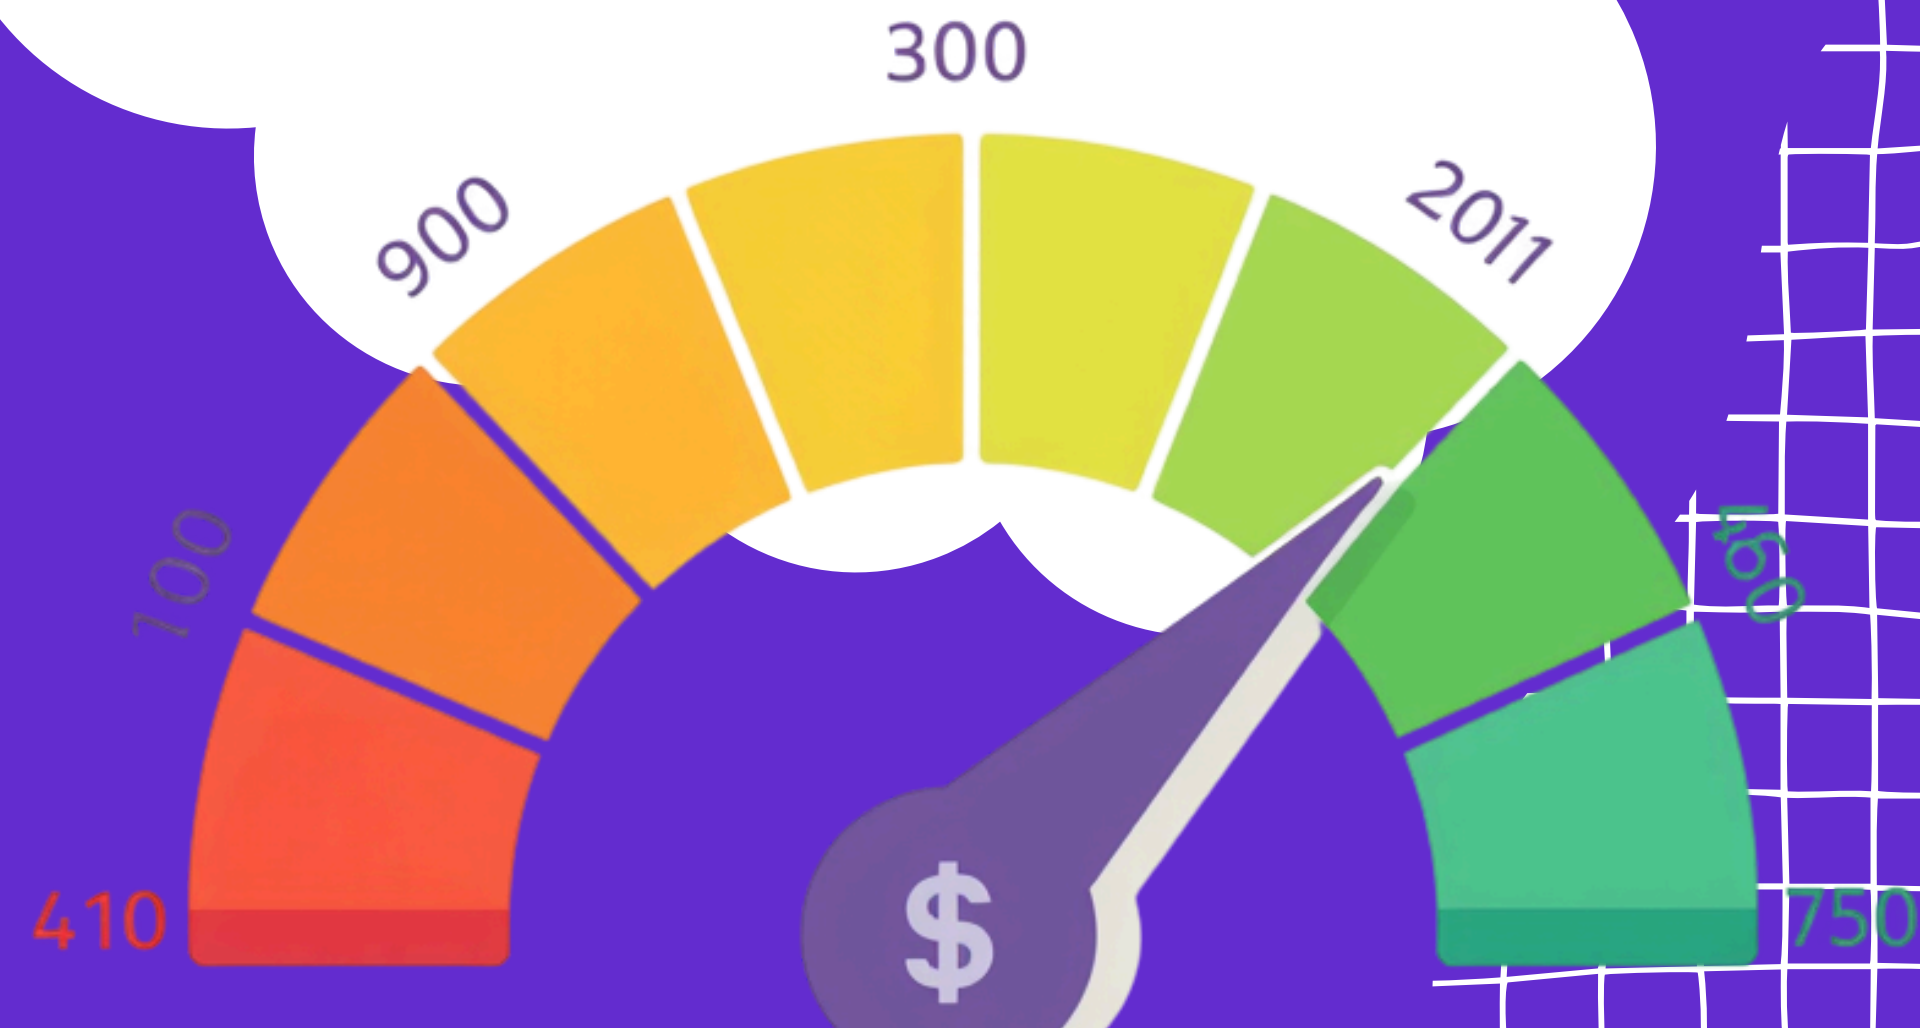

WHAT IS A CREDIT SCORE?

Your Financial Report Card

A Credit Score is like your financial report card. It shows how well you take care of borrowed money.

Scores range from 300 (needs work) to 900 (excellent)!

THE CIBIL SCORE IN INDIA

Your Indian Credit Score

In India, the most common credit score is called CIBIL Score. It ranges from 300 to 900.

300 = Needs Improvement (Red zone)

750+ = Good Score (Green zone)

Higher score = More trust from banks!

GOOD VS. BAD SCORES

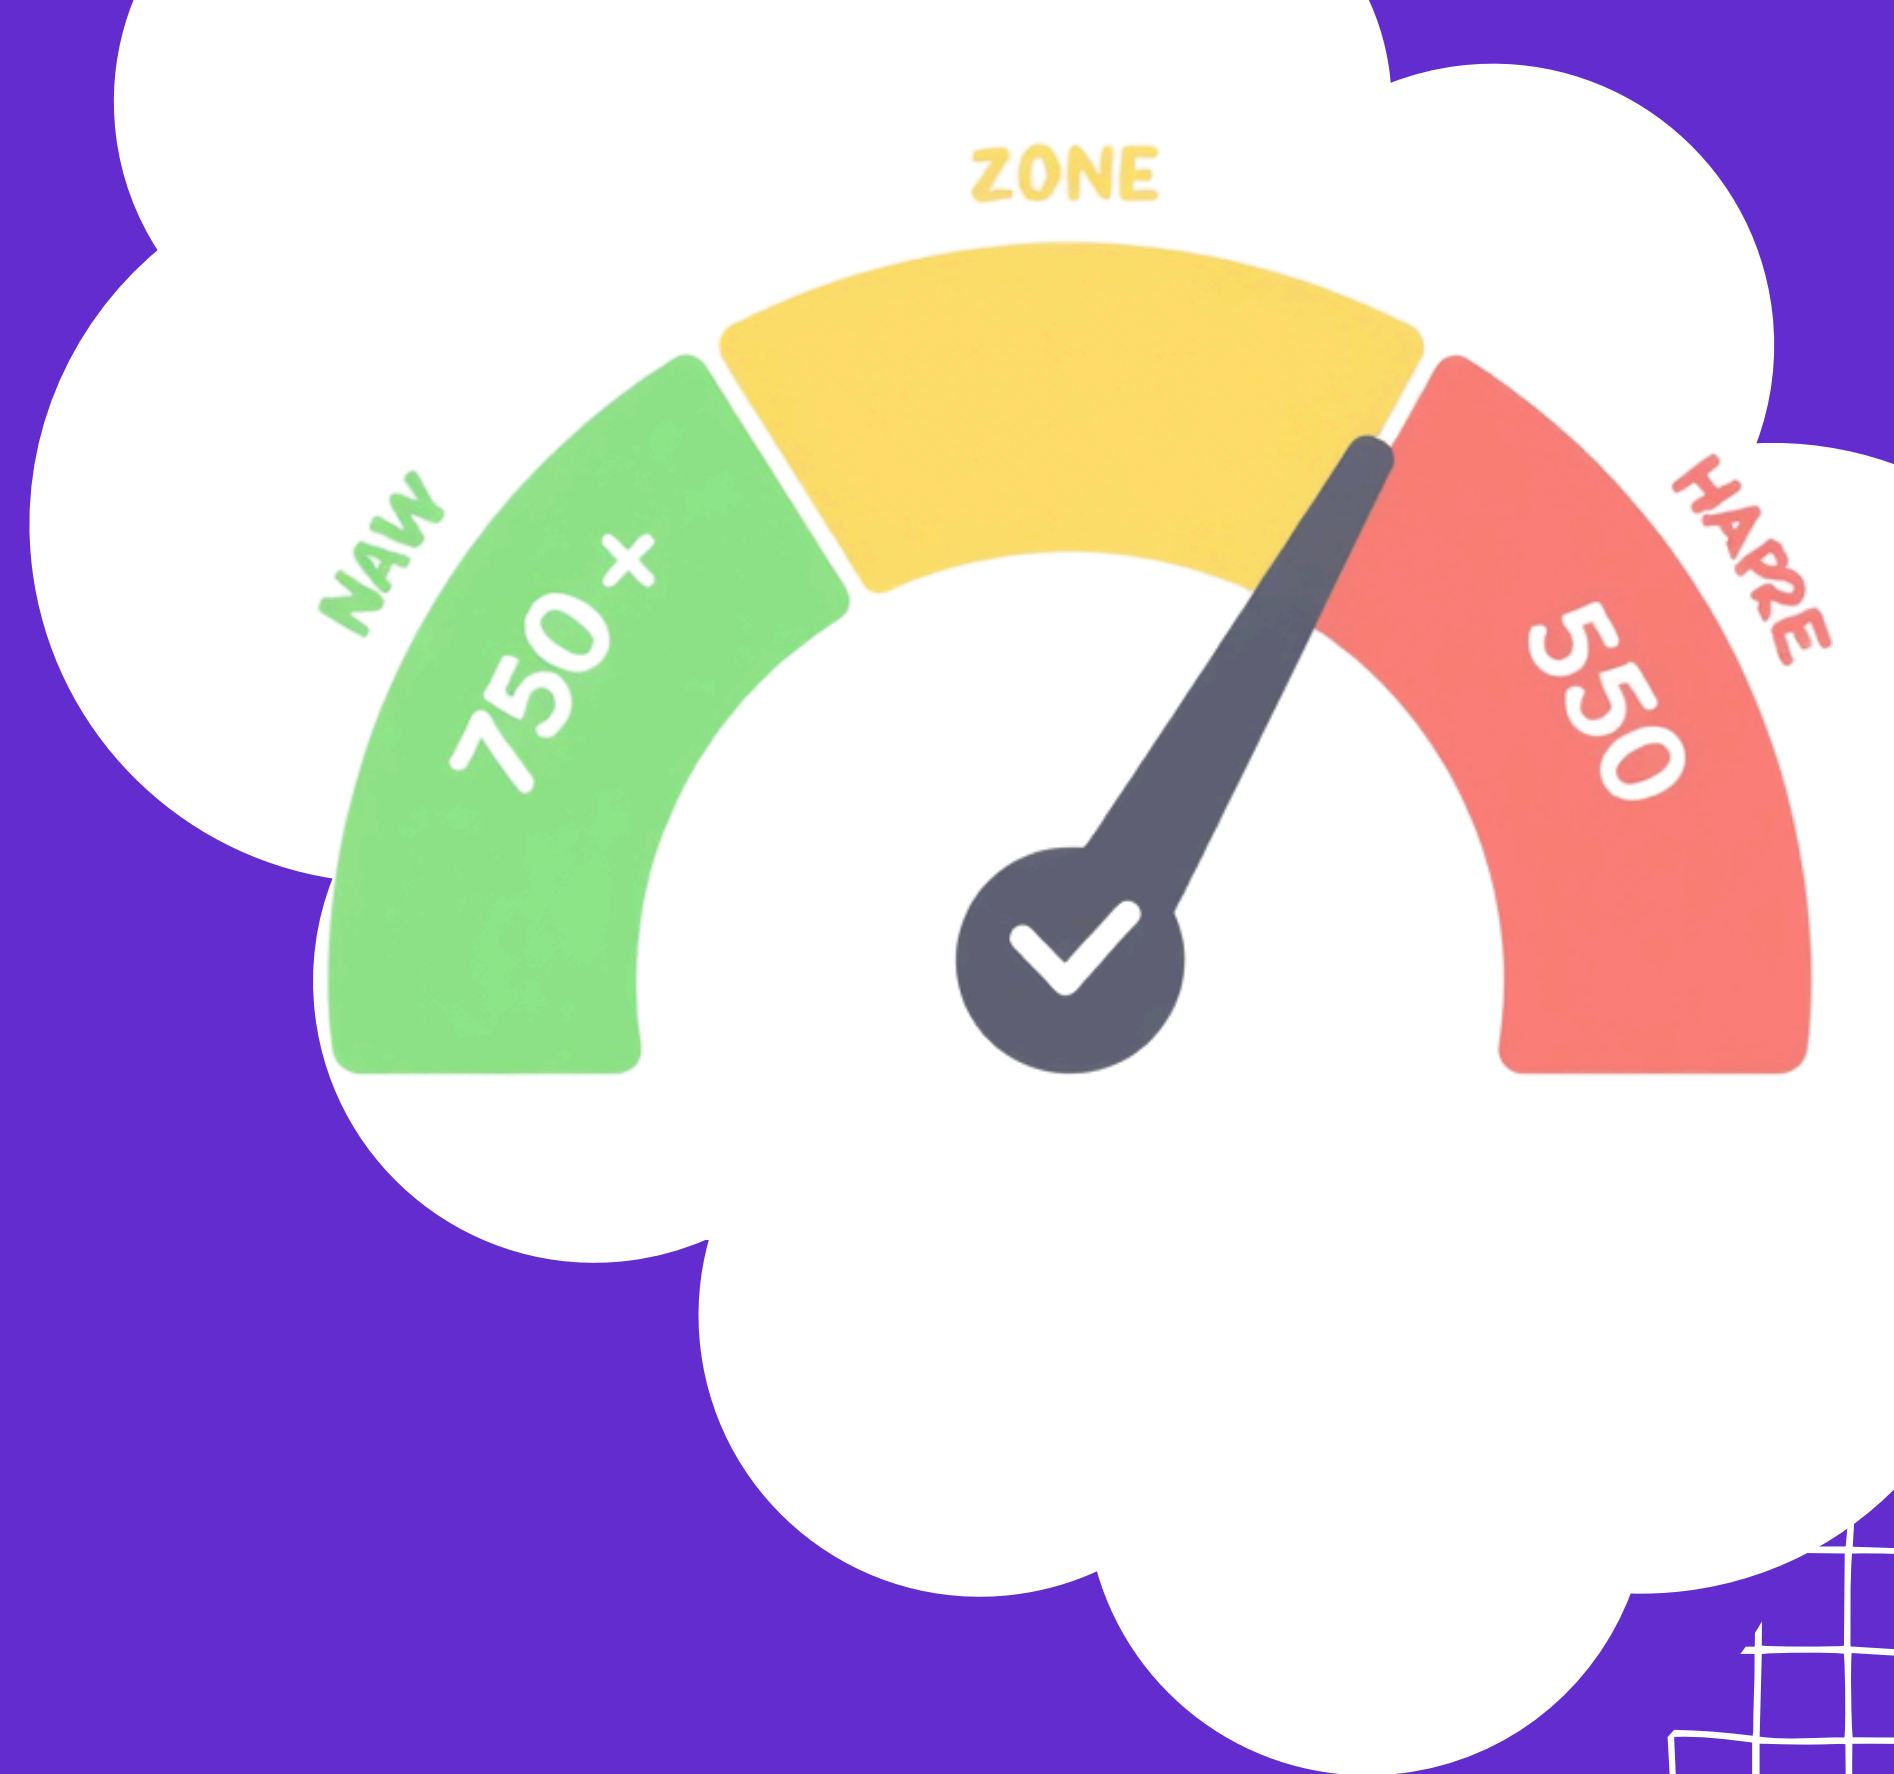

Good Score (750+)

- Pays bills on time every month
- Borrows only what they can repay
- Banks say "Yes" to loans quickly

Bad Score (Below 600)

- Misses bill payments often
- Borrows more than they can handle
- Banks say "No" to loan requests
