

TAXATION — INCOME TAX & HOW IT FUNDS INDIA: THE SUPER-CONTRIBUTION

**HOW DOES OUR CITY
STAY CLEAN AND
BRIGHT AT NIGHT?
WHO PAYS FOR
STREET LIGHTS,
ROADS, AND PARKS?**

THE SOCIETY POTLUCK

- Imagine a big school picnic where everyone brings one dish. Some bring more, some less, but everyone gets to enjoy a full meal. This is how taxes work in India!
- Taxes are like your family's dish in India's giant potluck.

WHAT IS INCOME?

The money you earn or get as pocket money.

Example: When your parents give you ₹100 for helping at home, that's your income!

WHAT IS TAX?

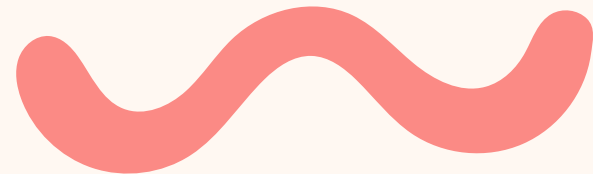

A small part of that money given to the government to help everyone.

Example: If your school took ₹1 from every student to buy footballs for all, that ₹1 is like tax!

WHERE DOES THE TAX MONEY GO?

Taxes help build and keep these services running for all of us. Every rupee collected helps make India a better place for everyone!

BUILDING INDIA – VANDE BHARAT EXPRESS

CONNECTING CITIES, CONNECTING PEOPLE

- This fast train connects cities and helps people travel comfortably. It runs at high speeds and makes journeys shorter and more enjoyable for families across India.

BUILT WITH YOUR TAXES!

- The Vande Bharat Express is built and maintained using the money collected from taxes. Your family's contribution helps keep this train running!

BUILDING INDIA – AIIMS HOSPITAL

HEALTHCARE FOR EVERYONE

- AIIMS provides healthcare to many people, funded by tax money. Doctors and nurses work hard every day to keep us healthy.

YOUR CONTRIBUTION MATTERS

- Your tax helps doctors save lives and keeps hospitals running for everyone in India!

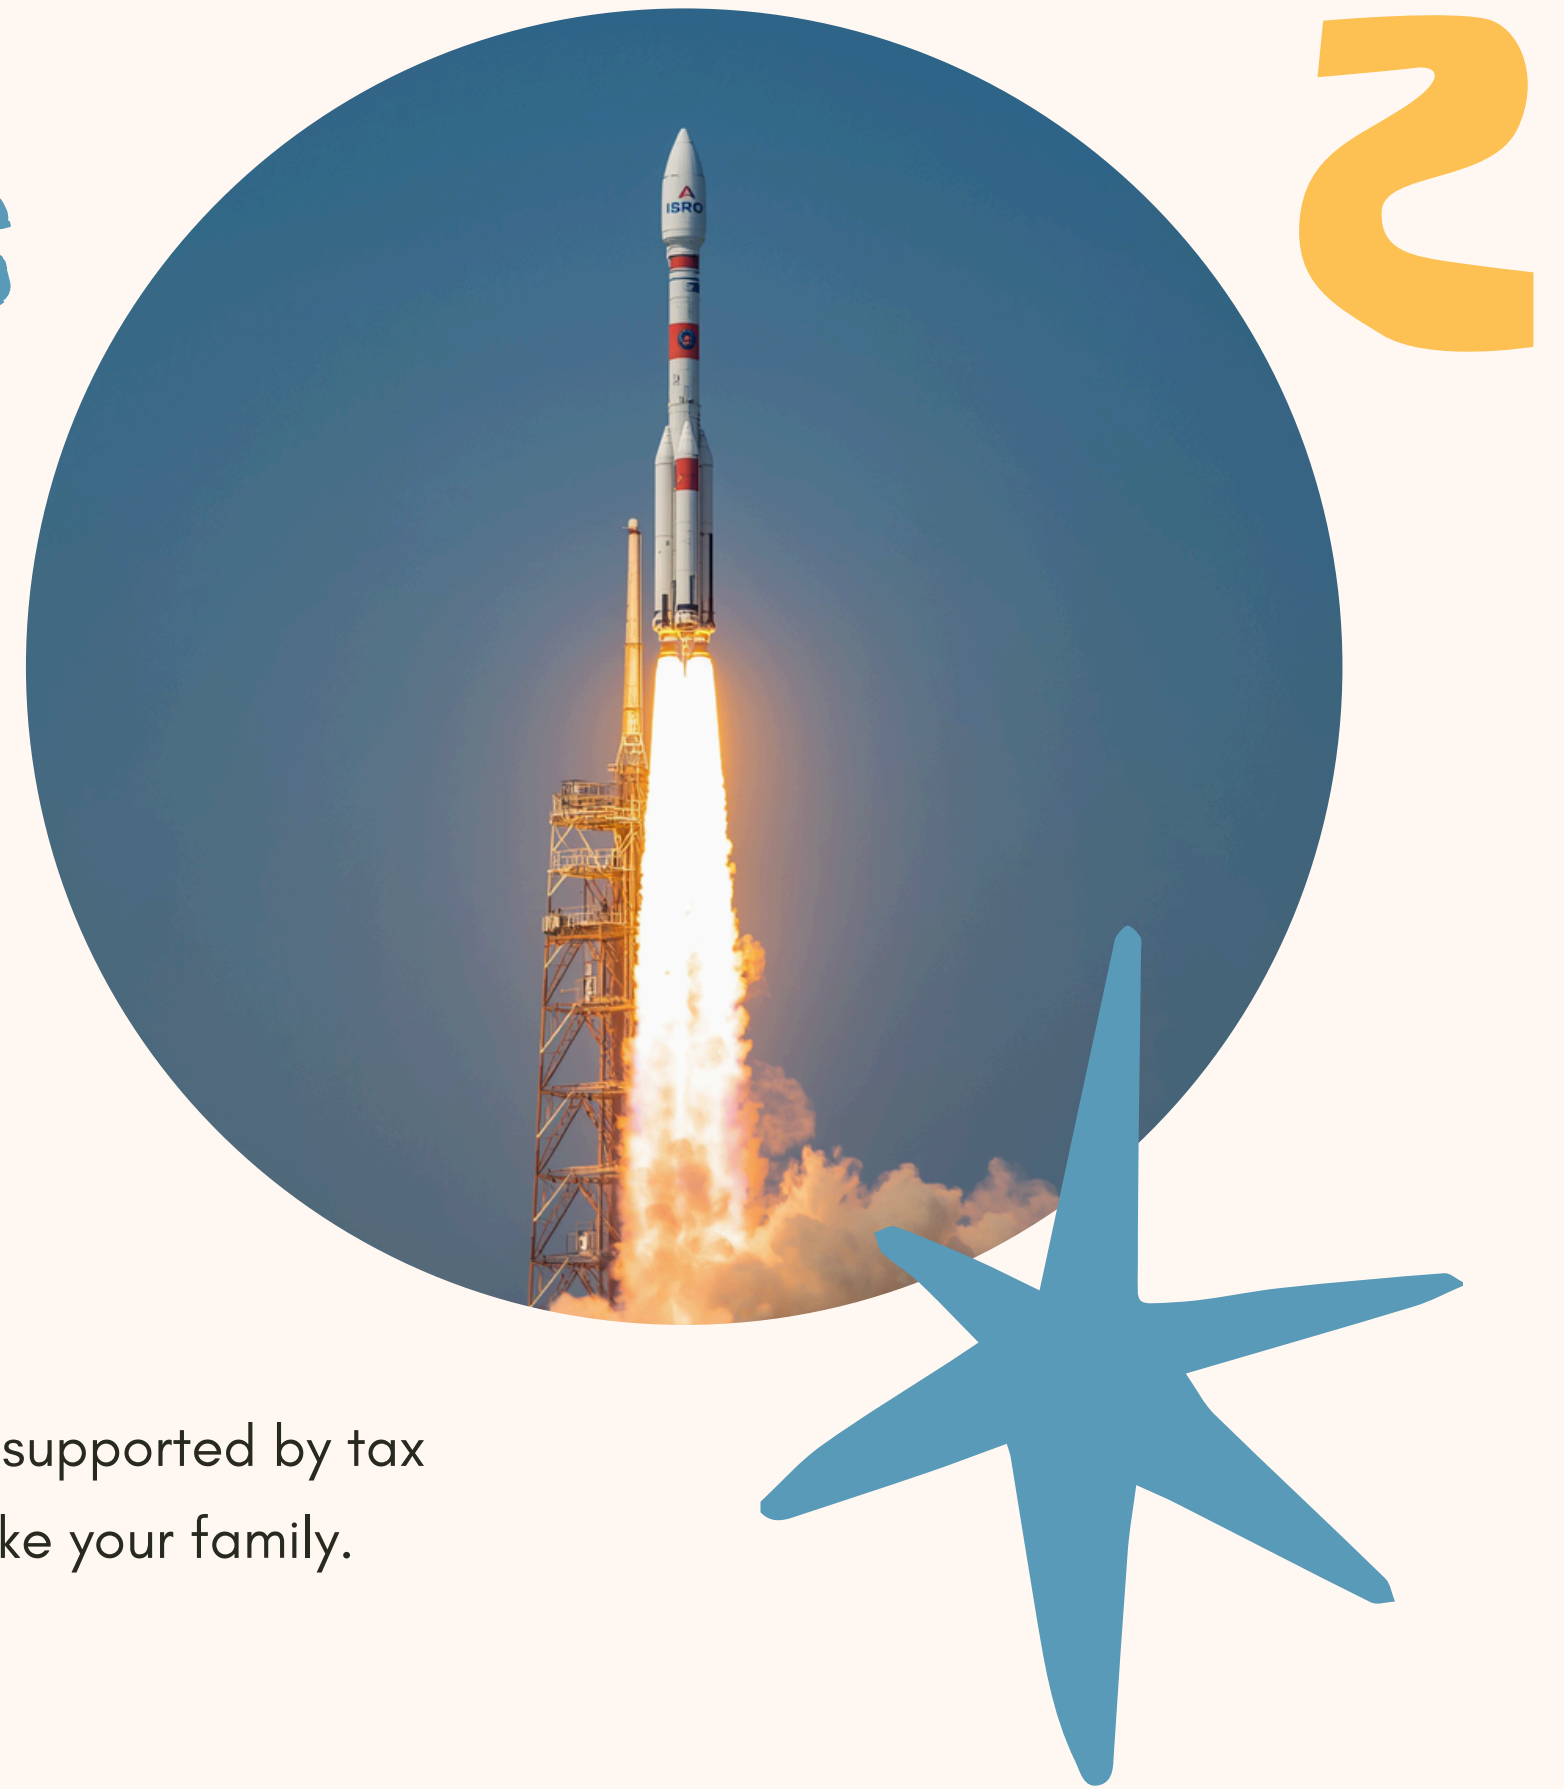

BUILDING INDIA – ISRO ROCKETS

REACHING FOR THE STARS

- ISRO's rockets explore space and make India proud. From launching satellites to sending missions to the Moon and Mars, India's space program inspires the world!

YOUR TAXES AT WORK

- These amazing projects are supported by tax contributions from citizens like your family.

GIVING BACK TO THE COMMUNITY

- When you use roads, electricity, and safety services, you give back a little by paying taxes. Every time you walk on a footpath or turn on a light, someone's tax money helped make that possible!
- It's like sharing your toys after you play so everyone can enjoy.

ACTIVITY TIME — BE THE CITY MANAGER!

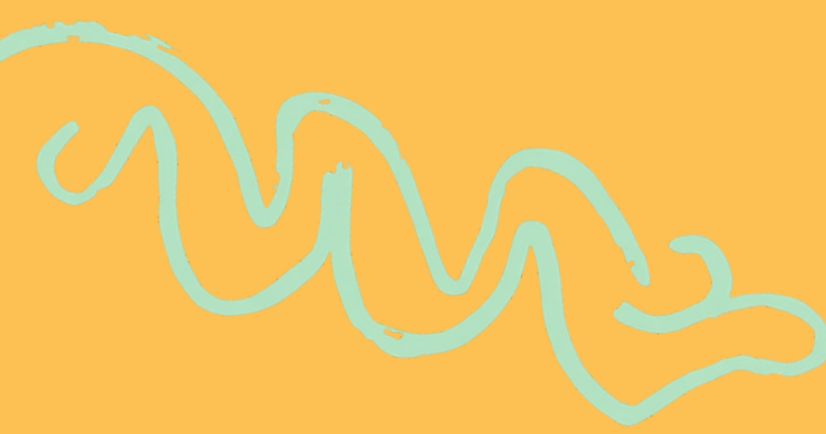

- School
- You have a Tax Budget!
- Build 3 things for your town
- Hospital
- Bridge
- Park

YOUR TOWN'S CHOICES

Choose wisely! Each option helps your community in a special way. What does your town need most?

RECAP — WHAT WE LEARNED TODAY

TAX IS A SMALL CONTRIBUTION

Just like sharing a bit of your pocket money, tax is a small part of income that everyone gives to help build India together.

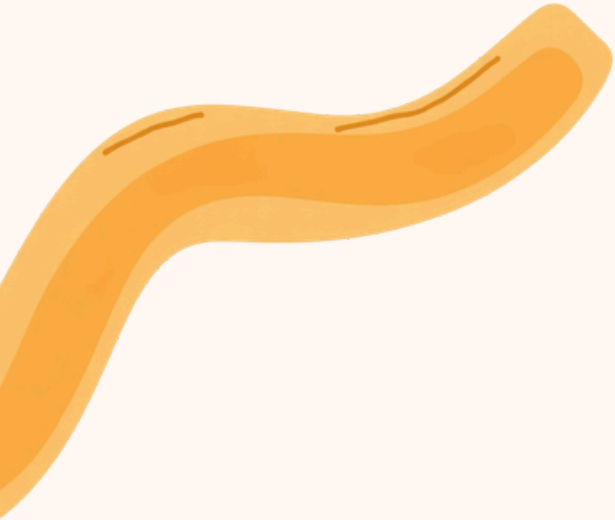

TAXES BUILD IMPORTANT THINGS

Roads, trains like Vande Bharat, hospitals like AIIMS, parks, and even ISRO rockets are all built using tax money!

EVERYONE CONTRIBUTES TOGETHER

Like a potluck where everyone brings a dish, taxes let us all contribute to help the whole community. It's not a punishment — it's giving back!

THANK YOU — LET'S BUILD INDIA TOGETHER!

Remember, your contribution helps build a better India!
