

PROFIT & LOSS: MINI MARKET DAY

Grade 3 Financial Literacy

What is Money?

- Money helps us buy things we need and want
- Buy food, toys, clothes & save for future
- India's currency is the Rupee (₹)

What is Profit & Loss?

PROFIT

You earn **MORE** than you spend.

Buy for ₹10,
sell for ₹15
₹5 Profit!

LOSS

You spend **MORE** than you earn.

Buy for ₹10,
sell for ₹8
= ₹2 Loss!

Key Words to Know

Cost Price - How much you pay to buy or make something

Selling Price - How much you sell it for

Profit - Extra money you earn

Loss - Money you lose

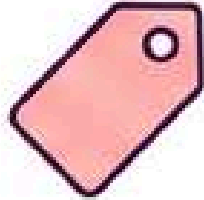

Meet the Mini Market Day!

We will create a mini market in class!
You will set up stalls and sell items.
Goal: Learn about profit & loss by doing!

Planning Your Stall

1.  Choose what to sell
2.  Decide the cost price
3.  Set a selling price
4.  Think about how many items to sell

Sample Price List

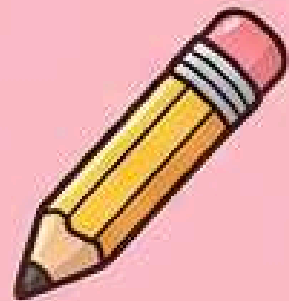

Lemonade

Cost Price: CP ₹10 → Selling Price: ₹ ₹15

Cupcake

Cost Price: CP ₹8 → Selling Price: ₹ ₹12

Pencil

Cost Price: ₹ 5 → Selling Price: ₹8

Notebook

Cost Price: CP ₹15 → Selling Price: ₹20

★ Remember: Selling Price should be more than Cost Price to make a profit ★

Buying & Selling Explained

Step 1

You **BUY**
things at
Cost Price

Step 2

You **SELL**
items at
Selling Price

Step 3

The
difference
**= Profit
or Loss!**

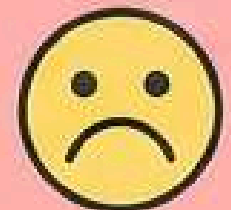

How to Calculate Profit & Loss

PROFIT =

Selling Price - Cost Price
(when $SP > CP$)

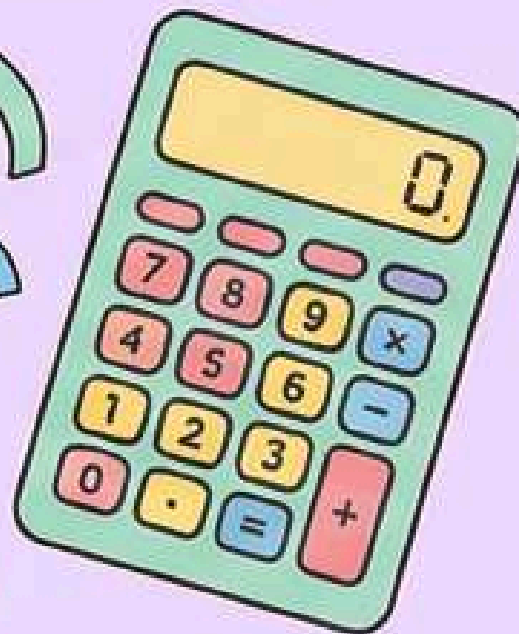

LOSS =

Cost Price - Selling Price
(when $CP > SP$)

Buy for ₹10, Sell for ₹15,
Profit = ₹5!

Activity Instructions

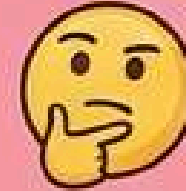

1. Set up your stall with items and price tags
2. Sell items to classmates at your selling price
3. Keep track of all money earned and spent
4. Count your total earnings at the end
5. Calculate your profit or loss
6. Share your results with the class!

Fun Facts About Money!

Did you know? India's currency is called the Rupee (₹)! The word comes from 'rupya' meaning silver coin. Some of the oldest coins in the world were found in India, over 2,500 years ago! The Reserve Bank of India prints all our money. Indian notes have 17 languages on them! Coins were first made of gold, silver, and copper.

$$\begin{array}{c} 2 \\ 1 \\ 5 \end{array} \times \begin{array}{c} 3 \\ 2 \\ 1 \end{array} =$$

$$\begin{array}{c} + 9 = 6 \\ 3 \\ + 5 = 5 \\ 1 \end{array}$$
